PRESIDENT’S REPORT

Dr. Linksz noted the academic year is moving quickly and Commencement is scheduled for Thursday, May 17. All trustees are invited to participate in this important event which is so meaningful for our students.

President Linksz acknowledged the participation of many members of the College staff in the planning and execution of the Innovations Conference which was held in Philadelphia from March 3-8. Bucks can also boast of having 36 presenters at the conference. As one of three co-host colleges, the work of the College team was critical to the success of this extremely popular and well attended national conference. Dr. Maureen McCreadie served as liaison for Bucks and coordinated the participation of all College staff. In addition Margaret Montet, Mary Ellen Bornak and Wendy Neil served as Support Team Leaders. Dr. Linksz thanked the many staff members who contributed to the success of the conference. Dr. McCreadie showed a video presentation with highlights from the event.

The College has again earned the distinction of being a top partner for UGotClass, a service provider who offers online programming for the non-credit market. Bucks was also named the best resource for adult education by the Penny Power publication in Upper Bucks.

Dr. Linksz reported on his recent testimony, as Chair of the Capital Committee for the Pennsylvania Commission for Community Colleges (PACCC), before the Pennsylvania House of Representatives Appropriations Committee on the topic of funding for community colleges. Also testifying were the chair and vice chair of the PACCC, Alex Johnson and Nick Neupauer. Dr. Linksz reported that the experience was a positive one which resulted in a meaningful discussion and exchange of information.

In conclusion, President Linksz noted that he had the opportunity to accompany Assistant Dean Christine Hagedorn on a visit to the Capitol in Washington, D.C. with her doctoral class. The group met with several representatives and experienced lobbying first hand. Dr. Linksz is serving as a member of Ms. Hagedorn’s dissertation advisory team.

CHAIR’S REPORT

Mr. Dominick congratulated Dr. Linksz on his selection to receive two awards in recognition of his outstanding service. The President will be recognized by both the American Association of Community Colleges and Phi Theta Kappa.
FOUNDATION REPORT

Tobias Bruhn, Executive Director, Foundation, reminded the audience that the annual President’s VIP Breakfast is scheduled for March 15 and will be well attended. Other items of note include the completion of the Donor Wall at the Upper Bucks Campus and the funding of a new $1000 scholarship in music for the Department of the Arts.

With the Tyler Tasting Party fast approaching in early June, Mr. Bruhn announced that the Stark & Stark legal firm has signed on as a $3000 event sponsor. The Earned Income Tax Credit program is attracting interest from several banks currently considering the opportunity.

PUBLIC COMMENT

John Strauss, President of the Faculty Federation, complimented Dr. Linksz on his testimony in Harrisburg. Mr. Strauss reported a contingent of faculty and students will be travelling to Harrisburg on April 3, Lobby Day, to impress upon the legislature the important of adequate funding streams for community colleges.

BOARD COMMITTEES

STUDENT & COMMUNITY RELATIONS COMMITTEE – Thomas Skiffington, Chair

There was no committee report this month.

ACADEMIC AFFAIRS COMMITTEE – Dr. Frederick Breitenfeld, Chair

Provost Annette Conn presented a report on the annual Technology Day held at the College during Intersession. As presenters faculty and staff have the opportunity to share their knowledge with their peers. Attendees have the chance to refresh their technical skills in a venue that minimizes the cash outlay for travel and conference fees.

STRATEGIC PLANNING, MARKETING & ASSESSMENT – Blake Eisenhart, Chair

Vice President Barbara Yetman presented a report on enrollment highlights for the Spring 2012 semester. Total enrollments for the Spring term reflect a 3% decline from prior year, but enrollments are still up 7% over five years ago. The percentage of part time students continues to grow. New students are up 12% over prior year suggesting that the decline is a ripple effect related to Fall 2012 enrollment rather than continuation of a downward trend. Targeted enrollment efforts appear to be effective and will be continued in the coming term. Some of these
include web page redesigns, Contact Center phone campaigns, open houses and use of search engine marketing and display ads to increase visibility.

FINANCE COMMITTEE – James M. Dancy, Chair

Upon motion by Mr. Dancy, seconded by Mr. Eisenhart, the Board of Trustees approved the following four Capital Projects for Fiscal Year 2012-13 in order to seek matching funds from the Pennsylvania Department of Education:

1-Founders Hall Building Addition: The construction of a new academic building will increase space available for instruction by replacing existing modular classroom space, increasing the availability of healthcare and science labs, and providing additional computer labs. The addition will consist of a 51,000 square foot building costing $17,574,000 ($23,392,000 including interest over twenty years).

2-Gymnasium Deck Enclosure Increase: This project was approved by PDE for an estimated project budget of $1,411,000 on November 30, 2009. Subsequent architectural designs and structural reviews have revealed a greater cost than originally anticipated. Additional funding of $1,523,300 is being requested ($1,642,300 including interest over five years).

3-Pemberton/IT Renovation: Pemberton Hall was constructed in 1968 and was originally designed to serve as the campus Library. Pemberton Hall now houses Information Technology Services. The growth of IT services has necessitated additional space requirements. 8,000 square feet of space will be renovated at a cost of $1,636,000 ($1,763,800 including interest over five years).

4-Gymnasium Terrace Renovation: The Gym was built in 1968 and has neither an elevator to the main level nor ADA compliant men’s and women’s bathrooms. This project provides for an ADA compliant elevator to access the Gym terrace and men’s and women’s bathrooms in the Gym lobby. The College is proposing a one year cash project ($714,400).
