DEPARTMENT OF SAFETY AND SECURITY ORGANIZATIONAL STRUCTURE:

BUCKS COUNTY COMMUNITY COLLEGE 2008 ANNUAL SECURITY REPORT

INTRODUCTION:

Bucks County Community College is a community of approximately 9,986 students. During 2008, approximately 43% of the college's registered students attended on a full-time basis. There are approximately 450 full-time employees at the college. The campus covers over 260 acres including 25 buildings, in addition to campuses in Bristol and Perkasie. Security and Safety services are an important component of the educational environment at Bucks County Community College.

The Office of Security and Safety is responsible for security and emergency response on the campus. The Office is under the leadership of the Director who reports to the Vice President for Administrative Affairs. The Office's Assistant Director, who reports to the Director, is responsible for coordinating the daily safety and security operations and activities of the Office. The Office is open and staffed 24 hours a day by 15 full-time and 10 part-time security officers who proactively patrol the campus, supplement the communications center operations and provide security services for campus special events. The Office's operations are additionally supported by four Administrative Assistants.

Officers patrol the campus and provide safety and security services through the deployment of vehicle, foot, and bicycle patrols. The main goal of the bicycle patrol program is to provide a means for security officers to effectively patrol parking lots and other areas not open to vehicle traffic, such as walkways and student gathering areas. Bicycle patrols have proven to be more effective in patrol and can respond to accidents, injuries, and other situations more rapidly than motorized patrol vehicles.

To be successful in providing the highest degree of safety and security on the campus, it is important that community members follow good safety practices and understand that safety is the responsibility of all community members, not just those officially and formally charged with enforcing the laws, policies, and rules. This includes using the escort service, securing one's valuables, and reporting suspicious/criminal activities. The Office of Security and Safety takes a leadership role in this area, by providing educational programs on campus safety, preventive patrols, incident investigation and reporting, fire safety and prevention, and crime prevention services. In addition, the Office of Security and Safety is responsible for monitoring, maintaining and/or enforcing campus alarm systems, parking, property/evidence collection, officer training and crime reporting.

Security and Safety Officers receive training in security and emergency care. Officers are required to be CPR (Cardio-Pulmonary Resuscitation), AED (Automated External Defibrillator) and First Responder certified. The Office of Security and Safety is located on the main campus, located at 275 Swamp Rd., Cottage 4, Newtown, PA 18940.

This brochure is intended to provide you with information on educational programs, safety practices, and policies regarding the reporting of emergencies and campus crime rates. It is the primary objective of the Office of Security and Safety to provide a safe campus environment wherein its community members can work, study, and develop personally, professionally, intellectually and socially. Should you have questions, comments, or suggestions regarding the information contained within this brochure or any related safety and security policies, procedures, or operations, please contact the Director of Security and Safety.

CRIME REPORTING AND TIMELY WARNINGS:

Numerous and diligent efforts are made to advise members of the campus community about crime-related problems. The college's duty to inform students of threatening situations is taken seriously, and as a result, information related to crime and criminal activity is provided to the community in an accurate and timely fashion. Because awareness is essential to effective crime reduction, the College will release information which can be used by students and other College community members to reduce their chances of

becoming victims of crime. The Office of Security and Safety issues timely warnings or Safety Alerts to campus community members informing them of incidents/crimes impacting the campus community and/or surrounding property. This information is disseminated to campus community members via use of electronic mail messages, information flyers posted at highly visible locations throughout campus, and during crime prevention presentations presented by Security and Safety personnel. The decision to issue a timely warning or Safety Alert is made by the Director of Security and Safety in coordination and consultation with the President, Vice President for Administrative Affairs and Dean of Students. Safety Alert notices are submitted to the campus community regarding crimes that represent a continuing threat to students and employees and that were reported to officials with significant responsibility for student and campus activities, campus safety and security, or the local police.

REPORTING OF CRIMINAL ACTIONS OR EMERGENCIES:

To report a crime or emergency, members of the community should call the Office of Security and Safety by dialing 215-968-8395 or via extension 8395 from phones located on campus. Crimes can be reported anonymously on-line at http://www.bucks.edu/security/anonymous_tips.html, or from the “Anonymous Crime Reporting” link on Security’s website.

