- Lenape Indian Experience
- Underwater ROVers
- Mock Trial II
- Super Summer Readers

- · Tunes and Tambourines
- Let's Get Moving
- Superheroes & Heroines
- Bookworms
- Shakespeare's Theater
- Incredible Edible Art II

The survey says ...

We asked parents and campers what makes Kids On Campus special? Here's what they said:

- One week offerings; flexibility
- Great selection of interesting camps; quality programs
- Camps focus on a single topic of interest; my kids learn something while having fun.
- Safe environment; well-supervised (good ratio of staff to students)
- Good facilities; get a "campus" experience (feel grown up)
- Affordable; good value
- Talented and enthusiastic staff

Gift Certificates available.

Kids on Campus Scholarship

6 available for 2012!

In 2005, the Administrative Employees' Committee at Bucks County Community College established a Kids on Campus Scholarship Fund. This fund is intended to provide support for families that are most in need of financial assistance. While availability of funds and scholarship amounts may vary from year to year, we are able to offer 6 scholarships for the 2012 camp season. Each scholarship covers the cost of tuition for one camp. Recipients must provide their own transportation to and from camp; before and after care is not included.

Applicants must:

- I. Be a resident of Bucks County
- 2. Have economic need (ex: reside in county subsidized housing or participate in the school meal program)
- 3. Commit to attending a full camp session
- 4. Meet good citizenship guidelines as determined by their school administrator
- 5. Complete all required camp forms following notification of their scholarship award

Application Procedure:

To apply for a scholarship, complete both the camp registration and application form and submit it along with all supporting documentation to:

Kids on Campus Scholarship Bucks County Community College Continuing Education, Cottage 3 275 Swamp Rd. Newtown, PA 18940

Ages 13+

Application Procedure: Deadline: March 24, 2012

All forms/paperwork must be submitted together, one complete set for each child applying for a scholarship.

(Application form can be found on page 37.)

Early Bird Discounts: Register before April I and receive a 10% discount off published camp prices. (Discount pricing not available via web registration.)

Kids on Campus Summer Camp Open House

Saturday, March 10, 2012, 10 am - noon

Newtown Campus, Bucks County Community College Gallagher Room in the Charles E. Rollins Student Center

Meet instructors and camp leadership, sample activities, have your questions answered and register for camp. The donuts & coffee are on us!

Attention, Parents/Guardians

In order to provide for your child's safety, the College does not permit any child on campus without proper supervision. If you find it necessary to drop off your child early, or pick up your child after camp hours, you must register him/her in the BUCKS Extended Hours program as listed below (Newtown Campus only):

7 - 9 am \$38/week (\$32 week of 7/2) 3:30 - 6 pm \$55/week (\$44 week of 7/2) am & pm \$70/week (\$56 week of 7/2)

Supervised activities will be provided and arrangements to register may be made on a weekly basis through the summer.

Call the Tri-Hampton YMCA at 215-579-6200 for details.

Upper Bucks Campus

All camps are Monday-Friday, 9 am-3:30 pm unless otherwise noted.

July 9

ACE (AVIATION CAREER EDUCATION) ACADEMY (ages 10-14)

Consider a future in the Aero Space Industry. Take the first step and attend the Ace Academy. Meet the experts in the field of aviation, pilots, air traffic controllers etc. Participate in many activities relating to aviation history and the physics of flight. Students will build balsa wood models, fly with the help of flight simulation software and take a trip to an airport. Join us and take to the skies!! Staff \$275 (includes all materials)/ ACHYC 0324 C01

PODCASTING (ages 7-9)

Have fun creating your own show with sound and pictures. Learn the basics of podcasting from writing a script, recording and illustrating. Use your voice, music and various sound effects to produce your own podcast for all of your friends and relatives to enjoy. Create a slideshow to illustrate your podcast as well. Fran Margolis, M.Ed.

\$249 (includes all materials)/ RCHYC 5009 C70

STUDY SKILLS FOR SAVVY STUDENTS (ages 9-12)

Half Day Camp - 9 am-noon only!

Get a head start and improve your grades by learning memory improvement, time management, reading techniques, note taking, and test preparation. Several techniques and skills will be introduced in an effort to help you determine which methods work best for you. Exercises focusing on reading, listening, following instructions, organization, and timed situations are part of each camp session. Explore how studying can be exciting and fun, once you discover the tools you need to achieve! Marie Mueller, M.Ed.

