Ordering Textbooks

Texts required for Continuing Education courses may be ordered from the BCCC Bookstore (www.bucks.edu/bookstore/ 215-968-8459) or from a vendor of your choice.
Bucks County Community College partners with Bisk Education’s University Alliance to offer professional certificate programs from the nation’s leading traditional universities and institutions. University Alliance partners include Villanova University, Tulane University, and the University of San Francisco. Since courses are available anywhere in the world, 24/7, students can prepare for today’s most in-demand careers wherever and whenever it’s most convenient.

For more information on courses, please visit: www.uaceonline.com/bucks

Online Courses and Certificates

Skills for the 21st Century

Get skills for the 21st century. Demonstrate your knowledge. Boost your productivity and your organization’s bottom line.

• Online learning is easy. It’s fun!
• Participate anytime day or evening, from any computer.
• Most courses are offered 4 times a year.
• Classes start the first Monday of the month.

Technical requirements:
• Internet access with Internet Explorer, Firefox, or Safari web browser.
• Audio software such as Windows Media, Real, Quicktime, or Flash.
• Speakers to listen to audio.

For more information, contact Joan Christianson: 215-258-7741 or christia@bucks.edu
Online Training - cont’d

All can be taken online from the convenience of your home or office.

More Instructor-facilitated Online Courses

Every course includes an expert instructor.

Ed2go online courses are informative, fun, convenient, and highly interactive. Our instructors are famous for their ability to create warm and supportive communities of learners. All courses run for six weeks (with a two-week grace period at the end). Courses are project-oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links, and more. Please visit www.ed2go.com/bucks for additional offerings. Look for the ed2go logo throughout the brochure.

Requirements:
All courses require Internet access, e-mail, the Netscape Navigator, or the Microsoft Internet Explorer. Some courses may have additional requirements. Please visit our Online Instruction Center for more information.

For more information, contact Joan Christianson, 215-258-7741 or christia@bucks.edu.

Bucks County Community College, in partnership with Gatlin Education Online Career Training Courses, offers online, open enrollment, self-paced programs designed to provide the skills necessary to acquire professional level positions for many in-demand occupations. Our programs are designed by a team of professionals from each respective field, who work to provide the most effective web-based learning experience available today. Instructors/mentors are actively involved in your online learning experience. They respond to any questions or concerns, as well as encouraging and motivating you to succeed. Each program includes a set of lessons and evaluations; grades are a combination of the instructor/mentor’s evaluation of students’ work and computer graded tests. We know you’ll appreciate the quality as well as the convenience of anytime, anywhere.

Visit www.gatlineducation.com/bucks to view a complete list of courses available. For more information, contact Joan Christianson, 215-258-7741 or christia@bucks.edu.

Looking for affordable, self-paced, online certificate programs that can train you for the latest, in-demand job skills? Bucks in partnership with Protrain Online is your solution! With online training you have flexible anytime, anywhere learning. Take a look at what we have to offer and start training today!

The Radiography Program is a twenty-four month full-time program that will prepare you to enter the field of diagnostic medical imaging. A new class begins each May. Application packet deadline is November 30th of each year for the upcoming May class. Classroom activities, laboratory, and clinical activities assist in learning radiography. Patient care, radiation protection, and technical skills are emphasized throughout the curriculum. Current clinical sites are Grand View Hospital, St. Mary Medical Center, Aria Healthcare System Hospitals, Lower Bucks Hospital, Abington Lansdale Hospital, Rothman Institute and Tri State Imaging. You will receive a certificate at the successful completion of the program and will be eligible to sit for the examination given by the American Registry of Radiologic Technologists. Upon passing the examination, you can become a registered Radiographer or Radiologic Technologist and may work in a variety of settings: hospitals, clinics, physician’s offices, mobile x-ray companies, public health, and industry.

For more information about this Program call:
Michelle Rue, Director
Practical Nursing Program
215-968-8448, email: ruem@bucks.edu

The Practical Nursing Program is a full-time, twelve month, state approved program beginning annually in July. The curriculum consists of a wide variety of clinical experience, along with classroom instruction. Successful completion of our certificate program prepares you to sit for the National Council Licensure Examination LPN (NCLEX) and become a Licensed Practical Nurse. This program is an excellent stepping stone towards a RN degree, or can provide exciting opportunities working as an LPN in a variety of patient care settings. The first step to admissions is the NLN-PN Pre-Entrance Exam, which is a non-medical, basic math, reading, and science test. Testing for the July 2013 class begins in September, 2012. There is a limited number of testing dates, so call today! The Practical Nursing Program is approved by the Commonwealth of Pennsylvania State Board of Nursing.

To register for the NLN-PN Pre-Entrance Exam, download the form from our website: http://www.bucks.edu/practical or email pnursing@bucks.edu with your complete name and address.
You may also call Kim Murray (215-968-8316) or Jeanne Turner-Brady (215-968-8106)

To register call 215-968-8409/FAX 215-968-8320/www.bucks.edu/con-ed
This combined 80-hour medical billing and coding course offers the skills you need to solve insurance billing problems, manually file claims (using the CPT and ICD-9 manual), complete common insurance forms, trace delinquent claims, appeal denied claims and use generic forms to streamline billing procedures. The course covers the following areas: CPT (Introduction, Guidelines, Evaluation, and Management), specialty fields (such as surgery, radiography, and laboratory), ICD-9 (introduction and guidelines), and basic claims processes for medical insurance and third party reimbursements. You will learn how to find the service and codes using manuals, (CPT, ICD-9, and HCPCS). Completion of this course and the suggested practical work experience (6 months to 2 years), should qualify you to sit for the American Academy of Professional Coders (AAPC)-Certified Professional Coder Exam (CPC or CPC-H Apprentice); the American Health Information Management Association (AHIMA) Certified Coding Associate (CCA) exam; and/or other National Certification Exams. 

Staff

Newtown Campus/ $1,899 (textbooks included)/ WHPAH 0110 WB1/ 11 Mon & 10 Wed, 6/4-8/15 (no class 7/4), 6-9:30 pm & 1 Sa, 6/16, 9 am-3:30 pm

This combined 120-hour course covers all of the topics included in the 80-hour Medical Billing & Coding course and also includes administrative office skills in operational, customer service, patient care, billing and administrative skills. Completion of this course and the suggested practical work experience (6 months to 2 years), should qualify you to sit for the American Academy of Professional Coders (AAPC)-Certified Professional Coder Exam (CPC or CPC-H Apprentice); the American Health Information Management Association (AHIMA) Certified Coding Associate (CCA) exam; and/or other National Certification Exams. Crystal Peurifoy, CCS, CPC-H

Lower Bucks Campus/ $2,599 (textbooks included)/ WHPAH 0130 W50/ 14 Mon & 16 Wed, 5/23-9/12 (no class 5/28, 7/4 and 9/3), 5:30 pm-9:30 pm

Do you want a career with flexible hours and solid income? Medical Transcription is your answer! This self-study course is an in-depth, self-paced curriculum developed for anyone desiring to begin an exciting career as a medical transcriptionist. The program is open entry/open exit. You may begin at any time. There is no time limit for completion; the average time is approximately 6 months.

For questions about this program, email the instructor at info@medtranscription.com

To register for this program, please call 215-968-8409. A study packet will be mailed after your registration is processed.

This 95-hour Electronic Health Record (EH R) Management program will prepare you to understand and use electronic records in a medical practice. Access to health information is changing the ways doctors care for their patients. Doctors now have access to a patient’s medical history, surgeries, allergies to medicines, and recent doctor's visits all at the press of a button. This recent technology that intertwines health information from a variety of sources is known as an electronic health record. An electronic health record (EH R) includes computerized lifelong healthcare data from a variety sources where every encounter an individual has with the healthcare system is documented and compiled for quick access. Electronic Health Record professionals are educated in the implementation and management of electronic health information using common electronic data interchange systems such as HL7, CDISC, and DICOM. You will learn through classroom and computer lab training the necessary components consistent with maintaining the medical, legal, accreditation and regulatory requirements of the electronic health record and database.

After the successful completion of this program, you will be prepared to sit for the National Healthcareer Association (NHA) Certified Electronic Health Record Specialist (CEHRS) exam. Staff

Newtown Campus/ $2,299/WHPAH 0329 WB1/ 16 Tu & 16 Th, 5/29-9/13, 6:30-9:30 pm (9/13, 6:30-8:30 pm)

This course is geared towards experienced coders working in the hospital (or large Practice Plans) that have knowledge of ICD-9-CM. This program will focus on the Coding principles for ICD-10. The course will include Introduction of ICD-10, Outpatient Coding and reporting Guidelines, Chapter Specific Guidelines for ICD-10 (chapters 1-21), online Practice exercises, Transition to ICD-10 PCS, includes Coding Guidelines, Code Structure and Definition, Medical and Surgical Related Procedures, Ancillary Procedures.

Health Care Informatics Certificate Program (30 hrs)

Are you looking to enhance your skills and build confidence in patient care information systems? This 30-hour certificate program includes Health Care Informatics. This practicum course is designed for students who have successfully completed the Medical Billing & Coding or Medical Billing & Coding/Office Administration course and wish to apply that knowledge into a practical application. You will integrate your skills in a simulated environment using information technology. You will learn how to use technology to implement processes in the patient care cycle. To prepare you for the medical practice management field, you will be required to demonstrate technical proficiency in managing the work flow of the patient care cycle. This course will prepare you to function effectively in the broad work flow of health information positions in a wide variety of healthcare settings. These settings include: outpatient care, inpatient care, rehabilitation centers, drug and alcohol facilities, health departments, third-party payers, as well as other healthcare related organizations such as insurance companies, consulting firms and technology companies.

Dr. Peter Gillman, PhD,

Dementia Care Specialist (32 hrs)

As baby boomers age, the 21st century workforce is challenged to care for an exponentially growing population of persons with dementia. This course provides essential knowledge and understanding about neurological diseases that affect cognition and memory, and practical application of effective skills for supporting persons with dementia. Nearly all disciplines benefit from Dementia Care Specialists, as do families of persons with dementia. Come away with increased knowledge in how to care for persons with dementia. Expertise in this growing area of human services also enhances your resume.

Physical Therapy Aide Program (50 hrs)

This comprehensive 50-hour Physical Therapy Aide Program prepares you for the growing field of Physical Therapy. As a Physical Therapy Aide your general responsibility will be to carry out the non-technical duties of physical therapy, such as preparing treatment areas, ordering devices and supplies, and transporting patients working under the direction of the physical therapist. Furthermore, you will be assisting physical therapists in providing services that help improve mobility, relieve pain, and prevent or limit permanent physical disabilities of patients suffering from injuries or disease. Physical Therapy Aides may be employed in nursing homes, hospitals, sports rehabilitation centers and some orthopedic clinics. Staff

Newtown Campus/$1,399/WHPAH 0277 WB1/ 9 Mon & 8 Wed, 6/11-8/ (no class 7/4), 6:30-9:30 pm (8/8, 6:30-8:30 pm)

Personal Trainer

Do you have a passion for exercise, health and fitness? This course will provide you with the necessary skills and knowledge to become a successful Personal Trainer. It will incorporate extensive in-class and practical learning experiences that will enhance your professional endeavors. After successful completion of the course, you should be well-prepared to sit for the American Council on Exercise Personal Training exam. Newly revised course based on the 4th edition of the ACE Personal Trainer Manual.

Dr. Peter Gillman, PhD

Newtown Campus/$1,199/WHPAH 0230 WB1/ 8 Mon & 7 Wed, 6/11-8/1 (no class 7/4), 6:30-8:30 pm

Dental Assisting Program (70 hours)

This 70-hour Dental Assisting Program prepares you for entry level positions in one of the fastest growing health care positions – Dental Assisting. The purpose of this course is to familiarize you with all areas of preclinical dental assisting and provide training in the professional skills required to function as an assistant in the dental practice. This course covers the following key areas and topics – Administrative aspects include: the history of dentistry and dental assisting; introduction to the dental office; the legal aspects of dentistry; policies and guidelines. Clinical aspects include: introduction to oral anatomy; dental operative; dental equipment; introduction to tooth structure; primary and permanent teeth; the oral cavity and related structures; proper patient positioning; dental hand-pieces; sterilization; and other areas. Additionally, this course is designed to prepare you to sit for the DANB Radiology Health and Safety Examination (RHS). The Commonwealth of Pennsylvania requires that any dental office employee who will be performing radiological procedures as auxiliary personnel (other than a licensed dentist or dental hygienist) must take and pass the DANB Radiology Health and Safety Examination (RHS) and register with the State. The cost of this exam is $150 and is not included as part of the cost of this program. The DANB exam is administered at Pearson Vue Centers. Staff

Comprehensive (140 hrs)

This 140-hour certificate program prepares you to become an EKG & Phlebotomy Technician. You will learn medical terminology, vital signs, patient care skills, how to perform a 12 lead EKG, interpretation of cardiac strips, venipuncture, blood draw collection, and safety. You will be prepared to work in a variety of healthcare settings such as: hospitals, clinics, cardiac rehabilitation centers, laboratories, donation facilities, and physician’s offices. Upon successful completion of these courses you will be eligible to take two separate national certification exams for EKG and Phlebotomy Technician. The cost of the examination is not included in this course. Gail Dittes, R.N.

Newtown Campus/ WHPAH 0256 WB1-
$2,999 (textbooks included)/ 11 Mon, 12 Wed & 12 Fri, 5/30-8/20, (no class 7/4)

### Thanatology - Coming Fall 2012

This certificate program is designed to provide you with a basic understanding of issues related to loss, but especially those related to dying, death, and the resultant bereavement whether the death is a result of a long-standing chronic illness, an acute condition, or a traumatic incident. Focus areas of the program will include the nature of spirituality in times of crisis and mourning and grief. In recent years, the study of Thanatology has become widely acknowledged and many professionals and caregivers are seeking opportunities that will allow them to develop and enhance their skills in these areas. This 56-hour program, with seven required courses and one elective, will benefit the professional and personal caregiver. At the conclusion of the course, you will have developed:

- Knowledge of the research relevant to dying, death, and bereavement
- Understanding and practical approaches relevant to dealing with death and dying
- Comprehension of the significance of spiritual, cultural, and ethnic diversity and their influence on an individual’s understanding of dying, death, and bereavement.

Kimberly L. Rabago, MSW

### Gerontology - Coming Fall 2012

This 42-hour certificate program provides an overview of the aging population in America. It is designed to benefit healthcare practitioners or individuals who work in programs and services for the aging, including nurses, social workers, nursing home administrators, counselors and clergy. This program can also be beneficial to personal caregivers and for people who are interested in exploring the geriatric field. The certificate is awarded upon completion of four required and two elective courses. You may register for an individual course if you do not wish to complete the entire program. Mary Ann DuGan, B.S.

As seen on national and local TV and in the newspapers
The BEDSIDE HARP Certified Harp Therapist and Certified Master Harp Therapist programs! These dynamic, transformative programs each include a 120-hour mentored internship which may be completed at one of our host hospitals (including Abington Memorial Hospital in Abington, PA; Eastern Regional Medical Center at Cancer Treatment Centers of America in Philadelphia; Robert Wood Johnson University Hospital in Hamilton, and Rahway, NJ; The Valley Hospital in Ridgewood, NJ; and Saint Claire’s Hospital in Denville, NJ) or at any pre-approved medical facility.