To obtain information or request an escort or any other security service, community members should call 215-968-8395, or extension 8395. Security and Safety personnel also have the ability to notify Bucks county emergency dispatchers regarding emergency situations occurring on-campus via mobile, and fixed two-way radio communications systems and transferring telephone calls to the 911 emergency center. This system allows Security and Safety to summon assistance from emergency responders if deemed necessary and appropriate. This direct radio link with the Bucks County Communications Center also affords officers the ability to communicate directly with responding Emergency Medical Services (EMS) personnel. All phone lines routed to Security and Safety are staffed 24 hours a day by professionally trained full-time and part-time officers.

The Office works closely with Student Life and Physical Plant to insure a safe environment. The Newtown Township Police Department, Bristol Township Police Department, Pennridge Regional Police Department, State Park Service, as well as local fire departments and ambulance corps are also available to support the mission of the Office of Security and Safety.

Located throughout campus are well-marked emergency phones. When placing an emergency call, remember to wait for the dispatcher to end the call. These emergency phones should be used when seeking an evening shuttle transport and/or reporting activities or crimes. If a member of the community finds any of these phones inoperative or vandalized, they should call the Office so that the phone can be repaired or replaced as quickly as possible.

CAMPUS ENFORCEMENT AUTHORITY:

All students and employees are encouraged to promptly report all on-campus crime and suspicious activities to the Office. While off-campus, students and employees are encouraged to contact the local police department with jurisdiction. Security Officers have no arrest authority beyond that of an ordinary citizen; however, they may address offenses and refer them to the local police or campus judicial officials. The Office maintains excellent working relationships with the Newtown Township Police Department, Bristol Township Police Department, Pennridge Regional Police Department and the State Park Service. The Office is in the process of negotiating memoranda of understanding (MOU) with the three police agencies which have primary jurisdiction over our campuses. The College and the Office diligently cooperate with law enforcement agencies to maximize the effectiveness of police services to the campus community. The Dean of Students coordinates disciplinary action for matters that are violations of College rules.

COMMUNITY COMPLAINTS/FEEDBACK:

The Office encourages community members to bring forward legitimate grievances regarding misconduct by employees. Any member of the Office will receive complaints courteously. All such complaints will be taken seriously and investigated thoroughly by the Director and/or Assistant Director of Security and Safety.

ALCOHOL POLICY:

The College supports the choice not to drink alcoholic beverages and actively discourages and sanctions the irresponsible use of alcohol. In compliance with Pennsylvania laws and the Drug Free Schools and Communities Act, the College does not approve of the consumption of alcoholic beverages by students (or their guests) on the campus. The College will establish reasonable procedures to assure that students are aware of their legal obligations. Inappropriate behavior involving the furnishing or consumption of alcoholic beverages will result in appropriate disciplinary proceedings and penalties. The College recognizes and cooperates with law enforcement authorities in their enforcement efforts pertaining to the illegal consumption or possession of alcoholic beverages, and will seek to educate students about laws pertaining to the use, consumption, possession, and abuse of alcoholic beverages.

DRUG POLICY:

Illegal possession, manufacture, distribution, or use of drugs or narcotics by students constitutes unacceptable conduct and such students are subject to disciplinary measures, including suspension, by the College. In 1972 Pennsylvania changed its law concerning drugs. Essentially the law, as passed, states that if one possesses or distributes a small amount of marijuana (30 grams, approximately one ounce, or less) but does not sell it, one is guilty of a misdemeanor and is subject to a maximum penalty of 30 days in jail or a \$500.00 fine, or both. Selling marijuana and illegally possessing or distributing any other type of drug is a more serious act and carries heavier penalties.

It is the policy of Bucks County Community College to maintain a drug-free workplace. Illegal possession, use, manufacture, or distribution of drugs or narcotics by employees (while engaged in employment activities or activities related to a federal grant, regardless of the location of these activities) constitutes unacceptable conduct by such employees and makes such employees subject to disciplinary procedures of the College, up to and including termination of employment, according to procedures set out in the employee handbooks for staff employees, administrative employees, and faculty.

The purpose of this summary is to provide students and employees of the College with general information on applicable laws. Although every effort has been made to provide accurate information at the time of printing, this information can at any time be superseded by changes in the law. Each student and employee has the ultimate responsibility to stay informed concerning changes in the law. Those with specific legal questions are encouraged to seek the services of an attorney.

