

Setting up @live.bucks.edu Student Email on an iOS device

Follow this tutorial to setup your iPhone or iPad to automatically send and retrieve email from your @live.bucks.edu email address.

1. Click the **Settings** icon on your home screen. Click **Accounts & Passwords**.

2. Click **Add Account**.

3. Click **Exchange**.

4. Enter the **Email** as <your username>@live.bucks.edu

5. Enter a **Description** to describe the account. Click **Next** to continue.

8. Enter your Bucks **Password**. Your BucksMail password is the same as your Bucks password (used to access campus computers, Canvas, MyBucks, and library databases). Your student password will expire every 180 days. Each time it expires, you will need to update it on the Password Manager: <http://www.bucks.edu/e-resources/password/> and make the changes on your iOS device as well.

For security purposes, we ask that you log into
Office365 using your Bucks email address:

11. By default iOS will only sync email from the previous 3 days (or 1 week). To retrieve all email, go back to the **Settings** app, then **Mail, Contacts, Calendars**. Click the name of the new account, in this case **Bucks email**.

12. Click **Mail Days to Sync**.

13. Click **No Limit** to receive all emails that have been sent to your account. You can now access the email through the mail app on your home screen.