If you complete 80% or more of your internship at one of our host hospitals, you will receive the special designation of Hospital-Certified. If you complete 50% or more, you will receive the designation of Hospital Intensive. If you work in one of our host hospitals twenty hours per week for 2 consecutive weeks, you will receive the designation of Internship Intensive.

The first level of certification (Certified Harp Therapist) consists of 310 hours: Modules I through IV, consisting of 134 hours of classroom training, a 36-hour online course on ethics, Module V, consisting of a 128-hour internship and 12 one-on-one contact hours. At registration, tuition for two modules will be due: Module I, to be paid directly to the college; and Module V, for which you will be billed directly by BEDSIDE HARP.

Completion of all of the above is required for the Certified Harp Therapist designation. The Mastery level requires completion of an additional 185 hours including two additional modules: Module VI, a 120-hour internship (payable directly to BEDSIDE HARP) and Module VII, a 17-hour classroom module (payable to the College).

In addition to the classroom and internship portions of both levels of the program, there are required readings, journaling, recordkeeping and other written and oral assignments, as well as repertoire development and a final review. Certification renewal is required every three years after graduation and involves verifying having played in a therapeutic setting for a minimum number of hours, completion of a minimum number of continuing professional units (CPU’s) and a nominal certification renewal fee (currently set at $50).

Prerequisite: Admission by permission of the instructor. An interview by instructor and your submission of an audio tape or CD in which you play ten simple tunes are required.

All sessions will be held in the Bedside Harp Great Room, 6318 Neshaminy Valley Drive, Bensalem, PA/$700 per module (plus one-time materials fee of $150 payable to the instructor) Please note: Payment for Module I to Bucks County Community College due at registration/

Team-taught: Led by Edie Eileen Elkan, M.A., Hospital-Certified Master Harp Therapist.

What is The Green Jobs Academy?

The Green Jobs Academy at Bucks County Community College is an industry-driven public and private partnership. The Green Jobs Academy provides both long and shorter-term training programs geared toward workers looking for new skill sets in the green and sustainability industries. Following are several of the training programs being given through Bucks in 2012.

For more information please contact the Green Jobs Academy at: 215-788-3594 or email greenjobsacademy@bucks.edu

For the most up-to-date information, please visit our website: www.bucks.edu/green
Certificate in Green Construction

This program is for those interested in the implementation of sustainable building tools and strategies. It is also recommended for professionals moving into fields that require knowledge of green building or sustainable design, or anyone who recognizes the emerging importance of sustainable design and its impact on our daily life.

Who Should Attend
Professionals in the design and construction industries who are seeking to further their career, including: design professionals, construction consultants, contractors, subcontractors and builders, planners and commissioners, facilities managers and stakeholders, environmental engineers, and decision-makers in the construction field, and anyone interested in getting into the green job market.

For more information, contact Joan Christianson at christia@bucks.edu.

LEED for New Construction: Applying the Guidelines
The Leadership in Energy and Environmental Design (LEED) Green Building Rating System provides a suite of standards for environmentally sustainable construction. Identify and understand the objectives of Sustainable Sites, Water Efficiency, Energy and Atmosphere, Material and Resources, Indoor Environmental Quality, Innovation and Design Process Credits and Prerequisites. Focus on a systematic view of green building, sustainability, Low-Impact Development and Storm Water Issues and study techniques used to reach the goals of LEED in environmental impact, energy, and indoor air quality that pertain to building projects and the community surrounding the project.
WTMCO 3002 C30/$515 (includes text) / 6/25-9/2

Construction Materials and Processes
Gain an overall understanding of construction materials and processes. Study one specific material category, one specific construction process, and an overall construction system each week. Expand your studies to include materials and processes which are normally encountered in the work place. In addition you are expected to research and report on the session materials and processes with respect to sustainable or “green” construction.
WTMCO 1505 C30/ $515 (includes text)/ 6/25-9/2

Building Green Buildings: The Contractor’s Perspective
Today’s construction professionals need information that will help them to effectively bid, contract, build and close out green building projects. Explore the green building process from the contractor’s and subcontractor’s point of view.
WTMCO 3003 C30/$515 (includes text) / 6/25-9/2

The Sustainable Building Advisor Institute offers a nine-month certificate training program and exam for working professionals eager to apply sustainable concepts to the buildings they design, construct, and maintain. The Sustainable Building Advisor (SBA) program welcomes a diverse range of students from architecture and planning firms, engineering companies, developers and contractors, government agencies, research institutions, resource conservation organizations, utilities, and environmental consulting organizations.

National Certification
The SBA Certification provides you with tools and resources to accomplish the following:
• Identify and articulate key sustainable building practices and goals
• Analyze the costs and benefits of incorporating sustainable building measures
• Establish competencies in applying LEED™, Built Green™ and other relevant criteria or established guidelines
• Work with designers, architects, builders, operators, and utilities managers to achieve sustainable goals in their projects
• Take a leadership position in their organizations and communities in a rapidly growing field

Professional Credentials
Upon successful completion of the SBA Program and exam, students will earn the designation of Certified Sustainable Building Advisor, CSBA.

In addition, the program has been reviewed and approved by American Institute of Architects (AIA), Green Building Certification Institute (GBCI), and the US Green Building Council (USGBC), and meets the eligibility criteria for LEED Green Associate.

Testimonial:
This last year, I took this course at Bucks County Community College, to get an education about ecological issues as related to my chosen trade: Historic Restoration. The class was very well taught, deep with information, and taught by leading professionals in their fields, as well as previous SBA grads. There are multiple presenters for each class, from home owners who learned how to do it themselves, to companies from all over the sustainability arena who are networking to creatively reinvent how industry can serve the environment, as well as its market base. I found it very powerfully inspiring as a motivational tool for change, and have since used what I have learned to rewrite my "how to" book on Historic Restoration- practices, methods, materials, resources, and most significantly, networking! To put a fine point on it, I highly recommend this course! Whatever your interest in sustainability may be, there is useful content in this course. That’s just short of saying, “Take this course!”. Having successfully completed the course, I am now Nationally and Internationally a Certified Sustainable Building Advisor! Erich DeHaven, CSBA, class of 2010-2011
Renewable Energy / Sustainability – cont’d

EPA - HUD Certified Lead RRP Renovator INITIAL Training
EPA-HUD requires that firms doing renovations on pre-1978 housing and child-occupied facilities must be certified and renovation work be directed by a Certified Renovator (CR). This course meets EPA and HUD requirements for initial certification as an EPA Certified Renovator.
You will learn how to determine which regulations are applicable to Certified Firms and Certified Renovators, how to set up of areas to contain dust, how to determine if lead-based paint affects work, verify cleanliness, train non-certified workers, and how to satisfy EPA work guidelines. Effective April 22, 2010, contractors may not perform renovations involving lead paint without proper certification and all renovations must be directed by certified renovators. This course was developed by the Environmental Protection Agency (EPA), in collaboration with the Department of Housing and Urban Development (HUD) to train renovation, repair, and painting contractors how to work safely in housing with lead-based paint and comply with EPA’s Renovate, Repair and Painting (RRP) Rule, and HUD’s Lead Safe Housing Rule (LSHR). This course meets EPA and HUD learning requirements and produces EPA Certified Renovators (CR) authorized to direct renovations in accordance with the Final Rule in pre-1978 homes and child-occupied facilities, perform lead testing with EPA recognized test kits and train non-certified workers. Philip Godshall
Applicable certification: EPA Certified Renovator. Certificate is valid for 5 years.

Green Jobs Academy / $150/ WTMCO 0450 GJA1 Fri, 8/10, 8 am-5 pm

PV for Public Officials
This course draws from hundreds of PV project lessons to provide a comprehensive review of the procedures required to successfully complete a PV installation inspection. With a focus on lab activities, including equipment installations like an installer would receive. This process-based course will provide participants with the tools to better understand installation and inspections. Topics include project review, code compliance, proper equipment installation, labeling, and inspection. This full-day course includes field examples, equipment demonstrations, and hands-on activities. Kevin Wright
Green Jobs Academy/$99 / WTMCO 0355 GJA1-GJA3/ 8 am-5 pm

GJA3 Wed, 8/1

Green Entrepreneurship
Tired of working for someone else? Are you thinking about starting your own business and want to have a positive impact on the environment? This course will provide you with a guide to green entrepreneurship and will bring together all of the various aspects needed to build a successful green-related business during challenging economic times. Too many entrepreneurs set out to build their dream company, while overlooking critical components – most notably, their vision, brand, mission, and culture. This course lays out an integrated approach to seamlessly tie together the core values and beliefs of the green-related company; the brand image you want to create; the people aspects of your business (employees, customers, community); the markets you serve; the proper sales approach; the finances; as well as the vision and mission that fuels it all.
You will leave with both the knowledge and confidence to be a green entrepreneur with a comprehensive business plan for your new or existing green business. Robert Lockwood, Princetongreen.org

Green Jobs Academy/ $249 /WTMCO 3570 GJA1 Tu-Fri 6/18-6/21, 8:30 am-5 pm

Biogas & Carbon Capture
This course will enlighten you to the many uses, applications and benefits gained from biogas production. These include electrical power, transportation and sustainable agricultural.
We will also look at how to construct a variety of methane reactors including their inputs which include agricultural waste, municipal waste, sewage treatment sludge, and household food wastes as well as lawn and garden clippings. The methods of methane production allow carbon dioxide to be isolated and to be ultimately stored for usage. These processes are important because they are used in countless industrial applications. Carbon capture, and the storage of carbon dioxide (CO2) and methane reduce greenhouse gases. Additionally, biogas production reduces the waste stream and turns waste into usable energy with all the associated benefits of helping to create sustainable world. Robert Nix

Become a part of a growing industry. The U.S. Department of Labor states that workers in the green industry have excellent opportunities and faster than average job growth. So, how can you take the first step to create a new career path for yourself?

The Southeastern Pennsylvania Regional Weatherization Training Consortium (SEPA RWTC) is offering free training and the opportunity for certification in the energy efficiency field. This program offers training and certification for Installers, Crew Chiefs, and Energy Auditors.

Training programs run from one (1) week to four (4) weeks, depending on the program. Courses are being offered at various sites in Bucks, Delaware and Montgomery counties.

Free at participating SEPA RWTC Training sites! Register at www.bucks.edu/green or by calling 215-788-3594.

Weatherization Installer Training
Participants will gain knowledge about best practices for basic weatherization procedures. The lecture and hands-on experience focus on building science theory and construction technology. The student will learn how to perform weatherization functions, such as insulation, ventilation, weather stripping, sealing and caulking of walls, attics, crawlspaces and how to use hand and power tools. Installer training also includes Lead Safe Weatherization, Crew Safety, OSHA 10 and Weatherization Tactics.

Prerequisites: assessment test, physical capabilities test and a valid driver's license.

Weatherization Crew Chief Training
The Weatherization Crew Chief course is for those individuals that are already proficient as a Weatherization Installer and are ready to advance their knowledge of building science and develop themselves as supervisors. The "House as a System" concept is reinforced through modules titled Diagnostic Approach to Weatherization, Advanced Weatherization Diagnostics and Baseload Auditing where students practice setting up a Blower Door and using digital pressure gauges to identify and quantify weaknesses in the thermal envelope of a building. Students are taught the importance of both Homeowner and Crew safety during weatherization work and how to respond to emergencies. As a Crew Chief they are the primary contact for the customer and therefore "Customer Service" is an important module where students are taught how to make the customer experience a positive and professional interaction where everyone is satisfied at the end of the job.

Weatherization Energy Auditor Training
The Weatherization Auditor course is designed for those individuals that are already proficient in the skills developed in the Weatherization Installer and crew chief position and are ready to advance their knowledge of building science and develop themselves as Auditors. The "House as a System" concept is reinforced through modules titled "Introduction to Residential Heating Systems", "Combustion Analysis and Retrofit (Oil and Gas)" and "Home Energy Auditing" which are designed to familiarize participants with fundamentals of common residential central space heating systems. Students are taught the difference between oil and gas combustion processes, and will become familiar with the functionality of chimneys, appliance types, operating and safety controls, electricity and fuel delivery.
The American Institute of Professional Bookkeepers (AIPB) has established a professional certification, the Certified Bookkeeper credential, a high professional standard for working bookkeepers. By successfully passing tests and covering six subjects, signing a code of ethics, and demonstrating two years of bookkeeping experience, you earn the right to put “CB” after your name.

National Certification distinguishes you from other bookkeepers because it proves that you have met high national standards and demonstrated the ability to handle all the books for a company of up to 100 employees.

Becoming a CB can increase your earning potential and give you an edge in the job market. The U.S. Bureau of Labor Statistics says the Certified Bookkeepers “will have the best job prospects.” A 2005 survey showed that 41% got a promotion or new job because they were certified, 32% got a raise, and 97% of Certified Bookkeepers recommend certification to other bookkeepers.

This course focuses on preparing you for the national certification exam using six workbooks - one for each subject on the exam:

- Adjusting entries (accruals and deferrals)
- Correction of accounting errors (includes the bank reconciliation)
- Basic book and tax depreciation
- Basic payroll—paying wages, withholding, depositing and reporting taxes using the basic forms (W-2, 941, 940, 8109)
- Recording and costing out merchandise inventory
- Internal controls and fraud prevention

You will be tested on the first 4 subjects at a local Prometric Test Center and on the last 2 subjects in class. As in all certifications, there are minimal ongoing continuing professional education requirements after you are certified.

**Requirements**

I. Experience: At least 2 years’ full-time experience or the part-time or freelance equivalent, which may be obtained before or after passing the examination.

II. Examination: Candidates must pass a 4-part national examination, including 2 parts given at any Prometric Test Center (there are over 300 nation-wide).

**New! Video Marketing Certificate**

Two one-month courses. $395 for both (certificate) or $195 each.

**Video Marketing**
Sight, sound and motion are much more compelling than static words on a page. Video is very hypnotic and it quickly speeds up the “know, like and trust” factor with your audience. In this course you will discover how to use simple online video to quickly bond with your viewer, drive traffic to your website, boost business and build brand awareness. Find out how to shoot simple, effective videos without costly fancy equipment or savvy technical skills. Discover the secrets to creating content that commands attention. Learn how to dominate Google and YouTube with your video and to strategically use YouTube to market your business 24/7 -- even while you sleep.
Online/ $195/ WSMCE 4327 C30/ 7/2-7/27

**YouTube for Business**
Increase your business with YouTube, the online video site and now the second largest search engine. Discover the power of video for your organization, and how to use video as a marketing tool to reach and serve more people. Find out what types of video work best on YouTube, how other business organizations are using YouTube, how to create your own YouTube channel, and the techniques of adding captions, annotations and other extra features. YouTube can enhance your current marketing and communication strategy. After attending this course you will take back proven strategies and techniques for making YouTube work successfully for your organization.

Mobile Marketing Certificate

Three one-month courses. $595 for all three. (Must register for all three at the same time to get the bundled price.)