ALCOHOL AND DRUG ABUSE EDUCATION PROGRAMS:

Alcohol/Drug Related Support Services - Bucks County Community College's Counseling Services has a staff of counselors who are available to students in crisis as well as for ongoing counseling, assessment and referral. All services are strictly confidential. Students may refer themselves or be referred by the Office of Student Life following an alcohol or drug-related incident. They may also be referred by concerned faculty or administrators. Our staff assists the student by recommending off-campus assessment/treatment providers from which the student may choose.

SEXUAL ASSAULT PREVENTION PROGRAMMING AND PROCEDURES:

The College's Women's Center assumes a leadership role in this area, conducting targeted programming for a variety of audiences. Additionally, various programs offered by the College Counseling Center, the Office of Security and Safety, and the Student Life Office deal with various aspects of this crime.

Bucks County Community College will act swiftly to protect the rights of all its members. If you have been sexually assaulted there are a variety of campus and area resources that are available to you. The College supports your right to choose which avenues of assistance are best for you. These resources include: The Office of Security and Safety, to whom all crimes (including sexual assaults) should be reported, the Student Life office, the Counseling Center, the Dean of Students, the local police agency with jurisdiction, NOVA – Network of Victim Assistance, and the Emergency Department of the local hospital. Individuals who have been sexually assaulted you have the following rights:

1. To be given a copy of the College's sexual assault policy.
2. An opportunity to contact the governmental law enforcement authorities including local police and/or district attorney. Bucks County Community College will assist the student in notifying proper law enforcement officials, if requested.
3. Transport to the nearest medical facility approved for the collection of rape evidence.
4. Awareness of mental health counseling on campus or in the community.
5. Alternative class assignment if requested and reasonably available.

Due to the severity of incidents of sexual assault, the College strongly encourages individuals who have been sexually assaulted to contact the police to make an initial report. Reporting the incident to the police soon after the incident occurs may greatly increase the possibility of successful prosecution, if the individual does at some point decide to press criminal charges. It is extremely important to preserve all evidence of a sexual assault if criminal prosecution is to be considered.

Individuals who have been sexually assaulted will be offered the opportunity to make a formal complaint through the College's judicial system against the offender, under the College's Code of Conduct. The College may pursue code of conduct charges regardless of whether any criminal charges are filed. The College's judicial process is not intended to serve as a substitute for the criminal justice system. The College will initiate internal judicial proceedings in incidents of sexual assault when a student requests it and/or when subsequent investigation produces substantial evidence of a violation of College policy. Students will receive a copy of the Student Policy and Procedures Handbook. This includes the College's Sexual Misconduct and Harassment policies, as well as complete information on the College's Judicial Process.

Individuals have the right to have any questions about College policy and the College Judicial process answered. If an individual who reports a sexual assault is harassed by anyone in connection with the incident in question, the harassment should be reported immediately to the Office of Security and Safety. The College would then respond to the allegations of harassment. Individuals have the option to have a Victim's Advocate and/or any other advisor with them at all times throughout such procedures. The accuser and the accused are entitled to the same opportunities to have others present during judicial disciplinary proceedings. Both the accuser and the accused shall be informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense (the College's final determination as well as any sanction against the accused).

SEX OFFENDER REGISTRY AND ACCESS TO RELATED INFORMATION:

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, became effective on October 28, 2002. The law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. In the Commonwealth of Pennsylvania, information regarding registered sex offenders who are subject to community notification may be obtained from a community member's respective local municipal police agency and/or the Pennsylvania State Police. In the Townships of Newtown, Bristol and Perkasio, information regarding

registered sex offenders who are subject to community notification may be obtained at the respective Police Departments, at the applicable Pennsylvania State Police Barracks, or online at www.pameganslaw.state.pa.us.

ACCESS TO CAMPUS FACILITIES:

Most campus buildings and facilities are accessible to members of the campus community, guests and visitors during normal hours of business (Monday - Friday). This excludes most holidays. Faculty and staff who wish to enter their office or support areas during non-duty hours are asked to notify or visit the Office of Security and Safety. This will alert security in case of an emergency in the facility. Department heads are requested to submit entry authority lists to the Office of Security and Safety for personnel assigned to their respective departments with special access needs.

