Make sure you have met the prerequisites before registering for a course, or provide a transcript or grade report from another institution at registration to prove you have met the requirements.

Course Cancellation

If a course you select is canceled due to inadequate enrollment, you will be notified and issued a full refund if you cannot substitute a suitable course.

Residency Verification

All new and current students are required to provide proof of residency to ensure that you are charged the appropriate tuition. For in-county tuition you must be a continuous resident in Bucks County for at least 12 months prior to registration.

Examples of acceptable proof of residency:

The College accepts American Express, Visa, MasterCard and Discover credit cards, as well as personal checks, money orders and cash.

FINAL GRADE REPORTING

Deferred Payments

Make managing your tuition payments a little easier with a tuition payment plan administered by Sallie Mae. How to read course information

Key to course information and requirement codes

Instructor and course requirements are subject to change.

All credit courses are Act 48 approved.

Course Offering Options

In addition to the traditional face-to-face courses that run for the standard academic semester, Bucks offers a range of learning opportunities to help students make the most efficient use of their time. All of these are fully accredited courses. The content of each course and the number of credits earned will be the same, regardless of the modality that is used to offer the course. Detailed course information for each eLearning and hybrid course is available at www.bucks.edu/welcome.

eLearning courses

- taught completely online
- may require an on-campus orientation
- allow flexibility in the student schedule
- are identified as “eLearning” in the course listing below

Orientation legend

MAN: mandatory OPT: optional
REC: recommended TBA: to be announced

Hybrid courses

- a majority of course work takes place online
- on-campus meetings required for remainder of course work
- allow some flexibility in the student schedule
- are identified as “hybrid” in the course listing below

Before registering for any hybrid course, check for mandatory meetings at www.bucks.edu/welcome.

For course descriptions, visit www.bucks.edu/catalog/descriptions.html

Times listed include the minimum number of instructional minutes. Actual class time may be longer to accommodate class breaks.

Service Learning: Courses designated as service learning include a service learning component. Students will perform some volunteer work at a non-profit agency to enhance learning through a hands-on experience.

WebAdvisor: All enrolled students are assigned a WebAdvisor account. A number of services (registration, course seat availability, grades, transcripts, Program Evaluation, etc.) are available via WebAdvisor. Go to www.bucks.edu and click WebAdvisor to access them. You will need your BCCC Username and your PIN to access your personal student records (and to register) over the web. New students and those not currently enrolled can browse for courses using WebAdvisor by clicking the “Current Students” button and then “Search for Sections.”

Stephen G. Jacobs ('83), who started working in restaurants when he was 15 years old, found he could merge his culinary passion with a profession when he came to Bucks to major in hotel and restaurant management. He's been running his own restaurant – Jake's Eatery – for more than two decades, and recently opened a second location. Jacobs says going to Bucks was a fun time in his life.

"I really liked being able to work in a restaurant, which was required by the apprenticeship program, while going to college. It helped me gain the practical experience I needed to advance in the industry – experience I relied on when opening my own businesses."

Some reading courses are "paired" with content courses (such as 'Intro to Psychology' to provide a supportive environment that helps students to develop critical reading and study skills and to apply these skills immediately to the content course. Paired courses (section number P01, P02, etc.) allow students to earn 3 credits each for the reading course and for the content course.

eLearning & Hybrid

eLearning and Hybrid courses offer flexible choices to fit your schedule and travel needs!

eLearning and Hybrid courses have the same application and registration procedures, tuition/fees, assessment tests, prerequisites, and credits earned as face-to-face sections of the same course. All courses have specific beginning and ending dates. Students are responsible for checking the meeting and technology requirements for a course prior to registering.

- **eLearning** courses are taught **completely online** (there may be one face-to-face orientation meeting at the beginning of the semester).
- **Hybrid** courses **combine on-campus meetings with online components**. Some courses may have as few as two on-campus meetings; others may meet on a regular basis.

BEFORE You Register

1. Consult the Online Learning website (www.bucks.edu/online) to be sure that online learning is appropriate for you.
2. Read the Course Information Page (www.bucks.edu/welcome) of the specific section you are considering. **DO NOT REGISTER FOR A COURSE THAT HAS A REQUIRED ORIENTATION OR SCHEDULED ON-CAMPUS MEETINGS THAT YOU CANNOT ATTEND.**

For information, contact the Online Learning Office:

Bucks Voices

Ann Cole returned to Bucks as an older student, at first taking just a few classes that piqued her interest. She later transferred to Thomas Edison State College to complete her bachelor's degree in communication, and now works as a substitute teacher in three school districts, a freelance writer, and the director of a local theater group.

"Through Bucks I was able to find who I was. I was able to take some classes that really opened my mind. I knew that I wanted to major in communication but taking classes like world religion, existentialism, theater, and math opened my eyes to a broader world, and gave me the confidence that I needed in order to get where I wanted to go."

Gregory P. Murphy ('77) earned a business administration degree at Bucks then transferred to St. Joseph's University in Philadelphia for his bachelor's degree. A banker for more than three decades, he's currently an assistant vice president at Wells Fargo Bank. He says Bucks was a prudent choice when deciding on his career.

"I was able to sample a variety of different courses at Bucks before deciding that banking and finance was the path I wanted to take. It's very cost effective, especially for those right out of high school who haven't chosen a career. If you start at a four-year school, you'll be paying a much higher tuition that could be wasted if you change majors."

Alexa Dardas ('11) earned an associate degree in business administration with a perfect 4.0 grade-point-average, which helped her earn three scholarships through the BCCC Foundation. She plans to transfer to the University of Pennsylvania to major in international business and Spanish. She says she thrived as a student at Bucks, where she loved to learn and grow intellectually.

"Bucks is a place to discover your passion – who you want to be and your place in the world – at a fraction of the price. Bucks is a respite for students, and probably parents as well, to test the waters before making a daunting financial decision. Not only was I able to not stress out about paying for tuition, but I helped my parents out financially too. It is truly an unbelievable opportunity."
