Detailed course information for each eLearning and hybrid course is available at www.bucks.edu/welcome.

eLearning & Hybrid

eLearning and Hybrid courses offer flexible choices to fit your schedule and travel needs!

eLearning and Hybrid courses have the same application and registration procedures, tuition/fees, assessment tests, prerequisites, and credits earned as face-to-face sections of the same course. All courses have specific beginning and ending dates. Students are responsible for checking the meeting and technology requirements for a course prior to registering.

- **eLearning** courses are taught **completely online** (there may be one face-to-face orientation meeting at the beginning of the semester).
- **Hybrid** courses **combine on-campus meetings with online components**. Some courses may have as few as two on-campus meetings; others may meet on a regular basis.

BEFORE You Register

1. Consult the Online Learning website (www.bucks.edu/online) to be sure that online learning is appropriate for you.
2. Read the Course Information Page (www.bucks.edu/welcome) of the specific section you are considering. **DO NOT REGISTER FOR A COURSE THAT HAS A REQUIRED ORIENTATION OR SCHEDULED ON-CAMPUS MEETINGS THAT YOU CANNOT ATTEND.**

Veterans Information

All students eligible for VA benefits must complete the form below and return it with their registration forms. It is imperative that this form be filled out accurately and completely. Failure to do so may result in a delay in receipt of benefits. Students applying for VA benefits for the first time must fill out an application in the Office of Veterans Affairs and submit a copy of your **DD214** or your **Notice of Basic Eligibility**.

Returning students have the responsibility of insuring that they are certified to the VA accurately each semester that they are registered for classes. The Office of Veterans Affairs is located in the Hub. Telephone 215-968-8490. Hours are Monday through Friday, 8:30 a.m. to 4:00 p.m. during the semester. New and returning veterans are expected to pay College tuition on the same due dates as non-veteran students. However, tuition deferments are available at the Office of Veterans Affairs.

Bucks Voices

Allenda Harris ('87) honed her communication skills at Bucks, then earned her bachelor's degree at La Salle University. She later returned to Bucks to explore more courses. Today, she runs her own business as a voiceover professional, providing narration for radio, television and film, as well as company presentations, podcasts, and websites, from her own recording studio.

"To me, Bucks has been a springboard for great beginnings. My education there was the foundation for the Bachelor of Arts-Communications degree I later pursued and received from a four-year university. The transition went smoothly and virtually all of my credits transferred. Bucks not only helped to shape another wonderful beginning for me, but it continues to be a special place – a catalyst of sorts – where I believe knowledge meets opportunity for every student's journey."

F. Randy Vogenberg, R.Ph., Ph.D., graduated from Bucks in 1973, then went on to earn a bachelor's degree in pharmacy from the University of Rhode Island, and a doctorate in health care management from Century University. Today, he is a nationally known expert on managed care, health care delivery systems, and employer benefits, and author of *Pharmacy Benefits: Plan Design and Management*, a 2011 top-five seller for the International Foundation of Employee Benefit Plans.

"I enjoyed the small classes with more individual faculty interaction at Bucks. This made a big difference, along with the high caliber courses I was offered by the faculty. Bucks prepared me well for moving on to success at a nationally ranked four-year university."

Elizabeth Dinice, CCC ('05), parlayed her associate degree in chef apprenticeship to earn a bachelor's degree from Fordham University and become a corporate chef. She's now director of the culinary arts program at Burlington County College in Mount Holly, N.J.

"Bucks provided a great educational foundation of both culinary skills and theoretical knowledge that allowed me to compete successfully for jobs in great hotels and restaurants. The experience at Bucks translated seamlessly into the real world of culinary arts because of the emphasis on hands-on learning and the ability to put what you have learned in the classroom immediately to work in the field."
