**Instructor and course requirements are subject to change.**

All credit courses are Act 48 approved.

### Course Offering Options

In addition to the traditional face-to-face courses that run for the standard academic semester, Bucks offers a range of learning opportunities to help students make the most efficient use of their time. All of these are fully accredited courses. The content of each course and the number of credits earned will be the same, regardless of the modality that is used to offer the course. Detailed course information for each eLearning and hybrid course is available at www.bucks.edu/welcome.

**eLearning courses**
- taught completely online
- may require an on-campus orientation
- allow flexibility in the student schedule
- are identified as “eLearning” in the course listing below

**Hybrid courses**
- a majority of course work takes place online
- on-campus meetings required for remainder of course work
- allow some flexibility in the student schedule
- are identified as “hybrid” in the course listing below

**Orientation legend**

MAN: mandatory
OPT: optional
REC: recommended
TBA: to be announced

Before registering for any hybrid course, check for mandatory meetings at www.bucks.edu/welcome.

### For course descriptions, visit [www.bucks.edu/catalog/descriptions.html](http://www.bucks.edu/catalog/descriptions.html)

Times listed include the minimum number of instructional minutes. Actual class time may be longer to accommodate class breaks.

**Service Learning:** Courses designated as service learning include a service learning component. Students will perform some volunteer work at a non-profit agency to enhance learning through a hands-on experience.

**WebAdvisor:** All enrolled students are assigned a WebAdvisor account. A number of services (registration, course seat availability, grades, transcripts, Program Evaluation, etc.) are available via WebAdvisor. Go to www.bucks.edu and click WebAdvisor to access them. You will need your BCCC Username and your Password to access your personal student records (and to register) over the web. New students and those not currently enrolled can browse for courses using WebAdvisor by clicking the “Students” button and then “Search Credit Sections.”

Paired Sections for Spring 2013

Some reading courses are “paired” with content courses (such as Intro to Psychology) to provide a supportive environment that helps students to develop critical reading and study skills and to apply these skills immediately to the content course. Paired courses (section number P01, P02, etc.) allow students to earn 3 credits each for the reading and content course.

STUDENTS MUST ENROLL IN BOTH “PAIRED” SECTIONS!
