Job Title: Graphic Designeer

Company: Environmental Tectonics Corporation

Job Type: Part Time

Degrees Wanted: Associates

Majors Wanted: Graphic Design

Salary: Salary to be discussed during

Job Description: ETC offers you the opportunity to exercise your technical talents in a friendly and exciting leading-edge technology company. If it gets printed, you'll do it! Brochures, datasheets, posters, banners, temporary event signage. If it's an ad, you'll create it. Print, web, cd. You will have the opportunity to handle projects soup to nuts, including design meetings, creation, revisions, vendor prep, vendor contacts, job quoting, award, proof approval and receipt. Candidates must be able to handle projects with minimal supervision and learn to apply new techniques on the fly under deadline. You must be able to handle multiple projects and tasks at the same time; and you must have basic MS Office skills and good clean file management. Required skills include: Windows XP, Photoshop CS2, Illustrator CS2, InDesign CS2, Acrobat 7. Skills in web graphics (animated GIF, Flash) and Quark 5 a bonus. Portfolio review required prior to scheduling interview. This is a 30 hr/wk part-time position. We offer competitive salaries and benefits, and an exciting, cutting-edge technology work environment to the right candidates.

Job Title: Entry Level Java Training Program

Company: Accenture Technology Solutions

Job Type: Full Time

Degrees Wanted: Associates, Bachelors, Masters

Majors Wanted: Computer Science, Information Science and Technology, Mathematics

Salary: Competitive

Job Description: Accenture Technology Solutions, a wholly-owned subsidiary of Accenture, is a global company of technology specialists who build, deploy and maintain technology solutions for Accenture clients. As part of our global team, you'll be working with the latest software and leading-edge development tools - giving you the opportunity to build specialist skills and expertise on the job. We need people who thrive on technology challenges, people who can help turn innovative ideas into effective results. On November 22, 2006, we will start our 4-week Entry-level Training Program in our Wilmington, DE location. This program is geared towards individuals starting their career in IT. It covers the latest, in-demand technologies, including programming fundamentals and methodology and SAP programming. This program gives people the opportunity to deepen their skills and learn how, at Accenture Technology Solutions, they can use them to help deliver innovative solutions to Accenture clients. During the training program, participants will gain exposure to new technologies and receive the latest training along with other IT specialists. It's a great opportunity to learn and network. The training is made up of four intense of SAP programming training. The training uses the latest technology in training and combines computer based learning with group interaction. You could get a job at the end of the training program! The Entry-Level Training Program is our primary vehicle for selecting people for Programmer roles at Accenture Technology Solutions. People who successfully complete this program may be offered a position as a Programmer with Accenture Technology Solutions in our Philadelphia location. So not only will you have the opportunity to strengthen IT skills and learn to apply them in a business environment, you could potentially gain a job at the end of it. What we are looking for: We look for people who are passionate about software programming and bring with them a solid understanding of object oriented programming. You need to have significant training in programming and software development including training in at least one of the following: C, C++, or Java. What we offer: 4 Weeks of training, absolutely free of charge. Trainees will receive minimum wage while in training. Training is Monday ? Friday, 8 AM ? 5 PM with one hour lunch break. \$500 bonus for successfully completing 4 weeks of training. Candidates who are currently employed by a client of Accenture or an affiliated Accenture business may not be eligible for consideration. Applicants for employment in the U.S. must possess work authorization which does not require sponsorship by the employer for a visa. To apply, email a copy of your resume to ats@on-campus.com Accenture is an Equal Opportunity Employer.
