STUDENT GOVERNMENT REPORT

Michael Blow, Student Government President for 2012-13, reported that student leaders are
taking advantage of the slower summer academic pace to begin planning for Constitution Day.

PRESIDENT’S REPORT

Dr. Linksz noted that GED Graduation is scheduled this evening at the Lower Bucks Campus
and this is just one of many events in May and June which celebrate the accomplishments of our
students. Other recent ceremonies recognized the achievements of students in Radiography,
LPN and public safety programs.

On July 12 the College will host the Lower Bucks Chamber of Commerce when it features a
guest speaker at its summer meeting. The College has a strong record of collaboration with local
chambers of commerce, including participation in leadership development programs for both the
Lower Bucks and Pennridge chambers.
President Linksz announced that trustee Dr. Rick Breitenfeld was recently awarded a place in the Maryland Public Television Wall of Fame for his visionary leadership role in that organization as founding executive director.

Dr. Linksz also attended a recognition ceremony for our Historic Preservation program at which students were inducted into the national honor society Sigma Chi Kappa. The College is unique among two year schools for this online program offering which attracts students from across the nation.

The Newtown Campus recently hosted a symposium on the prevention of crimes against older adults which attracted many participants. The event was organized by the Bucks County District Attorney’s office in cooperation with the College and several local social service agencies.

President Linksz acknowledged the efforts of Professor Deb Sedik and Assistant Academic Dean John Petito in working with Foundations Community Partnership to identify service learning opportunities for our students. Assistant Academic Dean Lisa Angela described a successful workshop, organized by Professor Deb Geoghan, to update K-12 educators on new techniques for using technology in the classroom.

In conclusion, Dr. Linksz noted that the state budget has yet to be finalized but community colleges are still hopeful that the final version will recognize their funding needs and priorities. Dr. Linksz thanked the trustees for their careful consideration of all information provided and hard work during the budget planning process this year.

Mr. Bruhn described active community relationships with Lockheed Martin where three students are working in summer internships and Foundations Community Partnership where three students are serving in the summer youth corps.
