

**APPENDIX A:  
PROGRAMS WITH ADDITIONAL REQUIREMENTS FOR ADMISSION**

<b>Program</b>	<b>Admissions Requirement(s)</b>
Communication Sciences and Disorders	Internal and external transfers are not accepted into the accelerated five-year (3+2) Bachelor's/Master's program; but may be accepted to the standard four-year undergraduate major.
Dance	Audition for the major and be artistically accepted
Education	Students seeking teacher certification through the Professional Education Program should consult the Undergraduate Catalog for the most recent requirements, and contact the Department Chair of Education for additional details.
Health Science	No internal or external admissions or transfers into the Health Science major are accepted.
Medical Studies	No internal or external admissions or transfers into the Medical Studies major are accepted.
Nursing	Students seeking acceptance into the Nursing major should consult the Undergraduate Catalog for the most recent requirements, and contact the Nursing Program Administrator for additional details.
Special Education	Students seeking teacher certification through the Professional Education Program should consult the Undergraduate Catalog for the most recent requirements, and contact the Department Chair of Education for additional details.
Television and Film	Successful audition and/or interview
Theatre	Successful audition and/or interview

*Some of the above programs also have essential standards, which students must be able to demonstrate that they can meet, with or without reasonable and appropriate accommodations. These standards are typically published either in the Undergraduate Catalog, available online, or in a separate handbook for the program's students, available directly from program staff. To inquire further about any pertinent standards, contact the academic department directly. To inquire about the accommodation process for students with disabilities, contact the Office of Student Accessibility.*