Mobile Marketing
More than half of U.S. consumers who’ve made purchases on their smartphone have done so in response to a mobile marketing message. Smartphones’ sales will exceed 420 million in 2011. Analysts forecast these sales will surpass 1 billion by the end of 2016. The way consumers are interacting with brands and connecting to the world is changing because of mobiles. Find out about location-based marketing, mobile payments, QR codes, applications, and mobile coupons. You will learn how mobile marketing can increase your capabilities to retain current customers and gain new ones.
Online/ $195/ WSMCE 4326 C30/ 6/4-6/29

Creating Cell Phone Apps for Your Business (non-technical course)
Cell phone apps are the latest way smart businesses are reaching their customers. It seems that nearly everyone is carrying and using a smartphone these days. Smart organizations across the globe are investing in building cell phone apps for their businesses. In this four-week course, we will provide you with step-by-step instructions on how non-technical users can build, deploy and market smartphone applications across Android, iPhone and Blackberry platforms. The course is ideal for business owners and executives who want to understand how smartphone applications can be inexpensively built, and also for technical users who want to understand how to quickly deploy smartphone applications.
Online/ $245/ WSMCE 4326 C30/ 7/2-7/27

Advanced Mobile Marketing
Get the knowledge needed to implement a mobile marketing plan for your organization. Find out about proximity marketing, mobile marketing metrics, and developing a mobile marketing campaign. Learn how to promote your app on the web, build a landing page for your app, and advanced tracking of your application usage. Then take home a blueprint for creating guidelines and standards for your mobile marketing effort, and how to measure its success. You will leave this course with the knowledge to implement a mobile marketing plan for your organization.
Online/ $245/ WSBEN 0217 C30/ 8/6-8/31

Business Research Certificate

Discover the specific knowledge needed to succeed in researching and utilizing the best and most appropriate data for decision making for your work organization. Get the skills needed to effectively communicate research results to a specific audience for maximum impact and effective decision making. For business professionals, entrepreneurs, and anyone who needs specific information about a business; or who is in business and needs specific information about a particular topic such as market potential, competitive intelligence, standard industry practice, productivity improvement, etc. This course will give you the specific knowledge you need to succeed in your research quest.
Three one month courses. Certificate available for successful completion. $495 total for all 3 courses. (Courses cannot be taken individually.)
Online/ $495/ WSMCE 4330 C30/ 6/4-8/31

Introduction to Business Research
Business Research will provide the specific knowledge needed to succeed in researching and utilizing the best and most appropriate data for decision making. It will also provide the skills needed to effectively communicate research results to a specific audience for maximum impact and effective decision making. The course is broad based and provides a strong foundation for meeting business research needs. More advanced courses will be available after completion of this foundation course. (6/4-6/29)

Business Statistics
Numbers are vitally important to all types of business decision-making. From budget projections to inventory tracking, business leaders rely on numbers to help them make sound business decisions. How can you make these numbers meaningful to you in your day-to-day planning and decision-making? Learn how to apply and interpret numbers in real-world business ideas in our business statistics course. (7/2-7/27)

Qualitative Business Research
Words are powerful information sources for sound business decisions. As a business leader, you talk to others when you have a question or need to solve a business problem. They provide a richness of information that numbers alone cannot. How can you effectively harness the power of words when you have a need to know something? Learn how to use qualitative methods (information in words) to make the best possible business decisions. (8/6-8/31)
Child Development Associate Certificate Program (CDA)

A Child Development Associate (CDA) is an individual who has successfully completed a CDA Assessment and has been awarded the CDA Credential. She/he meets the specific needs of children and works with parents and other adults to nurture children's physical, social, emotional and intellectual growth in a child development framework.

The Credential is awarded to individuals who are working in, or wish to work in any of three childcare settings:

• Center-based, for which Candidates receive endorsements to work with infants and toddlers or pre-school children
• Family Child Care
• Home Visitor

In order to complete the CDA Assessment, the individual must have worked in a childcare setting for a minimum of 480 hours within the previous 5 years. It is possible to complete the coursework offered here before the completion of these mandatory hours.

Please see our website at www.bucks.edu/cda for more information about the CDA program. For information about the CDA Assessment, please go to the website for the Council for Professional Recognition at www.cdacouncil.org.

Please Note: Students must be 18 years of age and have a high school or GED diploma in order to enroll in the CDA program. Reimbursement: Anyone who is a member of a Keystone Stars site can apply for a 90% tuition refund and the $325 assessment fee for the CDA assessment. Please Note: Reimbursement is subject to the availability of funds. Tuition vouchers are available on the Key website www.pakeys.org under professional development.

The same book and packet will be used for Part I and Part II. A materials list will be mailed prior to first class, approximate cost $90 for text and workbook, $23 for assessment packet.

For further information please contact Joan Christianson at christia@bucks.edu

CDA Part II

The second 60 hours of the CDA program will prepare you to take the national CDA assessment, and will focus on Planning a Safe, Healthy, Learning Environment; Observation of Young Children; Working with Families; and Program Management. This program is non-sequential; CDA Part I is not required to register for this course. Brigitte Hix, M.A., PQAS Certified

Hybrid Online/$349/

Continuous improvement leads to continued success! Learn why organizations from manufacturing to healthcare to financial institutions are seeking out green and black belts to help their companies grow. Many organizations pursue either Lean or Six Sigma as a means to meet their customers’ demanding challenges. Our approach combines the speed of Lean with the power of Six Sigma to achieve process optimization. Speed, quality, and cost are the components that drive the success of any organization. Lean Six Sigma works on all three simultaneously. Lean and Six Sigma are necessary pillars of any continuous improvement process and our program specifically addresses how integrating Lean (making work faster) and Six Sigma (making work better) can help your organization move quickly with higher quality and lower cost. Sign up now to learn how to implement the tools of LSS and see how you can help your business succeed.

Who Should Attend?: Staff line supervisors, managers, and directors - anyone in the organization who will be leading a Lean Six Sigma process improvement project.

LSS Green and Black Belt Certification Classes forming in the Fall, 2012.

Attend an information session and learn how Lean Six Sigma could benefit you and your company!

Instructor: Anwar El Homsi, Master Black Belt President, Transformation Partners Company

Corporate Sigma

Solutions to today’s business problems are often developed with a narrow focus, with the belief that by limiting scope and scale, success will be achieved at a micro or “grass-roots” level. It is important to understand that for the corporation to succeed as a whole, every department of the corporation needs to succeed together.

This 2-day program for corporate leaders will introduce you to new tools that combine the power of Six Sigma and Systems Thinking to help you solve today’s business problems and help assess the quality and productivity of each department as well as the overall health of your business. These new tools will help you identify areas of your company that require improvement activities and implement projects that result in true transformational change across the company.

Anwar El Homsi

Testimonials

- “This course is extremely beneficial to management professionals. Will be put to good use at my work.”
  E. White, Enterprise Group

- “Acquiring the knowledge that comes with the title of Six Sigma Black Belt has equipped me with new tools that will most definitely help our business. My first project alone could save my company $1.3 million next year. For anyone who is interested in pursuing Six Sigma, I would recommend BCCC.”
  Sean Gibbs, Business Development, Action Manufacturing Company

### Construction Certificates

Bucks County Community College, in partnership with Construction Experts, Inc., offers several online construction certificates:

- Construction Estimating
- Construction Practices
- Construction Supervision (which can be earned after obtaining the following three certificates)
- Supervisor Certificate in Project Management
- On-Site Supervision
- Construction Supervisory Technologies

### Workplace Benefits
- Be better prepared to succeed at your chosen profession
- Learn from the experts in the various fields of construction
- Advance within your current trade or transition into a new career

No entrance exams are required. Course times are scheduled year-round to be compatible with your work commitments. Each course meets online for ten weeks. Discussions using an online bulletin board afford the opportunity to examine everyday construction challenges shared by others in the construction industry. All certificates should be completed within two years of starting the program.

### Construction Estimating
Provides an excellent overview of basic and advanced principles of construction estimating and bidding in the construction industry. Must complete 5 of the following 6 classes:

- Introduction to Construction Estimating
- Essential Construction Math
- Construction Blueprint Reading*
- Estimating and Bidding 1*
- Estimating and Bidding 2*
- Construction Materials and Processes*

### Construction Practices
Must complete 8 of the following 9 classes:

- Introduction to Construction Estimating*
- Essential Construction Math*
- Construction Blueprint Reading*
- Estimating and Bidding 1*
- Estimating and Bidding 2*
- Construction Materials and Processes*
- Contract Documents and Construction Law
- Planning and Scheduling
- Cost Awareness and Production Control

*These courses run every quarter. Fall class dates are 9/10-11/18.

### Construction Supervision
Who Should Attend?
This certificate program is for construction superintendents, project managers, foremen, estimators, safety directors, field engineers and training directors. It is also for anyone aspiring to become any of the above. This certificate program is available to students all over the world with Internet access. The Certificate in Construction Supervision is issued upon the completion of all nine of the following classes:

- Leadership and Motivation
- Oral and Written Communications
- Accident Prevention and Loss Control

Fashion Design

The Fashion Design Certificate program is designed for students who have a love for fashion and design and feel that they have the talent to pursue a career in design. It will help students enhance their own design skills, translate concepts onto paper, and eventually into actual garments. You will be prepared to enter the fashion design industry in the capacity as a design assistant or to work with a product development team.

The curriculum includes 96 hours of classroom instruction in five core courses plus two electives of your choice. Each class will require a final project to be presented on the last night of class. This certificate must be completed within 2 years. Attendance at 80% of classes is required.

Core Classes: (offered fall and spring)
- Fashion Design I
- Fashion Design II
- Fashion Illustration
- Basic Garment Construction
- Basic Pattern Making

Electives: (choose 2)
- Photoshop CS5 (recommended, page 52)
- Quickbooks (page 49)
- How to Start or Operate Your Own Business (SCORE) (Coming in Fall 2012)
- A drawing or painting class (page 62)
- InDesign CS5 (page 52)

Project Management for Construction Supervisors

The modern project manager has more information available than ever before and information technology is changing rapidly. Learn how project management roles are changing as innovative contracts, alternate delivery systems, alternative dispute resolution, and creative project financing are increasingly changing how projects are administered. Learn about cost and risk control as well as how to develop and apply policies and procedures.

WTMCO 2008 C30/$415 (plus $156 for text)

General & Specialty Contractor Dynamics

Explore the dynamic relationships that exist between construction contractors of all types (general contractors, subcontractors, specialty contractors, material and equipment suppliers) to accomplish the execution of a successful project. This course will help you to understand and recognize the importance of each part of the construction system and how to coordinate the work within the system.

WTMCO 2010 C30/$415 (plus $156 for text)

Ordering Textbooks

Texts required for Continuing Education courses may be ordered from the BCCC Bookstore (www.bucks.edu/bookstore/ 215-968-8459) or from a vendor of your choice.
Selling Yourself

In today’s competitive environment, working and non-working professionals need to develop a solid plan to compete and differentiate themselves in the marketplace. This course is designed to help you develop your “personal franchise” by enhancing your resume, cover letter, interviewing skills, and networking aptitude. This course offers the opportunity for you to apply important skill sets designed to enhance your competitive stature in the marketplace.

Command Spanish® Online

Command Spanish®, Inc. offers innovative e-Training Spanish language programs. All programs are based on the exclusive, revolutionary Language Power-Lock System which unites seven interactive processes to provide contextualized, purposeful learning opportunities. Online Spanish Language courses are available in the following fields:

• General Interest –Community, Workplace
• Business & Industry –Financial Institutions, Construction Supervisors, Real Estate Sales
• Medical – Hospital Nurses, Medical Office Nurses, Physicians, and Pharmacy Personnel
• Education – School Teachers and Administrators, Library Personnel
• Law Enforcement, Corrections, and Probation: Law Enforcement Officers

Command Spanish® courses at your workplace: BCCC can also deliver Command Spanish® courses at your worksite. For more information please contact Georgina Taylor at: 215-968-8268 or e-mail taylorg@bucks.edu

Workplace Courses
Extraordinary Customer Service
Learning to build your customer service skills will have a powerful impact on your career success as well as success in other areas of your life. Through this course you will discover the direct relationship between service skills and career achievement. You will become skilled at being an exceptional service provider. You can help your organization and your career by translating your good service intentions into a workable plan and gain knowledge of ways to consistently deliver great service. The payoff is enormous!

Online/ $145/ WSMCE 4321 C30/ 6/4-6/29

Designing Successful Webinars
Webinars are a hot new meeting format that save money and reach more people than in-person meetings. Use them for customer education, staff meetings and training, presentations, virtual seminars and much more. The technology is simple, but good webinar presentation techniques are critical. Discover the power of successful webinars for your business organization. Then learn the four key strategies to make your webinars more successful. Learn techniques and tips that will make your webinars winners with your audiences.

Online/ $195/ WSMCE 4322 C30/ 6/4-6/29

Supervisory & Leadership Certificate
Ensuring the efficiency of your team is the key to your success and is your most important responsibility. Get practical, easy to understand, and insightful methods for new and even experienced supervisors and managers. Learn about effective delegation, performance management, and writing performance reviews. Discuss the specifics of the supervisor’s role and responsibilities, and strategies for improving your overall effectiveness as a leader. Take home practical information along with tips and techniques that can be applied at your job immediately. Note: This program has been approved for 32 (General) recertification credit hours toward PHR, SPHR and GPHR recertification through the HR Certification Institute.

Online/ $395/ WSMCE 4331 C30/ 6/4-7/27

Advanced Website Strategies
You have a website, but why will your customers want to come back or buy something or take action? Do you really know who you are selling to? Do you know what you want to say to them? Do you know how you want to say it? Discover ways to identify who your ideal audience is. Learn how to create content that is engaging and purposeful. Find out what you want to say to them. Explore where you want to say it. And finally, find out how you want to say it. In one month you will be better equipped to create your own content marketing strategy and create a content-rich website that exceeds the needs of your visitors.

Online/ $195/ WSMCE 4325 C30/ 7/2-7/27

Media Buying Strategies
Discover the marketing planning process to clearly delineate the relationship among marketing and media buying decisions. Marketing functions are examined through case analysis to successfully integrate all elements of the media buying process. The course presents concepts and strategies from a business decision-making perspective. This approach reflects the emphasis on the marketing decisions that business owners are most likely to confront in their marketing operations when meeting with various media outlets and managing their marketing campaigns. Come away with a knowledge of media buying strategies to promote your organization and boost sales and profits.

Online/ $195/ WSMCE 4324 C30/ 7/2-7/27

Webinar Planner Certificate
Finally, you can acquire the best professional development in virtual meeting planning. Plus get the option of being recognized for your knowledge by becoming a Certified Virtual Meeting Planner (CVP). Virtual meetings are distance seminars and education featuring audio, slides and video in a synchronous format. They include webinars, webcasts, video casts, two-way web cams, and other audio and video formats. Discover the various synchronous distance meeting formats available and learn about the technology of producing distance meetings. Then get the best instructional techniques on the design and teaching of effective distance or virtual meetings. Lastly, acquire the virtual meeting planning skills involved in budgeting, pricing, and marketing virtual meetings.

