

BCCC Foundation Approved for Educational Improvement Tax Credit Program

Is your business approved for EITC?

You've taken the first step in making a big impact in your community.

The next question is...where will you direct those Educational Improvement Tax Credit (EITC) dollars?

The EITC enables companies to support local nonprofit charities like the Bucks County Community College Foundation, at minimal cost, instead of sending their tax dollars to Harrisburg. Bucks County Community College offers three different programs approved by the PA Department of Community & Economic Development that are funded with EITC dollars.

Dual Enrollment

With Dual Enrollment, students can get a head start on life after high school. Courses are college level and students receive both high school and college credit for courses completed. Dual enrollment participation results in higher college enrollment, greater credit accumulation, and higher college GPA.

Your EITC donations can be directed to students in low-income areas that need it most and get them well on their way to a College education.

Artmobile

This museum on wheels allows kids to explore new worlds while developing critical thinking skills, cross-disciplinary connections to Language Arts and STEM, and an appreciation for art. More than 17,000 Bucks County K-12 students each year experience innovative and interactive art exhibits when Artmobile visits their schools. Learn more about the Artmobile at bucks.edu/artmobile.

Kids on Campus

More than 2,000 kids each year benefit from our innovative summer camps for grades K-8, in arts, foreign language, sports, STEM, and study skills. For a complete list of available camps, visit bucks.edu/kidsoncampus.

Your business doesn't participate in EITC yet? Get more information here:
