PARTNERSHIP AGREEMENT
BETWEEN
BUCKS COUNTY COMMUNITY COLLEGE
AND
MIDDLE BUCKS INSTITUTE OF TECHNOLOGY

Engineering Related Technology

I. Purpose

Middle Bucks Institute of Technology (MBIT) and Bucks County Community College (BCCC) agree to collaborate in the planning, execution, and evaluation of a program in the area of Engineering Related Technology. The objective of the program is to provide students with the opportunity to develop a knowledge and skill base, complete course work, and earn college credit toward an Associate Degree with a major in Engineering.

II. Program Specifications

A. Credits Earned - The BCCC course which corresponds to the competencies achieved while earning the Engineering Related Technology Certification at MBIT is titled as follows:

   ENGR112 Engineering Graphics 3 credits

B. Application for Credit - To receive college credit the student shall do or cause to be done the following:

1. Complete all of the requirements of and be granted the Engineering Related Technology Certification by MBIT.
2. Be a high school graduate.
3. Follow regular College admissions procedures, and, in addition, request from his/her vocational school an official copy of his/her competencies sheet to be sent to the College Admissions Office.
4. Request (in writing) that the Assistant Academic Dean of the Department of Mathematics, Science and Technology at the College evaluate his/her competency forms for possible college credit under the terms of this partnership agreement.
5. Students must be enrolled in the Engineering program of study at Bucks County Community College for the semester in which the credit is granted. These credits become part of the student’s official transcript once the College officially accepts the student.
III. Operational Considerations

A. BCCC and MBIT shall be mutually in agreement to the following:

1. BCCC and MBIT are committed to providing equal educational opportunities. This encompasses persons in legally protected classifications and others in regard to race, color, national origin, sex, handicap, sexual orientation, age, and religion as well as disabled and military veterans. Each party will be responsible for its own compliance with discrimination laws.

B. Bucks County Community College agrees to the following:

1. The Assistant Academic Dean of the Department of Mathematics, Science, and Technology will recommend to the Dean of Academic Affairs the course for which credit shall be granted.
2. After making the decision, The Dean of Academic Affairs will advise the Assistant Academic Dean of the Department of Mathematics, Science and Technology as to the number of credits the student will receive under this agreement.
3. High school competency forms will be considered valid for two years after the student’s high school graduation. Competency forms may be considered valid for up to four years from date of graduation if the applicant can document military experience or related work experience that occurred subsequent to the date of high school graduation.

C. Middle Bucks Institute of Technology agrees to the following:

1. Students will be made aware of the basis of availability of the partnership program for future college credit.
2. Submit a list of students recommended for consideration in this program annually.
3. Transcripts and competencies will be dated and signed by the respective MBIT officials.
4. MBIT will maintain and, on request of students, send official copies of transcripts/competencies to Bucks County Community College.

IV. Renewal

The terms of this agreement shall be for a period of three years, commencing May 1, 2010 and terminating on December 31, 2012 providing, however, that either party may sooner terminate this Agreement upon 30 days notice in writing to the other.

This Agreement may be modified by mutual consent, provided any and all modifications will be in writing and signed by authorized officials of the College and MBIT upon respective board approval.