Coming Fall, 2012
Cyber Security for Managers
Cyber security issues are all around us and reach nearly every part of our business and work, from online banking and education to Facebook and Wi-Fi. Finally, you can get up to date on Cyber Security basics and fundamentals. Designed for non-technical managers, directors and others in the work place, you will find out about threats and vulnerabilities, safeguards, common attacks, viruses, malware and spyware, disaster recover planning, intrusion detection/prevention, basic security architecture, introductory forensics, and cyber terrorism. At the end of this course, you will have the knowledge needed to practice safer computing and safe guard your business and work information.

Online/ $245/ WSBEN 0212 C30/ 7/2-7/27

Facebook for Business: Advanced Skills for Businesses and Organizations
Find out what goes on behind the scenes on Facebook Pages and how to increase the chances that your message is seen and acted on. Discover new tools and proven techniques to increase business and expand your reach. Discuss how to adapt your marketing message for the Facebook platform and how to integrate Facebook across all marketing areas. This is an advanced class and assumes you have started a page on Facebook and have some basic knowledge of the platform.

Online/ $245/ WSBEN 0213 C30/ 7/2-7/27

Google Analytics
If you are not reviewing your website statistics, then you are missing several key opportunities to profit from your website traffic. This course, aimed at non-technical users, will take you through all the key techniques and how to use website analytics using the world-standard Google Analytics, a free online tool. You’ll understand your visitor traffic better, learn how to calculate return on investment (ROI) for your online advertising, and find out how to get more conversions and sales from your website visitors. A must for anyone serious about leveraging more success from their website.

Online/ $195/ WSBEN 0214 C30/ 7/2-7/27

Twitter
Twitter is a hot social media platform these days – and everyone seems to be using it. Learn the best way to take advantage of the unique opportunities Twitter offers – and discover the best ways to create relationships and network with your key constituents. You will find out the best – and easiest – techniques for successful interactions in the Twitterverse.

Online/ $195/ WSBEN 0215 C30/ 7/2-7/27

Entrepreneur Boot Camp
Starting a business is something that all of us have thought about at one time or another. Everyone wants to be their own boss. Yet statistics show that most businesses fail within the first five years. This course provides insight into the characteristics, knowledge and skills needed to become a successful entrepreneur. At the end of this course, you will be able to identify the abilities required of successful entrepreneurs and how to acquire them, develop goals to help establish your business, develop an outline for your plan, and take home techniques to successfully manage your new business.

Online/ $195/ WSBEN 0210 C30/ 6/4-6/29

Successful Survey Techniques
Your customers hold the key to your organization’s success. Getting to know your customers better means lower costs and better results, including higher retention, more customer satisfaction, more returning customers. Surveys are one of the best ways to find out what your customers want, and how they want it. But too many surveys ask the wrong people the wrong questions. Discover who to survey, what questions to ask, and the key to getting a higher response to your surveys. This hard-hitting practical course will yield a huge ROI for your organization. Whether you need to analyze profitability, satisfaction, service or all three, this course will generate thousands of dollars in increased sales, greater efficiency, or more effectiveness. We guarantee it (or your money back)! Course includes a personal FREE critique of one of your surveys!

BCCC's Advanced Manufacturing Lab offers a blended instructional model: on campus in the lab and online! This integrated approach has proven successful in numerous manufacturing training sites across the country and incorporates industrial quality equipment, troubleshooting emphasis, and task-based, competency-based curriculum. Course hours include a combination of lab and theory. Complete the online elearning theory lessons when and where it's most convenient for you – at home, at work, or anywhere you have access to the internet – and use scheduled lab time for hands on practice and skills assessment with your instructor.

New programs offered at the Advanced Manufacturing Lab at the Lower Bucks Campus!

Advanced Manufacturing Certificate Programs
Earn Stackable Credentials on your time schedule! Start with the basics – learn manufacturing core competencies to earn a Production Technician Certificate,....

Additional stackable credentials available as part of the Advanced Manufacturing/Integrated Systems Technology (AMIST) credential. OPEN Lab Hours (daytime, evening, and weekend) starting soon!

Contact Emily Evans for more details – 215-504-8695 or evanse@bucks.edu

BCCC was recently recognized as a Gold Partner by the Industrial Maintenance Training Center of PA (IMTC) for providing skills training toward the Advanced Manufacturing Integrated Systems Technology (AMIST 1) Certificate! Read more at www.imtcpa.org.
Individual Course Offerings

Basic Hydraulics
Learn industry–relevant skills including how to: operate, install, analyze performance, and design basic hydraulic systems.
25 hrs (15 hrs-class; 10 hrs-e-learning)
Lower Bucks Campus/ $530/ WTMCO 1079 W50 & XTMCO 1079 W50, 5 Wed, 7/11-8/8, 5-8 pm
Register for both WTMCO 1079 W50 & XTMCO 1079 W50.

DOE for Manufacturing
This 3-day, hands-on workshop will introduce you to the tools and techniques of Design and Analysis of Experiments (DOE). You’ll learn how to plan, collect, and interpret data from designed experiments to obtain real-world knowledge to gain a competitive edge. This class is intended for Process & Product Development Engineers and Managers, Technicians, QA staff, and anyone charged with improving processes or products.
Newtown Campus/$755/ WSMCE 2500 WB1 Tu-Th, 8/7-8/9, 8:30 am-5 pm

Mechanical Drives 1
Covers the fundamentals of mechanical transmission systems used in industry. You will learn industry–relevant skills including how to operate, install, analyze performance, and design basic mechanical transmission systems using chains, v-belts, spur gears, bearings, and couplings. 35 hrs (21 hrs-class; 14 hrs-e-learning)
Lower Bucks Campus/ $855/ WTMCO 1064 W50 & XTMCO 1064 W50 7 Fri, 7/13-8/24, 1-4 pm
Register for both WTMCO 1064 W50 & XTMCO 1064 W50.

AC/DC Electrical Systems
Learn the fundamental concepts of electricity used in many applications, especially control systems with our virtual trainer. Topics include: electrical circuits, electrical measurements, circuit analysis, inductance and capacitance, combination circuits, and transformers. 30 hrs (18 hrs-class; 12 hrs-e-learning)
Lower Bucks Campus/ $580 WTMCO 1094 W50 & XTMCO 1094 W50/ 6 Fri, 7/13-8/17, 9 am-noon. Register for both WTMCO 1094 W50 & XTMCO 1094 W50.

PLC (Programmable Logic Controllers) Troubleshooting
A-B SLC 500/RSLOGIX 500 & Siemens S7
Learn programming and troubleshooting of programmable controllers and their use in industrial, commercial, and residential applications.
80 hrs (45 hrs class; 35 hrs-e-learning).
Lower Bucks Campus/ $1,435/ WTMCO 1124 W50 & XTMCO 1124 W50/ 8 Tu & 7 Th, 7/10-8/28, 5:30-8:30 pm
Register for both WTMCO 1124 W50 & XTMCO 1124 W50.

Testimonial:
Two years ago an employee attended the PLC training course from BCCC. We are very impressed with the progress made and are contemplating sending the majority of Maintenance Staff through this same course.
B. Ferguson, Maintenance Supervisor, Greif, Warminster Steel

The Center for Workforce Development reaches out to employers in Bucks County. We offer affordable, dynamic, quality training programs customized to meet your company’s needs. Classes can be delivered on-site at your location or at one of BCCC’s three campuses. Here’s a sampling of our offerings.

**Computer Skills**
- AutoCAD
- Database Design and Administration
- Desktop Computer Applications
- Information Technology
- IT Security
- Microsoft Office
- Network Systems Administration
- Programming Languages
- Web Design

**Job-Specific Skills**
- Allied Health
- Blueprint Reading
- CPR/AED/First Aid
- Energy Efficiency/Green Jobs Training
- HIPAA
- Human Resources
- Industrial/Mechanical Maintenance
- Industrial Safety
- Lean Six Sigma
- Metrics and Measurement
- OSHA Compliance
- PLC Troubleshooting
- Real Estate Mandatory Continuing Education
- ServSafe™ and HACCP Certification
- Electrical Pre-Apprenticeship

**Professional/Personal Development**
- Business Math
- Business Writing
- Change Management
- Coaching
- Command Spanish
- Conflict Resolution
- Customer Service
- Diversity Awareness
- Effective Meeting Management
- Executive Management
- Interpersonal Communication
- Leadership and Supervision
- Negotiation Skills
- Performance Evaluation
- Presentation Skills
- Problem Solving/Decision-making Skills
- Project Management
- Sales Training
- Stress Management
- Teambuilding
- Time Management
- Workplace English as a Second Language
- Workplace Foundation Skills

Information Technology

The Department of Continuing Education offers computer training through individual courses, certification programs and online learning. This is hands-on learning coupled with instructors who are well-versed in the latest technologies. All Information Technology and computer literacy programs can also be customized for the workplace as well. The Center for Workforce Development can assist in developing a customized training plan to meet the needs of businesses and organizations.

Whether you are a novice or an experienced user, you will find courses and programs in the following technology areas that will provide you with the opportunity to improve your skills:

- Hardware and Software Applications
- Office Administration
- Computer Graphics
- Networking
- Web Development and Design
- Database Administration
- Server Administration
- Cloud Computing/ Virtualization

The College is an independent organization dedicated to quality instruction and has no allegiance to any manufacturer or supplier of computer hardware or software.

Microsoft Certification Upgrades

Upgrading your MCSE/MCAS Certification to Windows Server 2008 Certification (80 Hours) (Exams 70-649 & 70-648)

Exam 70-649 & 70-648: TS: Upgrading Your MCSE/MCSA on Windows Server 2003 to Windows Server 2008, Technology Specialist: counts as credit toward the following certification(s):

- MCITP: Server Administrator
- MCITP: Enterprise Administrator

**MCSE Students**

70-649 is an upgrade exam that is a composite of three stand-alone exams: Exams 70-640, 70-642, and 70-643. Exam 70-649 validates the skills that relate to the core technology features and functionality of Windows Server 2008 R2 and builds upon the knowledge base of a Microsoft Certified Systems Engineer (MCSE) on Windows Server 2003.

**MCSE Prerequisites:**

Exam 70-649 is intended for IT professionals who currently hold an MCSE on Windows Server 2003 certification and work in the complex computing environment of medium to large companies. The MCSE on Windows Server 2003 is a prerequisite for this exam. Without it, your transcript will show that you passed the exam but will not show credit for the resulting certifications.

When you pass Exam 70-649: TS: Upgrading Your MCSE on Windows Server 2003 to Windows Server 2008, Technology Specialist, you complete the requirements for the following certification(s):

- Microsoft Certified Technology Specialist (MCTS): Windows Server 2008 Active Directory Configuration
- Microsoft Certified Technology Specialist (MCTS): Windows Server 2008 Network Infrastructure Configuration
- Microsoft Certified Technology Specialist (MCTS): Windows Server 2008 Application Platform Configuration

**MCSA Students**

Exam 70-648 is an upgrade exam that is a composite of two stand-alone exams: 70-640 and 70-642. Exam 70-648 validates skills related to the core technology features and functionality of Windows Server 2008 R2, from the existing knowledge base of a Microsoft Certified Systems Administrator (MCSA) on Windows Server 2003.

**MCSA Prerequisites:**

Exam 70-648 is intended for IT professionals who currently hold an MCSA on Windows Server 2003 certification and work in the complex computing environment of mid-sized to large companies. The MCSA on Windows Server 2003 certification is a prerequisite for this exam. Without it, your transcript will show that you passed the exam but will not show credit for the resulting certifications.

When you pass Exam 70-648: TS: Upgrading from Windows Server 2003 MCSA to, Windows Server 2008, Technology Specializations, you complete the requirements for the following certification(s):

- Microsoft Certified Technology Specialist: MCTS Windows Server 2008 Active Directory Configuration
- Microsoft Certified Technology Specialist: MCTS Windows Server 2008 Network Infrastructure Configuration

**TS: Upgrading your MSCE/MCSA on Windows Server 2003 to Windows Server 2008** (80 Hours)

Newtown Campus/ $1,495 / WITAC 1086 C02/ 10 Mon & 10 Wed, 10/10–12/19 (no class 10/31), 6-10 pm
Cisco Certified Networking Associate

These CCNA courses will provide you with a thorough understanding of the pathways, protocols and devices that make up a network. These are indispensable skills for security, infrastructure, servers as well as desktop technicians. Cisco Certified Network Associate (CCNA®), is the first step on the Cisco career certification path. This course prepares you for the 640-802 CCNA® exam.

Module 1: Networking Fundamentals (76 Hours)
This first module introduces the student to networking terminology and theory. Topics include an in-depth review of the Open System Interconnection (OSI) model, networking protocols and standards, and IP Addressing. The student will also learn how to build and configure a simple Ethernet network using routers and switches using the Cisco Command Line (CLI) interface.
$940 / WITAC 1011 C01 & C70/ 6-10 pm
Newtown Campus / C01 / 10 Mon & 9 Wed, 6/4-8/13 (no class 7/2, 7/4)
Upper Bucks Campus / C70 / 10 Mon & 9 Wed, 9/10-12/3 (no class 9/17, 9/26, 10/1, 10/8, 10/31, 11/21)

Module 2: Routing Protocols and Concepts (68 Hours)
The second module will explore basic routing protocols from RIPv2 to more advanced protocols like EIGRP and OSPF with the use of Packet Tracer Labs and hands-on labs. Subnetting and Advanced IP addressing will be used to further refine the student’s ability to design and configure network equipment.
Newtown Campus/ $940 / WITAC 1012 C01 9 Mon & 8 Wed, 9/10-11/26 (no class 9/17, 9/26, 10/1, 10/31, 11/21), 6-10 pm

Module 3: LAN Switching and Wireless2 (36 Hours)
The third module includes basic and advanced LAN switching concepts, with an introduction to Wireless Technologies. The student will explore LAN design, basic and advanced switch configuration, Virtual Local Area Networks (VLAN), Virtual Trunking Protocol (VTP), and the Spanning Tree Protocol (STP), along with Inter VLAN routing.
Lower Bucks Campus / $520 / WITAC 1013 C50/ 5 Tu & 4 Th, 6/26–7/31 (no class 7/3, 7/5), 6-10 pm

Module 4: Wan Technologies (36 Hours)
The fourth and final module leading to the Cisco Certified Network Associate (CCNA) certification covers Wide Area Network (WAN) design. Topics include, Point-to-Point (PPP) protocol, Frame Relay, as well introduction to Network Security theory, Access Control List’s (ACL) and the use of the Security Device Manager (SDM). Students will also get an introduction to Virtual Private Networks (VPN), IP Addressing services and network troubleshooting.
Lower Bucks Campus / $520 / WITAC 1014 C50/ 5 Tu & 4 Th, 8/14–9/20 (no class 9/4, 9/6, 9/18, 9/20), 6-10 pm

Scheduling information on these courses can be found at: [www.bucksitacademy.com](http://www.bucksitacademy.com) or at (215) 968-8132.

Cisco classes are now available at all 3 Bucks Campuses!!
Certification Information at [www.cisco.com](http://www.cisco.com)
Cisco Certified Security Professional (CCSP)

Cisco Certified Security Professional (CCSP®) validates advanced knowledge and skills required to secure Cisco networks. With a CCSP certification, a network professional demonstrates the skills required to develop a security infrastructure, recognize threats and vulnerabilities to networks, and mitigate security threats.