MAINTENANCE AND SECURITY OF CAMPUS FACILITIES:

Bucks County Community College maintains a strong commitment to campus safety and security. Exterior lighting is an important component of an effective crime prevention program. Inspections and surveys of exterior and interior campus lighting are conducted on a daily basis. On duty Officers routinely identify lighting problems via discrepancy reports, which are forwarded to Physical Plant. Lighting problems of a serious nature are reported immediately to the 24-hour maintenance person on-call. As a part of routine patrols Campus Safety personnel inspect exterior doors on campus facilities. Doors are checked to ensure their closing and locking units are working properly. Exterior doors on all academic and administrative buildings on campus are locked and secured each evening by campus security officers. These officers also report door and security hardware deficiencies when discovered. Parking lots and other public areas are actively patrolled by campus security. These patrols are conducted at random to increase visibility and act as a preventative measure against would be vandals or thieves. On duty officers immediately report problems to Physical Plant by submission of discrepancy reports. Security representatives conduct routinely scheduled and unannounced safety and security audits. These audits include inspections of all College owned buildings, facilities, storage areas, and other areas owned or controlled by the College. Noted discrepancies are reported to the appropriate and responsible campus departments for follow-up and correction.

SECURITY AWARENESS AND CRIME PREVENTION PROGRAMS:

Like many other colleges, universities and municipalities, Bucks County Community College aims to be proactive rather than reactive; that is, preventing crimes from occurring instead of reacting to reports of crimes that have already occurred. A primary vehicle for accomplishing this goal is the Office's crime prevention program, which is provided, in direct coordination with educational programs sponsored by other College organizations and departments. The College crime prevention program is designed to eliminate or minimize criminal opportunities that exist on campus and to create an atmosphere in which students and other community members become more responsible for their own security and the security of others. The following is a list of crime prevention programs provided by the Office: Escort Service, New Student Orientation, Personal Safety Programs, Printed Crime Prevention Materials, Rape Awareness, Education and Prevention Programs, Security & Facility Surveys, and fire and life safety training and awareness programs. The Office of Security and Safety's operational approach to crime prevention and suppression mirrors many of the practices associated with the concept of community policing in an effort to provide its community members with the types of public safety services they need and want, but may not be receiving.

MISSING/RUNAWAY PERSON(S):

If a member of the College Community has reason to believe that a student is missing, all possible efforts are made to locate the student to determine his or her state of health and well-being through the collaboration of the Office of Security and Safety and Office of Student Life. The Office of Security and Safety will also informally enlist the aid of the neighboring police agency having jurisdiction. Concurrently, college officials will endeavor to determine the student's whereabouts through contact with friends, associates, and/or employers of the student. Whether or not the student has been attending classes, labs, recitals, and scheduled organizational or academic meetings; or appearing for scheduled work shifts will be established.

If located, verification of the student's state of health and intention of returning to the campus is made. When and where appropriate a referral will be made to the Counseling Services Office and/or Student Life Office.

If not located, notification of the family within 24 hours of receiving the initial report is made to determine if they know of the whereabouts of the student. Such notification will be made by a Student Life professional staff member or someone from the Office of Security and Safety. In addition, appropriate family members or associates are encouraged to make an official missing person report to the law enforcement agency with jurisdiction. The Office of Security and Safety will cooperate, aid, and assist the primary investigative agency in all ways prescribed by law. The Office of Security and Safety will open an official investigation and retain status as the primary investigative unit until relieved by a local police agency.

All pertinent law enforcement agencies, be they neighboring municipal, county, or state; those located along suspected travel corridors; or place of original domicile, will be notified and requested to render assistance.

The gathering of information regarding the missing person will include, but may not be limited to: name, gender, race, date of birth, height, weight, eye color, hair color/length, date/time of last contact, photo availability, possible medicinal usage, address, phone number, S.S. #, full information of vehicle the individual may be operating, names/address/phone number(s)/description(s) of person(s) missing individual may be with.

The following criteria may warrant immediate notification to the local police Department:

1. The person reported missing is under proven physical/mental disability; thereby subjecting him/herself, or others to personal and/or immediate danger.
2. The person reported missing is/was in the company of another person under circumstances indicating his/her physical safety is in danger.
3. The person reported missing is missing under circumstances indicating the disappearance was not voluntary.

"Suzanne's Law" requiring local police to notify the National Crime Information Center (NCIC) when someone between 18 and 21 is reported missing was signed into law by President George W. Bush in the Spring of 2003 as part of the national "Amber Alert" Bill. The federal law is named after Suzanne Lyall, a State University of New York at Albany student who has been missing since 1998.

