- Students who meet the terms of the Core-to-Core agreement between Temple and BCCC will transfer under the terms of that agreement and need to complete only the two Temple writing intensive courses, and any remaining nursing pre-professional requirements and the nursing professional curriculum at Temple.  

- Students who complete the Bucks County Community College curriculum specified in the advising guide are guaranteed the transfer credit for courses indicated in that section.  

- Once at Temple, students who transfer under the terms of this agreement are responsible for meeting requirements in the RN-BSN Program and any other curricular requirements applying to all Temple students that were in effect at Temple at the time of their admittance to Temple. These students will abide by the policies and procedures and any revisions thereof that apply to all Temple students.  

- Students entering Temple under the terms of this agreement must meet all university and RN-BSN program admission requirements and all applicable Temple requirements and deadlines pertaining to application for admission and payment of tuition and fees.

- Students must successfully complete 52 credits of prerequisite and elective requirements before beginning the RN-BSN Nursing major.  

- Temple’s RN-BSN program includes 30 credits of upper division courses, which must be completed at Temple. Transfer courses cannot be used to satisfy these requirements.  

- Once students matriculate to Temple, they are permitted to take a maximum of nine (9) credits concurrently at BCCC. Upon enrollment in 4000 level nursing courses no additional transfer courses will be accepted.  

- Students who take advantage of this agreement are also encouraged to sign the Dual Admissions Intent to Enroll Form.