This course prepares the student to take the 640-553 Implementing Cisco IOS Network Security (IINS) exam. The CCNA Security certification lays the foundation for job roles such as Network Security Specialist, Security Administrator and Network Security Support Engineer. It is the first step for individuals wishing to obtain their CCSP certification.

Prerequisites: 640-802 CCNA

Newtown Campus/$1,095 /WITAC 1016 C01

Students who complete 642-515 and 642-524 are “ASA Specialists”
Database Administration

**Introductory Classes - Introduction to SQL (48 Hours)**
You will be introduced to the concepts involved in designing and using a database management system. Learn key concepts - the basic structures of relational databases, how to read and write simple and complex SQL statements, and advanced data manipulation techniques.

**Prerequisite:** Experience with database design would be helpful.

Newtown Campus $630 / WITTAC 2500 C01/ 8 Sa, 9/15–11/3, 9 am-3:30 pm

---

**Microsoft SQL Server 2008 – Implementation and Maintenance (48 Hours)**

Microsoft Certified Technology Specialist (MCTS)

Technology Specialists typically pursue careers as database administrators, database developers, or business intelligence developers.

This course will prepare students to take exam 70-432 - Microsoft SQL Server 2008 – Implementation and Maintenance.

**Prerequisites:** You must have prior networking experience and database design. Introduction to SQL (WITTAC 2500) would be an excellent prerequisite for this course.

$760 / WITTAC 2510 C01 & C70

Newtown Campus/ C01/ 8 Sa, 11/17–1/26/2013 (no class 11/24, 12/29, 1/5), 9 am-3:30 pm

Upper Bucks Campus / C70/ 6 Tu & 6 Th, 6/26–8/9 (no class 7/3, 7/5), 6-10 pm

---

**Microsoft SQL Server 2008 Business Intelligence Development and Maintenance (40 Hours)**

In this module, you will learn how to implement SSIS, SSAS, and SSRS solutions. Along with this, the candidate will configure, deploy and maintain SSIS, SSAS and SSRS services.

Exam 70-448: Microsoft SQL Server 2008, Business Intelligence Development and Maintenance

**Prerequisites:** You must have prior networking experience and database design. Introduction to SQL – (WITTAC 2500) would be an excellent prerequisite for this course.

$680 /WITTAC 2504 C50 & C70, 6-10 pm

Lower Bucks Campus/ C50/ 6 Mon & 4 Wed, 10/15-11/19 (no class 10/31)

Upper Bucks Campus / C70/ 5 Tu & 5 Th, 11/15-12/20 (no class 11/22)

---

**Oracle Database Administration**

This course will provide basic understanding of an Oracle database administrator’s skills. The course will help prepare you for Oracle Certification. The course lectures and studies are focused on Oracle 11g and the Oracle Certified Associate (OCA). It covers topics relevant to the certification exam, 1Z0-052, Oracle 11g: Database Administration I. You will get an understanding of simple UNIX commands, database architecture, software installation, database creation, storage management, schemas, security, data concurrency, network, data moving, backup and recovery.

**Prerequisite:** WITTAC 2500 Introduction to SQL or have experience using SQL

Newtown Campus/ $799/ WITTAC 2015 C01/ 10 Tu, 10/9-12/18 (no class 11/6), 6-10 pm

---

**MCITP: Database Administrator (Microsoft Certified IT Professional)**

**Microsoft Certified IT Professional: Database Administrator (80 Hours)**

The premier certification for database server administrators. Database administrators install or configure Microsoft SQL Server and manage or maintain databases or multi-dimensional databases, user accounts, database availability, recovery, and reporting. They also design or implement security or server automation and monitor and troubleshoot SQL Server activity. This course will prepare students to take Exam 70-450 Exam 70-450: Designing, Optimizing and Maintaining a Database Server Infrastructure using Microsoft SQL server 2008.

**Prerequisites:** WITTAC 2510 Microsoft Certified Technology Specialists in SQL Server 2008

Upper Bucks Campus / $1,310 /WITTAC 2511 C70/ 8 Tu & 12 Th, 8/21-11/8 (no class 9/18, 9/25, 10/2, 11/6), 6-10 pm

---

Introduction to Google Android Programming (42 Hours)
Android is one of the quickest growing technologies in the SmartPhone and Tablet markets. It is used for mobile and standalone applications, Internet and Telephony based applications, and map-based applications providing Location Based services using Android's GPS support. Thousands of Android Apps are available on the Internet and the number is growing daily. This course provides an introduction to the Android Architecture and its Development and Application Environments. The focus is on how to program for Android from a basic introduction to more advanced features, as well as deploying applications to your Android SmartPhone or Tablet. This is a hands-on Programming course in a lab environment where you will practice your skills to develop practical experience. Android Emulators will be used to run and test our code - you do not need an Android device for this course.

Call our IT Academy for more information at: 215-968-8132

VMware (80 Hours)
This course provides the knowledge and skills needed to operate a VMware ESXi server in a single-server environment. Topics covered include: Virtualization Concepts, Server Configuration, Virtual Machine Management, Networking, Performance Monitoring, and more. This course also includes interactive simulations designed to reinforce many of the lessons learned.

$1,495 / WITAC 2200 C02 & C50 / 6-10 pm
Newtown Campus / C02/ 9 Tu & 11 Th, 9/27-12/13 (no class 10/2, 11/6, 11/22)
Lower Bucks Campus / C50/ 10 Mon & 10 Wed, 6/4- 8/15 (no class 7/2, 7/4)

Google Cloud (9 Hours)
Cloud technologies are quickly becoming the technology infrastructure for the masses with its broad access points, durability, and utility nature. Learn what is available today on the cloud for general purpose computing such as creation, storage, collaboration, and version control of documents, presentations, and spreadsheets. Start using the cloud today and defer or eliminate that next purchase of computing equipment (desktop, laptop, disk storage, portable storage, backups, etc.). Access the information from anywhere, anytime, with any browser enabled device, and with confidence.

Newtown Campus / $179 / WCOSY 2800 C02/ 3 Sa, 9/8-9/22, 9am-noon

Introduction to Google’s AppEngine (12 Hours)
Learn to quickly build simple web applications for and deploy web sites on the Google Cloud using the Google AppEngine and free hosting service. The Google App Engine is an exciting new technology that provides a simple framework and basic web tools to build complete web applications. With a complete development stack for building and hosting web applications in AppEngine, a developer writes the application code, tests locally, then uploads to deploy onto the Google Cloud, where the application will reside and run.

Newtown Campus /$240 / WITAC 2120 C02/ 4 Sa, 10/6-10/27, 9am-noon

Monthly Information Sessions!
Information Sessions are held at each campus once a month and are free to anyone who attends. Join us to learn about new and updated course offerings from the IT Academy.

Microsoft’s Visual Studio

Introduction to Programming in C# (42 Hours)
This course is an introduction to Microsoft C# programming and is an entry-level course for students. The course introduces Microsoft’s C# programming language, which is part of Microsoft’s .NET Framework and extensively used in developing Windows and Web-Based applications, as well as games for Windows and Xbox 360. This course provides a solid programming background for the student as a standalone course, or as a foundation for more advanced programming for Web and Database applications using ASP.NET and ADO.NET; game development using Microsoft’s XNA framework, or in preparation for additional study towards the Microsoft Certified Professional Developer examinations.

Lower Bucks Campus/ $680 / WITAC 2103 C51/ 6 Tu & 6 Th, 11/8-12/20 (no class 11/22), 6:30-10 pm

Advanced Programming in C# with Microsoft Visual Studio (42 Hours)
This course is designed for students already familiar with the fundamentals of C# who are looking for more in depth advanced programming techniques and other key components provided by the .NET Framework. The course will be a mix of instructor-led lecture and hands-on lab exercises in class using Microsoft’s Visual Studio Integrated Development Environment.

Prerequisite: Introduction to Programming in C# WITAC 2103

Newtown Campus/ $760 / WITAC 2104 C01/ 12 Mon, 9/10-12/17 (no class 9/17, 10/1, 10/8), 6:30-10 pm

Introduction to Web Development using Microsoft Visual Studio with ASP.NET
This course is designed for students already familiar with the fundamentals of C# who are looking for a concentration in developing Web applications. This course will expand upon the C# language foundation and fundamentals of ASP.NET and focus on various controls available for Web Applications, Designing and Implementing Web Sites, State Management, ASP.NET AJAX, and Database access via ADO.NET and LINQ. The course will be a mix of instructor-led lecture and hands-on lab exercises in class using Microsoft’s Visual Studio Integrated Development Environment.

Prerequisites: WITAC 2104 Advanced Programming in C# with Microsoft Visual Studio

Lower Bucks Campus / $760 / WITAC 2106 C50/ 5 Tu & 7 Th, 9/11-10/30 (no class 9/18, 9/25, 10/2), 6:30-10 pm

Free Computer Workshop

Computer Basics (3 hours)
In this FREE hands-on workshop, you will gain an understanding of the basic parts of a computer and devices attached to your computer. There will be a brief overview of the Windows Operating System and the Internet. Enrollment is limited.

RCOSY 0016 C02, C51 & C71/ 6:30-9:30 pm
Newtown Campus/ C02/ Tu, 10/2,
Lower Bucks Campus/ C51/Tu, 9/11
Upper Bucks Campus/ C71/ Mon, 9/10

Desktop Technician/Server Administrator

Networking and Computer Fundamentals (24 Hours)
Mastering the concepts taught in the Networking and Computer Fundamentals course are essential to a successful career in information technology. You will receive an overview of basic application software (Microsoft Office), Networking technologies and protocols (Ethernet, TCP/IP). This course is an excellent foundation for computer certification programs in Microsoft, Cisco and CompTIA. Courses such as A+ and Network+ are recommended as part of the student’s IT career path. You will have hands-on lab experience, which will include software installation and a brief introduction to networking troubleshooting.

Newtown Campus / $380 /WITAC 1001 C01/ 3 Tu & 3 Th, 8/21-9/13 (no class 9/4, 9/6), 6-10 pm
A+ Certification (128 Hours)
The A+ Certification Program offers a standard of excellence to the PC support industry. CompTIA A+ program prepares you for certification by providing instruction on system configuration, installation, upgrades, diagnosis, repair, preventive maintenance, and safety of vendor neutral PC Hardware. Many high-tech companies require their support staff to be certified.

**Prerequisite:** Networking and Computer Fundamentals WITAC 1001 or Basic computer and networking knowledge including file management in a Windows environment

**Certification Tests:**
- 220-701 for CompTIA A+ Essentials
- 220-702 for CompTIA A+ Practical Application

Newtown Campus/ $1,855 /WITAC 2002 C01
22 Sa, 9/15-2/16/2013 (no class 11/24, 12/29, 1/5/2013), 9 am-3:30 pm (3/2, 9 -11 am)

Network+ Certification (72 Hours)
Network technicians need to be certified in order to advance in the industry. A certified technician has a much better chance of finding work in the industry. Whether you're looking to upgrade your skills, advance your career, or start a career in networking, the Network+ certification course is for you.

**Prerequisite:** Basic computer knowledge including file management in a Windows environment.

**Certification Test:**
- N10-004 for CompTIA Network+ Certification

Security+ Certification (64 Hours)
CompTIA Security+ is an international, vendor-neutral certification that demonstrates competency in network security; compliance and operational security; threats and vulnerabilities; application, data and host security; access control and identity management; and cryptography. CompTIA Security+ provides the knowledge of security concepts, tools and procedures to react to security incidents.

**Certification Test:**
- SY0-301 for CompTIA Security+ Certification

Newtown Campus/ $799/WITAC 0511 C01
11 Sa, 9/15-12/1 (no class 11/24), 9 am-3:30 pm

Linux+ Certification (72 hours)
CompTIA Linux+ validates the fundamental knowledge and skills required of a Linux Administrator. The course will cover system architecture, GNU and UNIX commands, user interfaces and desktops, Linux installation and package management. Students who take this course and the certification test will also attain the LPIC-1 certification.

**Certification Test:**
- LX0-101 covers system architecture; Linux Installation and package management; GNU and Unix commands; devices, Linux file systems, and file system hierarchy standards.
- LX0-102 covers shells, scripting and data management; user interfaces and desktops; administrative tasks; essential system services; networking fundamentals and security.

AutoCAD® 2012 Essentials (36 hours)
Are you a new AutoCAD user? If you require comprehensive training to produce 2D drawings in AutoCAD, this course is for you. It incorporates the features, commands, and techniques for creating, editing, and printing 2D drawings with AutoCAD 2012. You will learn skills that can be used in all disciplines of AutoCAD, and specifically Engineering. Hands-on exercises throughout the course explore how to create 2D production drawings. Prerequisite: A good working knowledge of PCs and Microsoft Windows is necessary for this class. An understanding of basic drafting skills and blueprint reading is helpful.
$625/ WCOAP 6064 WB1 & W50
Newtown Campus/WB1/4 Tu & 5 Th, 6/26-7/26 (no class 7/3), 6-10 pm
Lower Bucks Campus/W50/Mon-Fri, 8/6-8/10, 8:30 am-4:45 pm
Approved Hours: 36 (Act 48, Engineers)

Revit® Architecture Basics
Revit® 2012 is a parametric 3D modeling software that works the way architects and designers think. This course will introduce you to Building Information Modeling (BIM) and the tools for parametric design and documentation. You will quickly gain an understanding of how Revit can enhance your project designs by communicating your ideas faster and easier. The course will cover the concepts and introduce Revit tools to create a schematic design from construction documentation to design visualization.
Pre-requisite: A working knowledge of computers, MS Windows, and previous experience in architectural design, drafting, or engineering is necessary. No previous CAD experience is necessary.
Newtown Campus/$745/WCOAP 6068 WB1/ 4 Tu & 5 Th, 8/2-8/30, 6-10 pm
Approved Hours: 36 (Act 48, Engineers)

Access 2010 Level 1 (9 Hours)
Students will learn the basic components of an Access database, the structure of a database, manage data in tables, design forms and generate reports. $179 (plus book fee)/WCOAP 3030 C01, C50, C71/ 6:30-9:30 pm
Newtown Campus/ C01/ 3 Th, 6/14-6/28
Lower Bucks Campus/ C50/ 3 Tu, 10/9-10/23
Upper Bucks Campus/ C71/ 3 Th, 10/4-10/18
Approved Hours: 9 (Act 48, CPA)

Access 2010 Level 2 (9 hours)
Learn how to streamline data entry and maintain data integrity, join tables, create flexible queries, modify data, improve forms, customize reports and share data between Access and other applications. $179 (plus book fee)/ WCOAP 3031 C01, C50 & C71/6:30-9:30 pm
Newtown Campus/ C01/ 3 Th, 7/12-7/26
Lower Bucks Campus/ C50/ 3 Th, 11/1-11/15
Upper Bucks Campus/ C71/ 3 Th, 11/1-11/15
Approved Hours: 9 (Act 48, CPA)

Access 2010 Level 3 (12 Hours)
Students will learn how to restructure data into appropriate tables, write advanced queries, create and revise macros, more about customizing reports and maintaining their databases using the tools available within Access. $240 (plus book fee)/ WCOAP 3034 C01, C50 & C71, 6:30-9:30 pm
Newtown Campus/ C01/ 4 Th, 8/9-8/30
Lower Bucks Campus/ C50/ 4 Tu, 11/27-12/18
Upper Bucks Campus/ C71/ 4 Wed., 11/7-12/18
Approved Hours: 12 (Act 48, CPA)

Excel 2010 Level 1 (9 Hours)
This course is for students who desire to gain the necessary skills to create, edit, format, and print basic Microsoft Office Excel 2010 worksheets.
$179 (plus book fee)/WCOAP 1535 C01 & C71/ 6:30-9:30 pm
Newtown Campus/ C01/ 3 Tu, 6/12-6/26,
Upper Bucks Campus/ C71/ 3 Tu, 10/9-10/23
Approved Hours: 9 (Act 48, CPA)

Excel 2010 Level 2 (9 Hours)
Learn to use advanced formulas and work with various tools to analyze data in spreadsheets, organize table data, present data as charts, and enhance the look and appeal of workbooks by adding graphical objects. Level 2 also covers both PivotTables and the VLOOKUP function
$179 /WCOAP 1536 C01 & C71/6:30-9:30 pm

Upper Bucks Campus/ C71/ 3 Wed., 11/7-11/21
Approved Hours: 9 (Act 48, CPA)

Continued on page 49
QuickBooks Pro/Premier 2010 (15 Hours)
Learn to setup a new company, work with chart of accounts, customer and vendor lists, handle cash, accounts receivable and payable. QuickBooks has the most comprehensive tools for fast and easy financial management to help your business achieve better results.
$299 / WCOAP 1606 C50 & C71/ 6:30-9:30 pm
Lower Bucks Campus/ C51/ 5 Wed, 10/3-11/7
(no class 10/31)
Upper Bucks Campus /C71/ 5 Th, 8/30-9/27
Approved Hours: 15 (Act 48, CPA)

QuickBooks Payroll Module (6 Hours)
Learn how to process payroll in the most popular accounting program today. Through this hands-on class you will learn how to set up payroll, process paychecks, and get familiar with the screen elements. Navigating with QuickBooks is a breeze.
Prerequisite: QuickBooks Pro/Premier class (WCOAP 1606) or have good working knowledge of QuickBooks.

QuickBooks: Tips and Tricks – (4 Hours)
Learn how to customize your work space, statements and reports; How to “fix” or correct past data entry transactions; generate trial balances and other reports for your Accountant
Approved Hours: 4 (Act 48, CPA)

Call our IT Academy for more information at: 215-968-8132

Microsoft Office 2010 Overview (60 Hours)
(Word, Excel & PowerPoint)
Upon completion of this course you will be able to navigate through the features of Microsoft’s Office applications (Word, Excel, PowerPoint). Gain the knowledge to be proficient in word processing, spreadsheets and presentations. Knowledge of these software applications is mandatory in the job market-place. You will also learn how to navigate between applications which include OLE (Object Linking and Embedding), mail merge and other administrative tools. Prerequisites: Working knowledge of computers including file management.
(See separate listing for Access 2010 classes)
$999 / WCOAP 0104 C50, C70. 6:30-9:30 pm
Lower Bucks Campus/ C50/ 10 Tu & 10 Th, 6/5-8/16 (no class 7/3, 7/5)
Upper Bucks Campus/ C70/ 10 Mon & 10 Wed, 6/4-8/15 (no class 7/2, 7/4)
Approved Hours: 60 (Act 48)

OpenOffice (30 Hours)
Instead of paying $100’s for Microsoft Office, why not download and learn how to maneuver OpenOffice for free? You are required to bring a 2 Gb USB Flash drive to class. Knowledge of basic word processing skills is recommended.
$470 / WCOAP 7010 C50 & C70/ 6:30-9:30 pm
Lower Bucks/ C50/ 10 Wed, 7/11-9/19 (no class 9/5)
Upper Bucks Campus/ C70/ 10 Tu, 6/5-8/14
Approved Hours: 30 (Act 48)

To register call 215-968-8409/FAX 215-968-8320/www.bucks.edu/con-ed
**Introduction to Microsoft Outlook 2010 (24 Hours)**
Learn the essentials of Microsoft Outlook 2010 from an expert instructor. Get up and running quickly with the most important aspects of the program, and even create a Google Gmail account for class assignments and personal use.

Online/ $95/ ECOAP 0064
Approved Hours: 24 (Act 48, CPA)  

**Introduction to Microsoft Project 2010 (24 Hours)**
Discover how to effectively plan, implement, and control projects using Microsoft Project 2010, the world’s most popular project management software.

Requirements: Microsoft Windows Vista or XP, Microsoft Project Standard 2010 are required. This software must be installed and fully operational before the course begins. Also required are Internet access, e-mail, the Microsoft Internet Explorer or Mozilla Firefox Web browser, and the Adobe Flash and PDF plug-ins (two free and simple downloads you obtain at http://www.adobe.com/downloads by clicking Get Adobe Flash Player and Get Adobe Reader). This course is not suitable for Macintosh users.

Online/ $95/ ECOAP 0238
Approved Hours: 24 (Act 48)

---

**Online classes for Microsoft Access, Excel, and PowerPoint are available at www.ed2go.com/bucks. All courses are $95, 6 weeks in length and a new section begins each month. See page 5 for more information about ed2go dates and registration.**

---

**HTML, XHTML & CSS (12 hours)**
Learn the basics of creating a web site using HTML. You will also be introduced to XHTML, which is used to develop more standards-compliant web sites for greater efficiency, accessibility, and forward-compatibility. Explore the use of Cascading Style Sheets (CSS) to enhance HTML formatting. This course is recommended for beginners in web site development.

Prerequisites: Working knowledge of computers is highly suggested. You should also have good desktop and file management skills: know how to create and name folders, how to name and save files, open and close applications, navigate to folders to access files, and use Internet browsers.

$240/ WCOSY 6019 C02 & C71/ 6:30-9:30 pm
Newtown Campus/ C02/ 4 Th, 9/20-10/11
Upper Bucks Campus/ C71/ 4 Wed, 8/29-9/19
Approved Hours: 12 (Act 48)  

---

**Creating a Dynamic Website with PHP and MySQL (36 Hours)**
This course takes you through all of the steps to build a product website for a business, using open-source tools that are robust, reliable and free. You will learn how to set up a database, build forms to maintain contents, and build interactive pages that make it easy for your customers to find your products. The code and techniques used here are equally useful for companies with many products, as well as artisans, craftspeople, small retailers, and others with just a few products. They can also be used to create dynamic websites allowing user logins, personalization, processing of forms and email, and much more. Bring a 2 Gig flash drive to class.

Prerequisite: The HTML, XHTML & CSS course (WCOSY 6019) OR a general understanding of programming is suggested.

Newtown Campus/ $580/WITAC 3000 C02/ 12 Tu, 10/9-12/18 (no class 11/22)
Approved Hours: 36 (Act 48)
Dreamweaver – Level 1 (12 Hours)
You will build simple websites and utilize the features of Adobe Dreamweaver CS5. Also you will learn about Adobe Web Communication using Dreamweaver CS5 objectives. This course will help you prepare to take the Adobe Certified Associate exam.

Prerequisites: Take the HTML, XHTML & CSS WITAC 6019 course or have equivalent knowledge. $240 / WCOAP 6511 C02 & C71 / 6:30-9:30 pm
Newtown Campus/ C02/ 4 Th, 10/25-11/15
Upper Bucks Campus/ C71/ 4 Wed, 10/3-10/24
Approved Hours: 12 (Act 48)

Dreamweaver CS5 Level 2 (12 Hours)
In this course you will use Adobe Dreamweaver CS5 to design and develop web pages in a WYSIWYG environment, but also have the ability to understand and work with the architecture and coding of web pages. You will work in code view, create Cascading Style Sheets, create effective user navigation, work with AP elements, automate tasks, create forms and author XML based data.

Prerequisites: Dreamweaver Level 1 WCOAP 6511 $240 / WCOAP 6512 C02, C50 & C71 / 6:30-9:30 pm
Newtown Campus/ C02/ 4 Tu, 11/29-12/20
Lower Bucks Campus/ C50/ 4 Wed, 6/6-6/27
Upper Bucks Campus/ C71/ 4 Mon, 11/5-11/26
Approved Hours: 12 (Act 48)

Flash CS5 Level 1 (15 Hours)
You will learn how to integrate text, images, video and sound into your Web projects, create animations and application interfaces. $299 / WCOAP 6040 C50 & C70/ 6:30-9:30 pm
Lower Bucks Campus/ C50/ 5 Mon, 11/12-12/10
Upper Bucks Campus/ C70/ 5 Mon, 6/11-7/16 (no class 7/2)
Approved Hours: 15 (Act 48)

Flash CS5 Level 2 (15 Hours)
You will learn how to create vector paths, animate shapes, adjust movie clip properties, use Action Script 3.0, and use Adobe Media Encoder CS5 and review project management basics $299 / WCOAP 6041 C01 & C70/ 6:30-9:30 pm
Newtown Campus/ C01/ 5 Mon, 6/25-7/30 (no class 7/2)
Upper Bucks Campus/ C70/ 5 Mon, 7/30-8/27
Approved Hours: 15 (Act 48)

Search Engine Optimization – SEO (3 Hours)
Get your site in Google and Yahoo’s top search results. Increase your site’s visibility and ranking on major search engines. Drive more “natural” and “organic” visitors using proven tagging and design principles. Simple, no gimmicks, proof of method’s success provided in class. $49 / WCOAP 6516 C02, C51 & C71/ 6:30-9:30 pm
Newtown Campus/ C02/ Th, 10/18
Lower Bucks Campus/ C51/ Tu, 10/30
Upper Bucks Campus/ C71/ Mon, 9/24

Register Online!

Adobe Illustrator CS5 (12 Hours)
These hands-on classes will allow you to create better illustrations, logos, or advertisements for print and web. Both courses are for participants who want to design with vector (and raster) graphics formats using Illustrator CS5.

Adobe Illustrator CS5 Level 1 (12 Hours)
Explore and customize the Illustrator interface; create a simple illustration; apply basic color; draw paths; work efficiently with text; manipulate layers; import swatches; customize colors with gradient fills and transparency; adjust typography; discover features new to Illustrator CS5, such as the new multiple artboards, transparency in gradients; and much more.

Prerequisites: experience using Windows or MAC

$240/WCOAP 6011 C01 & C50/ 6:30-9:30 pm
Newtown Campus/ C01/ 4 Mon, 10/22-11/12
Lower Bucks Campus/ C50/ 4 Mon, 6/11-7/9
(no class 7/2)
Approved Hours: 12 (Act 48)

Adobe Illustrator CS5 Level 2 (12 Hours)
You will build on skills covered in Level 1 - manipulate paths; enhance fills and strokes; transform shapes; apply effects and graphic styles; convert raster images to vector art; print illustrations; divide large graphics into slices; optimize artwork for the Web; export artwork in Flash format; insert graphs; discover features new to Illustrator CS5, such as the blob brush tool, simplified clipping masks; and much more.

Prerequisites: Illustrator Level 1 (WCOAP 6011)

$240/WCOAP 6012 C01 & C50/ 6:30-9:30 pm
Newtown Campus/ C01/ 4 Mon, 11/26-12/17
Lower Bucks Campus/ C50/ 4 Mon, 7/16-8/6
Approved Hours: 12 (Act 48)

Digital Camera Workshop (12 Hours)
Achieve great picture results! Learn how to use the functions of your digital camera correctly. This class covers f-stops, shutter speeds, ISO, depth of field, composition, white balance, lenses and flash. Your level of comprehension will dramatically increase after using what you’ve learned about your own camera. All types of cameras are welcome!

This class is targeted for those who want to understand how their digital camera works. In today's technology, Digital Cameras have more features than you will ever use. This class will teach you which features you will need, and want to use. Bring camera and instruction manual to class (Mandatory).

Upper Bucks Campus/ $240/RCOAP 6010 C71/ 4 Tu, 10/9-10/30, 6:30-9:30pm
Approved Hours: 12 (Act48)

Adobe Photoshop CS5 –Level 1 (12 Hours)
This course will introduce you to the world's #1 image editing program. Course topics will include screen and print resolutions, calibration, palettes and file formats. Additional topics and skills will include photo restoration and basic image editing techniques.

Prerequisite: Experience using Windows or MAC OS.

Lower Bucks Campus/ $240/WCOAP 6020 C50/ 4 Mon, 8/13-9/10, 6:30-9:30 pm (no class 9/3)
Approved Hours: 12 (Act 48)

Adobe Photoshop CS5 Level 2 (12 Hours)
This class introduces you to the next generation of image editing. Whether you are a seasoned pro or a new user to Photoshop, this class will give you the knowledge, experience, and credentials to compete in the fast paced world of graphic arts. Topics will include general knowledge, using the work area, importing and adjusting images, working with selections, creating and using layers, using masks and channels, managing and correcting color, drawing, editing, painting, and retouching.

Prerequisite: Photoshop Basic (WCOAP 6020) is recommended.

Lower Bucks Campus/ $240/WCOAP 6021 C50/ 4 Mon, 10/15-11/5, 6:30-9:30 pm
Approved Hours: 12 (Act 48)

InDesign CS5
The courses are intended for students who want to explore the basic tools and features of InDesign for creating professional page layout and designs.

InDesign CS5 Level 1 (15 Hours)
Upon the successful completion of the Level 1 course, you will be able to: identify the various elements of the Adobe InDesign interface; design documents; enhance documents with formats, color, and styles; work with page elements; manage objects; work with tables and finalize documents.

$240 / WCOAP 6522 C01 & C70/ 6:30-9:30 pm
Newtown Campus/ C01/ 5 Wed, 6/27-8/8 (no class 7/4)
Upper Bucks Campus/ C70/ 5 Wed, 9/19-10/24 (no class 10/31)
Approved Hours: 15 (Act 48)

InDesign CS5 Level 2 (15 Hours)
Upon the successful completion of the Level 2 course, you will be able to handle page elements; manage styles; develop complex paths; import and export data to external files; work with XML files; create dynamic documents; manage long documents; export InDesign files to other formats and adjust print settings.

$240 / WCOAP 6523 C01 & C70/ 6:30-9:30 pm
Newtown Campus/ C01/ 5 Wed, 8/15-9/19 (no class 9/5)
Upper Bucks Campus/ C70/ 5 Wed, 11/7-12/12
Approved Hours: 15 (Act 48)
From building an online course to improving an online course, from fostering online discussion to encouraging student interaction, from traditional assessment to online tests, this program will give you both the fundamentals of teaching online, as well as the most advanced tips and techniques in the business.

**Designing Online Instruction**
Online/ OCPED 1501 C30/ 5/21-5/25

Approved Hours: 16 (Act 48)

$195 each, or $495 for all 3 courses (certificate), or $795 to become a Certified Online Instructor (COI) with all 3 courses.

*Certified Online Instructor (COI) requires the registrant to take a 50 question exam. The registrant will have their students evaluate one of their online courses, and the Chair of the LERN Faculty Advisory Board will critique one of the registrant’s online courses.

**ACT 48**

*Information That Works*

**Students with Asperger’s Syndrome**
Today, every school in America has students who have been diagnosed with Asperger’s Syndrome—a neurological disorder on the autism spectrum. The effects of this disorder vary widely, but it is important for every teacher to understand how to recognize behaviors that may indicate Asperger’s Syndrome. In this course, you take away strategies for working effectively with Asperger’s students. And you will find out how to work effectively with parents to create the most positive learning environments for children and teens with Asperger’s Syndrome.

The course is geared for K-12 teachers, but it is also relevant for counselors, faculty in higher education, parents and anyone else interested in understanding this important issue.

Online/ OCPED 1553 C30/ $245/ 6/4-6/29
Approved Hours: 16 (Act 48)

**Gender in the Classroom**
Discover why girls waste 30% of their study time, why boys get worse grades than girls, why boys do less homework than girls, and the 5 learning habits that hurt girls in the workplace.

Discover how girls learn. Take away 10 top tips for helping girls learn more, and the 5 tips to help girls succeed more. Then discover how boys learn. Take away 10 top tips for helping boys learn more, and the 5 tips to help boys succeed more. Get research data not available anywhere else.

Online/ OCPED 1551 C30/ $245/ 6/4-6/29
Approved Hours: 16 (Act 48)

**Online Learning and Teaching for K-12 Teachers**
Discover the fascinating world of online learning and teaching. Specifically for K-12 teachers, you will find out why and how your students learn online. Find out about the wonderful tools being used, from drag-and-drop games to virtual labs. Then find out how you can begin to use the web in your own teaching. See why web-enhanced courses are being introduced in K-12 schools. Then take home online strategies for helping your students to learn more and preparing them for the workplace.

Online/ OCPED 1552 C30/ $245/ 6/4-6/29
Approved Hours: 16 (Act 48)

**Social Media and Online Tools for K-12 Teachers**
Get the latest info on why, and how, your students are using social media. Discover the tricks of the trade in using Facebook, Twitter and other social media. Find out how social media is being used in education. Then come away with tips on how you can use social media to help your students learn more.

For any teacher interested in social media, from beginners to advanced social networkers.

Online/ OCPED 1550 C30/ $245/ 7/2-7/27
Approved Hours: 16 (Act 48)
Generational Learning Styles for K-12 Teachers
Regardless of your age, it is always helpful to increase your understanding of how your current students learn and what your future students might need. Your students learn differently than you do. Come find out how to help your students learn more, and discover something new about yourself too! Explore fascinating information on the brain and how each generation has responded to their unique “cohort experience”. You will acquire the skills and information needed to facilitate Gen Y and the emerging generation of learners. Understand how your own generational characteristics impact your learning AND your teaching. Come away with our top 20 generational techniques for helping your students learn more.

Online/ $245/ OCPED 1555 C30/ 7/2-7/27
Approved Hours: 16 (Act 48)

Teaching Ethics to the Middle School Students
Ethics can often be a tricky subject to teach, especially to middle school students who are still early in the process of forming their own moral and ethical codes. Giving them a systematic approach to arrive at ethical decisions will prove beneficial to your students and to your classroom projects and discussions. Joel Chodoroff, M.Ed.
Upper Bucks Campus/ $199/ OCPED 0580 C70/ Mon-Fri, 7/9-7/13, 9 am-noon

The Creative Classroom: How to Put a New Spin on your Everyday Routine
All teachers can fall into ruts—it is bound to happen over the course of your career. While curriculums and educational buzzwords may change, the daily routines of your classroom often do not. By rethinking the way you do those mundane tasks, you can help make your class more exciting and interesting for everyone involved. Joel Chodoroff, M.Ed.
Upper Bucks Campus/ $199/ OCPED 0581 C70/ Mon-Fri, 7/16-7/20, 9 am-noon

The Show Must Go On: A Director’s Survival Guide
Participating in a school play can be a wonderful experience for your students, but is often overwhelming to the director! This course provides you with organizational techniques and tips for creating a successful program. Explore the pitfalls and the problems while learning proven tips for consistently successful shows. Kathleen Gaynor, M.Ed
Newtown Campus/ $149/ OCPED 0578 C01/ 8 Tu, 6/5-7/31 (no class 7/3), 8-9:30 pm
Approved Hours: 12 (Act 48)

Theater Games
Theatre games and activities provide an open ground for your students to connect, communicate, experience, respond, experiment, and discover. They are the best way to build an ensemble, develop skills, and brainstorm ideas in a variety of subject areas. Experience these activities as a student and learn first hand how to facilitate them. Kathleen Gaynor, M.Ed
Newtown Campus/ $149/ OCPED 0579 C01/ 8 Tu, 6/5-7/31 (no class 7/3), 6-7:30 pm
Approved Hours: 12 (Act 48)
Continuing professional competency obtained by a licensee should maintain, improve or expand skills and knowledge obtained prior to initial licensure, including law and ethics applicable to the profession, or develop new and relevant skills and knowledge. No credit shall be given for a course in practice building or office management.

Each licensee shall be required to obtain twenty-four PDH units during the biennial renewal period. If a licensee exceeds the requirement in any renewal period, a maximum of twelve PDH units may be carried forward into the subsequent renewal period.

Visit [http://www.pdhengineer.com/States/pennsylvania_state_requirements.htm](http://www.pdhengineer.com/States/pennsylvania_state_requirements.htm) for more details on what types of courses are approved.

Be an Advocate, Not a Bystander: Sexual Abuse and Assault in Children and Adolescents

We are continually hearing of more and more cases where children and adolescents are victims of sexual abuse and assault. Unfortunately, adults often become helpless bystanders rather than advocates for these victims. Learn how to be an advocate for children and adolescents who have been, or are at risk of being, sexually abused or assaulted. This course will discuss a range of sexual crimes affecting today's youth (including through the Internet), warning signs of abuse, consequences of abuse, characteristics of pedophiles and other sex offenders, and prevention tips.

Music

Harp Therapy
Research indicates that music, most especially harp music, has a positive effect on the body, mind and emotions. A music background, while helpful, is not necessary. More important is your desire to play beautiful music on a beautiful instrument. Harps are available for rent or purchase. Please call Bedside Harp directly at 215-752-7599 to arrange for an instrument prior to the first class. Classes are kept small to assure individualized attention. Enrollment is limited to 6 students per section. There is a one-time $125 materials fee for new students which includes text, music and handouts. Edie Elkan, B.A.

All sessions will be held at Bedside Harp, 6318 Nesbitt Valley Drive, Bensalem, PA / $399 (plus $125 materials fee payable to instructor)/ Contact Bedside Harp for times and dates. Approved Hours: 8 (Act 48)

Guitar for the Adult Beginner, continued
This course picks up where “Guitar for the Adult Beginner” leaves off. It’s still a class for the beginner and is open to anyone. This class is ideal for returning students as well as those that feel they are not an absolute beginner but not ready for anything too intense. Minimal experience is required. Completion of “Guitar for the Adult Beginner” is not mandatory. Must provide own guitar. Don Leffler, B.M.

Newtown Campus/$89/RMUSC 1169 C01 8 Mon, 6/11-7/30 6:30-7:30 pm
Approved Hours: 8 (Act 48)
Beatles 101
From “Here Comes the Sun” to “Blackbird” to “Let it Be’, learn how to play and arrange Beatles music on the guitar. Some experience required. This class is ideal for people that have taken “Guitar for the Adult Beginner” and perfect for those that like to sing while playing the guitar. Must provide own guitar. Don Leffler, B.M.

Newtown Campus/$89/RMUSC 1189 C01
8 Th, 6/7-7/26, 7:45-8:45 pm
Approved Hours: 8 (Act 48)

Private Music Lessons
Private instruction is offered by special arrangement with the Music Faculty. For registration and/or information, please call 215-968-8409. The following lessons are available through continuing education:

Banjo: Sanford Bender
Flute: Carol Carpenter
Guitar: Don Leffler, Thomas Giacabetti
Oboe: Beth Benson
Piano: Elizabeth Crockett, Jeff Baumeister, M.M.
Saxophone: Len Pierro
Percussion: Mark Pultorak
Violin: Russell Hoffman
Voice: Charles Smith

Newtown Campus Fees:
• 6 half-hour lessons $129
• 6 one-hour lessons $249
• 12 half-hour lessons $249
• 12 one hour lessons $489

Accessing Your Intuitive and Creative Self
The answers to all of our questions are within us. Learn to overcome the problems and barriers you may be experiencing and discover your own truthful answers. Dr. Philip Holder has appeared in many magazines, on radio, and on television and can help you understand and perhaps experience this amazing phenomenon. Philip Holder, PhD

Newtown Campus/$35 (plus $25 materials fee payable to instructor)/RCEGN 6742 C01
Wed, 6/6, 6:30-9:30 pm

Have You Had a Spiritual Experience?
Many of us have experienced the wonder of a spiritual experience in our daily life. Explore the spiritual significance of dreams, out of body experiences, near death experiences, Soul Travel, experiences with the inner light and sound, experiences with inner guides such as angels, and most importantly, experiences of divine love. Discover active techniques to recognize the presence of divine spirit in your life and tap into this creative life source. Dr. Peter V. Plumb and Lisa Gage

Newtown Campus/$29/ RHEAL 0033 C01
Tu, 7/17, 6:30-9:30 pm

Past Lives: The Theory and the Experience
Is it real or is it fantasy? Would you like to know if you are an old spirit, if you have lived a previous life or lives? In many cultures it is believed that our fears and anxieties, our talents and creative abilities, may have their roots in experiences from a previous life. By discovering our past experiences, and how they have led us to where we are now, we can better understand ourselves, our likes, our dislikes, our fears, our goals and our desires. During class, Dr. Holder will ask for volunteers who would like to experience a past life regression through hypnosis. Note: Please plan to arrive early as doors will be closed to avoid disruption. Philip Holder, PhD

Newtown Campus/$35 (plus $25 materials fee payable to instructor)/RHEAL 0032 C01/ Tu, 6/19, 6:30-9:30 pm

Mon-Fri, 6/25-6/29, 8:30 am-4 pm
Approved Hours: 35 (Act 48)

Plein Air Painting – Weekend Workshop
Join us for an intensive two day workshop in landscape painting at sites near the college. Working with oil paints, you will be instructed in color, design, layout, perspective, techniques, and use of materials, and other topics determined by student interest. We will initially meet in a classroom, and then at various outdoor sites weather permitting. Please bring bag lunch. A materials list is available on request. Larry Chestnut, B.A.
Newtown Campus/$99/RFNRT 2517 C01
2 Sa, 6/9-6/16, 9 am-2 pm
Approved Hours: 9 (Act 48)

Alla Prima Painting
The artist Cecilia Beaux was advised by seascape artist Alexander Harrison to take up plein air painting….to help her portrait and figure painting. The idea was to quickly render the subject before the subject moved or the environment changed. Thus, the idea of premier coup or Alla Prima painting began, where a painting is completed in one or two sittings with minimal touch-up. Learn the necessary techniques to complete a painting in a short time period from a still life or a live model. Emphasis will be on quick interpretation, color, technique, and composition. A materials list is available on request. Larry Chestnut, B.A.
Newtown Campus/$149 (plus approx. $175 materials)/RFNRT 2526 C01
6 Tu, 6/26-7/31, 6-9 pm
Approved Hours: 18 (Act 48)

Fused Glass Jewelry
Create beautiful fused glass jewelry in this fun class. Fused glass is the art of layering glass pieces and then heating to extreme temperatures in the kiln to make a smooth glass piece. We’ll create a 2”x10” piece during week one and spend week two cold working our pieces with a saw and grinder to turn that fused 2”x10” piece into multiple pendants and earrings. Week three we’ll complete the final touches by wire wrapping, gluing on a finding or drilling a hole for a jump ring. Leanne Purkis Blevins
Newtown Campus/$75 (plus $45 materials fee payable to instructor)/RFNRT 0454 C01
3 Mon, 6/4-6/18, 6:30-9 pm
Approved Hours: 7.5 (Act 48)

Learning to Sew…to Finish What you Started
Did you ever start, and then abandon a sewing project because you got frustrated and didn’t know how to continue? Now is the time to complete your project! Receive expert instruction and guidance to turn your half-done project into a completed garment that you can be proud of. Students MUST bring their incomplete garment, pattern envelope with all instructions and materials/supplies to first class, including portable sewing machine in good operating order, instruction manual and sewing supplies to every class. No alterations projects please. This course is designed for the advanced beginner to intermediate sewers. Approximate cost of materials $75 depending on what sewing supplies you own. (A materials list will be mailed before the class begins.) Paula Molino, M.Ed.
Newtown Campus/$149/RFNRT 5008 C01
4 Mon, 6/4-6/25, 6:30-9:30 pm

Fine Arts, Crafts
Taking the Mystery Out of Indian Cuisine
Chicken Tikki Masala, Aloo Gobi, Curries and more; these sound pretty exotic, but they are easy to make, and so delicious! Discover the mysteries of cooking mouthwatering and healthy South Asian Indian cuisine, with hands-on cooking lessons while learning the cultural background of these regional dishes. Take the fear factor of hot and spicy out of the picture by choosing to make the dishes spicy or non-spicy based on your own individual tastes. You will receive a starter spice pack which you can use at home, along with simple recipe handouts. De-mystify this extraordinary cuisine! Note: Some dishes contain nuts.

Wok ‘N Walk Tour of Chinatown
Great Mother’s Day Gift!
Join Celebrity Chef Joseph Poon and his team on this insider’s tour of the history, culture and food of Chinatown. Chef Poon and his team conduct a Chinese calligraphy and writing demonstration, a Chinese vegetable carving lesson and walking tour of the chef’s community including stops at a fortune cookie factory, Asian Supermarket with discussion of Chinese herbs, Chinese place of worship, a Chinese bakery and more. 2:30 pm tour followed by meal. Chef Joe Poon

PLEASE NOTE: Class will be held at Chef Kitchen at 1010 Cherry Street, 2nd floor, Philadelphia. Directions will be included with confirmation.

$65 (includes meal) /RCELI 2801 CA1 Su, 6/10, 2:30-5:30 pm

Let’s Get Organized! Series

Beat the Clock with Time Management
Time and attention are increasingly limited as demands increase. Understanding and using time management techniques improves credibility, reduces energy- and focus-stealing stress, and creates better relationships. We’ll talk about different ways to view, plan and use time to have more fulfilling and productive days.

RCEGN 6763 C70/Mon, 6/4

Organize My House!
We’ll go room by room, developing a plan to organize and maintain every corner of your home. You’ll reduce stress, save money and live a better life when your home is under control. Includes how to set up a home office.

RCEGN 6761 C70/Mon, 6/11

What do I do with All these Papers?
Paper Clutter Control
Bombarded with paper and electronic information? Papers all over the place! Manage it by developing good systems that reduce overwhelm so you can find what you need, when you need it.

RCEGN 6764 C70/Mon, 6/18

Speed Cleaning
Love to waste time cleaning the house? Learn to get it done faster, better and with less effort. No matter how many years you’ve been cleaning, you’ll be amazed at how simple changes can save lots of time.