Previously police were only required to report missing persons under the age of 18. This new law is intended to encourage police to begin investigating immediately when college-age people disappear, instead of waiting 24 hours, which has been a common practice.

Upon closure of the missing person investigation, all parties previously contacted will be advised of the status of the case.

ON-CAMPUS CRIME AND PREPARATION OF THE ANNUAL SECURITY REPORT:

Bucks County Community College is committed to the accurate reporting of crimes on campus. These statistics are compiled from information contained within official Office of Security and Safety incident reports, Student Affairs reports, applicable police reports, and information received from officials of the college with significant responsibility for student activities. The College has advised all "campus security authorities," as defined by the Federal law, of their duty to report all crimes to the Office of Security and Safety for inclusion in the annual disclosure of crime statistics. Professional counselors, as defined by the Federal law, who act in such capacities, have been advised that, while they are not obligated to report crimes for the purpose of compiling these statistics, they are encouraged, when they deem it appropriate, to inform the persons they are counseling of their ability to report any crimes on a voluntary, confidential basis for inclusion in the annual statistics. Each year, representatives from the Office of Security and Safety, the Student Life Office, and the Human Resources Office, review the current campus security report and provide information to update the report and compile the crime statistics for the most recent calendar year. Changes to 20 U.S.C. 1092 (F), Section 486 (e), Disclosure of Campus Security Policy and Campus Crime Statistics have resulted in Bucks County Community College reporting crimes in three tables. Table One under Pennsylvania Statute and tables two and three under the 20 U.S.C. 1092 (f).

TABLE 1

The Pennsylvania College and University Security Information Act mandates the release of crime statistics and rates to matriculated students and employees. The index rate is based on the premise that the community consists of 100,000 people. The crime rates for 2006, 2007, and 2008 are established using population figures for the academic year 2006; approximately 10,000 total members of the community (standard rounding rules are applied).

**** REFERRALS FOR CAMPUS DISCIPLINARY ACTION:**

Effective since 1999, in addition to arrests, the Clery Act requires the disclosure of persons referred for campus disciplinary action for liquor law violations, drug-related violations, and weapons possession. Because of the seriousness with which Bucks County Community College treats such offenses, all persons considered to be in violation of liquor or drug laws or applicable College policies are referred to the Judicial Affairs Office for disciplinary action, ranging from a written warning to expulsion. It should be noted that referrals may consist of a group of 2 or more students being referred for discipline for a single incident.

*** Number of reported crimes listed above or other crimes involving bodily injury to any person that manifested evidence that the victim(s) were intentionally selected because of their actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability.

* One (1) Larceny/Theft occurred at the old Bristol Center, a leased non-campus property, in the Spring of 2007, prior to the opening of the Lower Bucks Campus. The three (3) Larceny/Thefts from 2006 occurred at the old Bristol Center.

The Annual Security Report is prepared in accordance with 20 U.S.C. 1092 (f) (7), Section 485 (f), Campus Security Policy and Campus crime statistics as amended and Pennsylvania Law 448, No. 73 as amended.

Federal Bureau of Investigation Uniform Crime Reporting/National Incident-Based Reporting System Crime Definitions

Excerpted from the Implementing Regulations of the "Jeanne Cleary Disclosure of Campus Security Policy and Campus Crime Statistics Act" (originally the Campus Security Act) originally published in the Federal Register on April 29, 1994 (Vol. 59, No. 82) and November 1, 1999 (Vol 64, No. 210).

The following definitions are to be used for reporting the crimes listed in 34 CFR sec. 668.46 (previously 668.47) in accordance with the Federal Bureau of Investigation's Uniform Crime Reporting Program. The definitions for murder, robbery, aggravated assault, burglary, motor vehicle theft, weapon law violations, drug abuse violations and liquor law violations are excerpted from the Uniform Crime Reporting Handbook. The definitions of forcible and nonforcible sex offenses are excerpted from the National Incident-Based Reporting System Edition of the Uniform Crime Reporting Handbook.

Crime Definitions From the Uniform Crime Reporting Handbook:

Arson - Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Criminal Homicide-Manslaughter by Negligence - The killing of another person through gross negligence.

Criminal Homicide-Murder and Nonnegligent Manslaughter - The willful (nonnegligent) killing of one human being by another.

Robbery - The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.
