Connecting to the new Bucks wireless network (Students)

Follow these directions to connect your iOS device (iPad, iPhone, or iPod touch) to the new wireless network for students.

1. On your home screen go into your Settings.

2. If your Wi-Fi is turned off, tap the setting to turn it on. After it is turned on, tap the BUCKSstudent network to connect.

3. Enter your Bucks username and password and tap Join.

5. After a few moments, your device should be connected.