RCEGN 6765 C70/Mon, 6/25

Ordering Textbooks
Texts required for Continuing Education courses may be ordered from the BCCC Bookstore (www.bucks.edu/bookstore/ 215-968-8459) or from a vendor of your choice.

#### Personal Enrichment

64

BCCC - Workforce Development/Continuing Education/Public Safety
**Weight Loss, The Easy and Natural Way**

Lose weight easily by changing your “relationship” with food. Are you a “comfort eater”, do you make poor food choices, are you unmotivated to exercise or simply eat too much? This is NOT a diet. Hypnosis works by modifying attitudes and eliminating cravings at a subconscious level. It is safe and is as natural as daydreaming.

Newtown Campus/$39 (plus $25 materials fee payable to instructor)/RHEAL 0047 C01
Tu, 6/26, 6:30-9:30

**Meditation Made Easy**

Meditation is often shrouded in mystery. It is actually a great way to manage stress, increase productivity, develop intuitive and creative powers, reenergize, and improve your quality of life. We will provide simple tools to help you meditate effectively on your own, to reach a deep state of meditation. This is a wonderful opportunity to acquire skills that can benefit you for a lifetime.

Newtown Campus/$39 (plus $25 materials fee payable to instructor)/RHEAL 0046 C01
Th, 6/7, 6:30-9:30 pm

**Women’s Self Defense**

This is NOT a typical “Self Defense Class”; we do not believe that anyone can learn to beat up a 6’2”, 250-pound attacker in one easy lesson. Instead, discover the emotional and physical skills and awareness that are vital to provide for your personal protection and sense of well being. You will learn ways to avoid dangerous situations, to reduce the level of threat to a more manageable level if you are confronted by an attacker, to maintain your composure and to manage stress under pressure. Most importantly, find ways to create a window of opportunity for escape. Dr. Philip Holder is a Kung Fu Grandmaster, and has appeared in many magazines and on television teaching and demonstrating numerous aspects of martial arts and self-defense.

Newtown Campus/$39 (plus $25 materials fee payable to instructor)/RHEAL 4502 C01
Wed, 6/27, 6:30-9:30 pm

**Learn to Dance the Jive!**

Come and experience the joy of partner dancing. In just three weeks, you too will learn to dance the ever-popular Jive, as seen on DANCING with the STARS®. It is easy to learn, and fun to do! Singles are welcome. There will be end-of-class practice time.

Margaret Menhardt

Newtown Campus/RFTNS 6038 C01/$45 per person; $89 per couple
3 Th, 6/14-6/28, 7:15-8:15 pm

**Tai-Chi Chuan**

The study of Tai-Chi is a beautiful way to relieve stress, and has been proven to promote a healthy mind and body. Learn the first 20 movements of the Yang Short Form, along with warm-up exercises that can be practiced anytime, anywhere. David Briggs, A.A.

Home Downsizing in Four Easy Steps
You’ve spent a lifetime accumulating belongings... general household items, antiques, collectibles, and other personal property. Now you are ready to downsize your home. What do you do with the items that you are unable to take with you or no longer need? You have more alternatives than you realize. Michael will walk you through a maze of 10 options available to you when it comes time to dispose of your “Stuff.” He’ll show you how to determine whether you have any hidden treasures...and how you can get top dollar for what you are selling. Michael Ivankovich, GPPA, MPPA

Newtown Campus/$19/RCEGN 6677 C01/Tu, 6/26, 7-9 pm

Plein Air Painting
The French impressionists changed the face of painting in Europe in the 19th century by discovering the joy of painting plein air (outdoors). Following in the footsteps of Monet, Manet, Renoir, and Boudin, come paint the surrounding landscapes focusing on atmosphere and light. Working in the medium of your choice (Newtown course will focus on Oils) we will explore technique, composition, and color theory. We will initially meet in the classroom to go over equipment and materials, and then paint at various beautiful locations in the area. Each class will explore a different composition and landscape subject. Ongoing critique will be given as the instructor works with each student individually and the class will end with a final group critique. Must provide own transportation. Class will be rescheduled for inclement weather. Various media will be discussed, and materials lists will be provided first day of class. Approx. $100-$150 for new materials, but students are selling.

Michael Feiss, A.A.

C01/Newtown Campus/6 Fri, 6/8-7/20
(no class $89/RFNRT 2508 C01 & C70

welcome to bring what they have. Approx. $100-$150 for new materials, but students are selling.

Michael Ivankovich, GPPA, MPPA

Newtown Campus/$19/RCEGN 6677 C01/Tu, 6/26, 7-9 pm

Mah Jongg
Mah Jongg originated in China about 2000 years ago and is an exciting, engaging and fun game using tiles to form hands, much like rummy. You will learn to play the American version, using The National Mah Jongg League rules and card. Let an experienced educator explain the basics in simple terms including setting up, dealing, picking hands, etc., and guide you as you play, learn and enjoy your new skill. Enrollment is limited to ensure a successful learning experience. Neilia Makadok, B.S.

Newtown Campus/$79 (plus $8 materials fee payable to instructor)/RCEGN 5016 C01
2 Mon & 2 Th, 6/4-6/14, 6:30-9:30 pm

Hand and Foot (Card Game)
This is another fun and easy card game, similar to Canasta. Hand & Foot is becoming very popular and can be played with 2-4 players, in pairs or individually. Bring a friend, and learn something new! Neilia Makadok, B.S.

Newtown Campus/$25 (plus $2 materials fee payable to instructor)/RCEGN 5021 C01/ Wed 6/6, 6:30-9:30 pm

AARP - Driver Safety Program
This eight-hour classroom course is designed especially for motorists age 50 or older. It covers normal changes in vision, hearing and reaction time, and provides practical techniques to compensate for these changes. The program fosters safer driving practices, continued mobility, and a discount in auto insurance in a majority of states. Please note the fee for the Driver safety program will be $12 for AARP members, AARP ID required, and $14 for non-members, CHECK OR MONEY ORDER TO AARP – NO CASH WILL BE ACCEPTED. Timothy Aufmuth

Lower Bucks Campus/ $320/ ATEST 2502 C50/ Tu & Th, 6/5-7/26, 7-9 pm

### Drivers’ Education (minimum age 15)
Hit the road knowing what to look for and how to react. This 30-hour course will cover the Pennsylvania Driver’s manual and all phases of defensive driving, including adverse weather conditions, effects of drug and alcohol abuse, and rules of the road. Completion of this course with approved on-the-road driving instruction may make beginner teen drivers eligible for reduced insurance rates. Students do not need a permit or license to begin this class (minimum age 15). Attendance at all classes is required. Duncan Driving School
Newtown Campus/ $110/ ATEST 1510 C01-C02/ 9 am-noon
C01/ Mon-Fri, 6/18-6/29
C02/ Mon-Fri, 7/30-8/10

### ACT Now!
Achieving College Transitions Now
For complete description, see page 60
Marie Cooper, M.S., & Marge Zipin, M.Ed.

Newtown Campus/ $69 (plus $5 materials fee)/ RCEGN 6608 C01/ 3 Wed, 7/11-7/25, 6-8 pm

#### Praxis I Test Preparation
The PRAXIS I Series: Academic Skills Assessment is the first step in obtaining teacher certification in PA. It tests students’ abilities in reading, writing, and mathematics. This comprehensive course includes a diagnostic pre-test, an exploration of the three components of the exam, as well as test taking strategies. George Haiduck, B.S.
Bucks County Community College is an official test site for the Praxis I examinations. Please contact the Office of Testing and Retention at 215-968-8466 for more information on upcoming test dates for the 2011-12 academic year.

Newtown Campus/ $144 per course; $250 for both sessions (plus $22 textbook fee; same book for both courses)/ 6:30-9:30 pm ATEST 1534 C01 (math)/ 6 Tu, 6/5-7/17 (no class 7/3)
ATEST 1535 C01 (verbal)/ 6 Th, 6/7-7/19 (no class 7/5)

### GED Test Preparation – FREE
Free Reading, Writing, Math and GED Test Preparation Classes are available at Bucks County Community College’s Lower and Upper Bucks Campuses. Our comprehensive classes strengthen your overall reading, writing, and mathematics abilities, as well as enhance your communication, information processing, problem solving and critical thinking skills – all necessary skills for success in the workplace and in life in general. Classes cover the academic knowledge needed to pass the five GED test subjects: reading, writing, mathematics, social studies, and science. The General Education Development (GED) credential, earned by passing the GED tests, is nationally recognized by U.S. employers, colleges, and universities. Classes are free to Pennsylvania residents 18 years of age and older. Funding is provided through the Pennsylvania Department of Education. For more information, please call Mary Kay Stoloski at 215-504-8610.
ATTENTION, PARENTS/GUARDIANS

In order to provide for your child's safety, the College does not permit any child on campus without proper supervision. If you find it necessary to drop off your child early, or pick up your child after camp hours, you must register him/her in the BUCKS Extended Hours program as listed below (Newtown Campus only):

- 7 - 9 am: $38/week ($32 week of 7/2)
- 3:30 - 6 pm: $55/week ($44 week of 7/2)
- am & pm: $70/week ($56 week of 7/2)

SUPERVISED ACTIVITIES WILL BE PROVIDED AND ARRANGEMENTS TO REGISTER MAY BE MADE ON A WEEKLY BASIS THROUGH THE SUMMER.

CALL THE TRI-HAMPTON YMCA AT 215-579-6200 FOR DETAILS.

To register call 215-968-8409/FAX 215-968-8320/www.bucks.edu/con-ed
For Your Information

• Continuing Education Programs
All courses are for individuals, ages 16 or older. There are certain programs that are for the younger set. They are noted in this Catalog.

• Tax Deduction
You can receive a tax deduction for all expenses of continuing management education (including registration fees, travel, meals and lodging) undertaken to maintain and improve professional skills. (Treasury Registration 1-625 Coughlin vs. Commissioner, 203F2d307).

• Lifetime Learning Credit
For those beyond the first two years of college, or taking classes part-time to improve or upgrade their job skills, the family will receive a 20% tax credit for the first $10,000. The credit is available for net tuition and fees (less grant aid) paid for post-secondary enrollment after June 30, 1998. The credit is available on a per-taxpayer (family) basis. For further information, please consult your tax advisor or visit http://www.ed.gov/offices/OPE/PPI/HOPE.

• Employer Tuition Assistance
Your organization may encourage furthering your education by including full or partial tuition assistance for credit and non-credit courses in your benefit package. Check with your Personnel Office today.

• Course Changes/Cancellations
Bucks County Community College reserves the right to cancel a course entirely or to change its time, location or instructor. In the event a course for which you have registered is cancelled, you will be notified. If you are unable to substitute a suitable replacement for a cancelled course, you will be refunded all tuition and fees you have paid for the course.

• Verification of Enrollment
A parking permit will be sent to registrants before class begins. This mailing will include your enrollment confirmation and textbook or materials information. Please feel free to call us at 215-968-8409.

• Emergency Closing
We may at times be forced to cancel classes. The most up-to-date information will be available on the college’s website at www.bucks.edu. You can also register for BCCC emergency alert system which will send urgent notifications regarding Campus activities to your cell phone and/or email at http://www.e2campus.com/my/bucks/signup.htm. Calls may also be made to the Continuing Education Office (215-968-8409). Information will be provided on the status of our courses. Rescheduling, if necessary, will be done as soon as possible.

• Continuing Education Units
Continuing Education Units (CEUs) are offered for selected courses and are valuable for individuals wishing to demonstrate their participation in educational pursuits beyond or outside of a degree program. One CEU is equal to ten contact hours of participation in continuing education. Upon completion of courses granting CEUs, participants may receive a statement of CEUs earned. These are permanently recorded with the Continuing Education Office. Continuing Education Units do not apply toward degree programs or graduation.

• Staff Waivers
The College and the Continuing Education Department reserves the right to limit the number of waived registrations it accepts in its classes. In some instances, faculty and staff will be required to pay, in addition to class materials, the percentage of tuition owed to third parties who have entered into a partnership or agreement with the College.

• Senior Citizen Policy
Adults 65 and over may attend Certificate and Computer classes at 50% off the stated fee plus book fees. Please call for appropriate books/materials costs before registering. Due to the demand for these classes, we can only permit two seniors per class at this discount. Seniors may attend all other non-credit classes free of charge on a space-available basis. Note: ed2go, online construction classes, Pro-Train, Gatlin, trips, Zoomers courses, and courses offered through the Community School of New Hope-Solebury are exempt from this policy. You will receive a course confirmation upon registration. However, if the class fills (with the exception of computer classes), you will be called and given the option to either pay for the class or to withdraw. Please note that if it is the student’s responsibility to pay materials and book fees. Please use registration form and check box regarding senior citizen status.

• Senior Citizen Policy for Community School of New Hope-Solebury
Adults 60 and over may register for most courses at a $10 dollar discount per class of $35 or more. However, full tuition is required for some classes and all special workshops, trips, or events. There is no discount on course materials. Proof of age may be required.

• Refund Policy
There is a $25 non-refundable withdrawal charge if you cancel your enrollment in a course with a fee of $50 or more; $5 for courses less than $50. The following conditions apply to refunds:

1. For All Courses: 100% refund (less withdrawal charge) when you notify the Continuing Education Office at least five (5) working days prior to the course starting date. No refund after this time.
2. For Camps: There is a $25 non-refundable fee for any cancellation. Refunds (less $25) will be made only when you notify the Continuing Education Office at least seven (7) days before the first day of camp.
3. For Trips: Refund policies vary; please call the Continuing Education Office.
4. Ed2Go, ACT Center, Protrain, Gatlin and online construction courses: policies vary. Please call for details.
5. Community School of New Hope-Solebury: No refunds will be made except for cancelled or filled courses.

If you have paid by check, your refund will arrive in three weeks. Visa, MasterCard, American Express or Discover payments will be credited to your account.

If you are not completely satisfied with our program, please contact the Assistant Vice President of Continuing Education and Workforce Development 215-504-8532.
How To Register

Register On-Line
For on-line registration please go to the following website: www.bucks.edu/con-ed
This secure on-line registration is for credit card registration only. Once your registration is processed, you will receive a confirmation letter. If the class is full, call the office and add your name to the wait list.

Other registration options:

FAX
For 24 hour service, you can FAX your registration form anytime! FAX to 215-968-8320, and be sure to provide all the registration information. Be sure to include your Visa, MasterCard, American Express or Discover card number, expiration date and security code.

Walk-In
Come in person (8 am-4 pm) to:
Bucks County Community College,
Continuing Education Office, Cottage 3,
275 Swamp Road, Newtown, PA.
Walk-in registrants are advised to call the Continuing Education Office prior to coming to inquire about seat availability.

Mail-In
Mail form with payment to:
Bucks County Community College,
Continuing Education Office,
275 Swamp Road,
Newtown, PA 18940
A cancelled check serves as receipt of payment. You will receive a parking permit through the mail.

Phone-In
No forms, no lines, call 215-968-8409,
Monday-Friday, 8 am-4:30 pm and charge the fee to your VISA, MasterCard, American Express or Discover Card. After hours please leave a message on our voice mail. Note: Payment is due at time of registration. Do not include materials fees.
