Searching for Sections on the Bucks website

All paper registration documentation including the newspaper and mailers will be discontinued. Bucks has transitioned to a web-based search for all spring, summer, fall, and intersession sections. Details about actual seating capacity and availability are still found through WebAdvisor.

1. To begin searching for courses, visit the Bucks homepage, http://www.bucks.edu and click the Register link at the top of the page.

2. Any current and upcoming semester details will be displayed. Click on the title of the semester for which you wish to search, for instance, **Summer 1 – 2014**.

3. To see registration details about the Summer 1 semester, click the **Summer 1 Credit Course Offerings** link.
4. An alphabetical list of all classes will be displayed on the page. Use the advanced search options to filter your results. There are several parts of the site to take note of which are highlighted below.

A. Search Summer I 2014: here you can type in a keyword such as “algebra”, course category such as “nursing”, course number such as “comp110,” or course name such as “Effective Speaking.” To return to the entire listing of courses, click Show All Courses.
B. **Browse by category**: contains a listing of all course subjects. Use this to filter to a specific class type.

![Browse by category](image1.png)

C. **More Search Options**: will filter classes based on specific campuses, online or hybrid, or days of the week.

![Narrow your search](image2.png)

D. **Register in MyBucks**: will take you to the MyBucks page where you can log in and search/register for the classes. You can also access the standalone version of WebAdvisor to search/register.
