• Dr. Linksz also commented that Tyler Hall was listed in the December 30 edition of the Courier Times series as one of the “Jewels of Bucks County”.

• Finally Dr. Linksz noted that the College will be partnering with 13 county school districts, 3 technical schools and the Intermediate Unit to develop a county wide network to promote interconnectivity and bring Internet 2 to the members of the consortium. Internet 2 is the noncommercial internet which serves the educational and research community. Bucks will serve as the lead site for the delivery of Internet 2 in this project for which the Intermediate Unit recently received a $1,600,000 grant.
