

Below is the information for acquiring the eBook textbook and creating an account with Intuit.

If you have questions, please contact me.

Before the start of Class:

1. Purchase your Course Materials, Book, EBook and eLabs (we will not be using the eLabs in this class, but they do come with the book) <https://www.lablearning.com/QuickBooks-Online-Comprehensive-2023-2024-Edition.html> it's your choice if you want the printed copy or just the ebook.
2. You will receive a separate email; this will provide you with a link to access your trial software. Before class begins, follow the instructions in that email to set up your QuickBooks Online Trial Account.
1. When you receive your Book, on the front inside cover there are instructions on setting up an account to access your Ebook and the Elabs. Please set up your account for your Ebook with VitalSource, we will not be using the Elabs for this class, so you do not have to set up the Elabs. If you chose to purchase the Ebook, you will have instant access to the e-book Labyrinth Learning will send you the codes to access and set up your ebook.
