DUAL ENROLLMENT PROGRAM ADJUSTMENTS – Dr. Kelly Kelleway

Dr. Kelleway reported that the College is considering a different strategy for dual enrollment tuition (modest reduction) due to an increase in competitive peer and four-year institutions. The College is proposing \$115 per credit for in county dual enrollment students, \$130 per credit for out-of-county dual enrollment students, and \$70 per credit for the Junior/Senior Experience dual enrollment students (high school students taking courses on our campus). Dr. Kelleway reported that this pricing would be more in line with our peers. Trustee Davis will arrange for Dr. Kelleway to meet with the 13 county superintendents to hear their feedback before the adjustments come before the board for a vote.

COURSE FEES ADJUSTMENTS – Dr. Kelly Kelleway

Dr. Kelleway then reported on the proposed course fees adjustments. She said the most notable increases are in the Arts and Communication Department due to associated labor costs and materials. The Technology Support Fee recommended increase is from \$35 to \$37 per semester credit hour. This increase covers the cost of ProctorU remote test proctoring service for all students. Dr. Kelleway reported that these fee adjustments were presented to and approved by the Finance & Operations Committee and is on the Consent Agenda.

Mr. Luce reported that net revenue after expenses totaled \$2.3 million. Trustee Eisenhart noted this was a great overview and he thanked Dean Luce for including financial reporting.

AUDIT COMMITTEE – Ms. Fuchs & Mr. Christensen

As was reported last month, Ms. Fuchs noted that the material weakness finding from last year will not be cleared this year. FINANCE & OPERATIONS COMMITTEE – Mr. Eisenhart & Mr. Christensen

Mr. Eisenhart and Mr. Christensen reported that the Finance Committee met to review the adjusted course fees, dual enrollment tuition strategy, audit, and Welcome Center bond defeasement.
