\* If you take any other environmental science elective at Bucks, it will only transfer to DVU as a free elective.

"RE" equals Restricted Elective, "E" equals "Elective"

Note: Students transferring to DelVal with their Associate Degree from Bucks will transfer under our "**Core to Core**" Agreement. DelVal agrees to accept the Gen Ed core embedded in the Bucks' Associate degree as meeting all of its' undergraduate General Education requirements. Student who change their program of study may be required to take appropriate pre-requisite courses either at DelVal or at Bucks. For Bucks students not earning their Associate Degree, DelVal will determine appropriate transfer of credit on a course-by-course basis. See attached appendices for DVU core curriculum

Students transferring to DVU must complete at least forty-eight (48) credits in course work at Delaware Valley University including at least fifteen (15) credits in their major. Additional courses may be taken prior to transfer as students may transfer a maximum of 78 credits. However, transferring more credits beyond the Associate degree may make scheduling a full time course load at DVU more difficult.