\$129 (includes all materials)/ATEST 2001 C70

July 16

LEGO ANIMATION (ages 9-12)

Stop Motion is a powerful animation technique that makes static objects appear to be moving. In this camp, you will use Lego bricks and found objects. Brainstorm your ideas, create the storyboard, construct the props, shoot the still frames and then, using Movie Maker, create the finished animation. Student animations will be uploaded to the internet onteachertube.com. *Kara Chrin, B.A.* \$249 (includes all materials/ RCHYC 5031 C70

WIZARDS CAMP NEW (ages 7-9)

Receive your letter of acceptance to Kids On Campus' magical camp! Make magical creatures, wands and potions. Learn about famous witches and wizards and write stories for our Wizard News! Make wizard trading cards and a secret wizard book of spells. Susan Ewart \$249/ RCHYC 5101 C70

PROJECT FASHION NEW (ages 11-14)

Love Fashion? Learn how to create a "look" from old clothes and accessories. Be inspired by vintage outfits, famous fashion designers and Project Runway. Amanda Schreffler, B.S.

\$269/ RCHYC 5103 C01

July 23

GAME MAKER (ages 11-14)

Use Game Maker software to develop mazes, puzzles, games and more. Learn the basics of game design without having to type code. Using drag-and-drop actions, you can create professional style games. You can make games with backgrounds, animated graphics, music, sound effects and a scoreboard. Fran Margolis, M.Ed. \$249 (includes all materials)/RCOAP 3067 C70

INCREDIBLE EDIBLE ART (ages 9-12)

Become an artist in the kitchen! Create edible masterpieces as we learn to make art using food. You will learn to sculpt cakes, mold ice cream, craft masterpieces from cereal, artfully carve vegetables and more. Allison Farrell, B.S.

\$249 (includes all materials)/RCHYC 5094 C70

SUPER SUMMER READERS (ages 7-9)

Would you be courageous enough to travel into your favorite book? Do you love to read? Come along on our journey into some of your favorite books. We will explore several books through hands on activities, crafts and snacks! Our week will end with a Reader's Theater performance! Have fun and improve your reading comprehension, vocabulary and fluency. Become a fabulous reader this summer! Jessica Jefferis, M. Ed.

\$249/ RCHYC 5969 C70

DIGGING DINOS

Travel back in time with us as we explore prehistoric times. Discover facts about your favorite dinosaurs as well as theories on extinction through books, hands-on crafts, creative activities and interactive games. Become an archaeologist and dig for dinosaur bones and then construct a dinosaur model. *Emily Coombs*, B.S.

\$249 (includes all materials)/RCHYC 5926 C01

SEUSS ON THE LOOSE

Can't get enough <u>Cat in the Hat</u>? How about <u>Horton Hears a Who?</u> Join us and dive into the wacky world of Dr. Seuss as we explore his writing with projects, games and fun! As we travel on new Dr. Seuss adventures each day, we will practice reading, writing, and math skills to enhance vocabulary, sequencing, rhyming, and letter and number recognition. Our Seussville camp is a great way to brush up on academic skills with the help from our friend, Dr. Seuss. Simrit Khalsa, B.S.

\$249 (includes all materials)/RCHYC 5923 C01

RECIPE FOR SCIENCE

Add I cup of bubble making, to 1/2 cup of racing magnets. Sprinkle in building volcanoes and marshmallow houses. Add 2 teaspoons of invisible ink and whip in some air to make balloons and airplanes. Pour in I tablespoon color experimentation with icing. Taste lemon fizzies, different flavored cookies and homemade ice cream. Mix it all together and you get fun, learning, and a dash of excitement.

Kathryn Palkovics, B.S.

\$249 (includes all materials)/RCHYC 5922 C01

SUPERGYM

Improve a variety of movement and locomotor skills through organized play and fun activities like Alligator Alley, Toy Story Tag, and Parachute. Many of these skills are the basis for team

sports. This is not JUST a sports camp. Campers will apply leadership and teamwork skills through cooperative games and be

exposed to a variety of cultures through games from around the world. After-lunch craft activities include Build-Your-Own- Jump Rope, and Bowling Pin Buddies. Camp Challenges help to promote sportsmanship and a healthy attitude toward competition. Don't forget to pack a small snack and a bathing suit and towel for a cool down at the end of the day. Erica Hellerstein, B.S.

\$249 (includes all materials)/ RCHYC 5630 C01

July 2

ART EXPRESSIONS

Here's your opportunity to express your most creative self in a myriad of art projects! You will gain confidence as you spontaneously create imaginative works of art that reflect your own unique self. You will learn about and use many different techniques and media, including printmaking, drawing, painting, collage, sculpture, and weaving. Discover the best in yourself. Ask questions, have fun, and keep on learning. Please bring a smock.

Donna Kutz Ermers, M.F.A.

\$204 (includes all materials)/RCHYC 5046 C02

DISNEY PRINCES AND PRINCESSES

Join us on a journey through your favorite Disney fairytales to find your inner Prince/Princess. Would you like to make a crown for Snow White, join Aladdin on his magic carpet, or see if frogs really do turn into Princes? Then this is the place for you! Dress up in your favorite costumes as we read stories, watch video clips, act out short scenes, and design crafts based on our favorite Disney movies. At the end of our week, all Princes and Princesses will help to put together a tea party and luncheon for their families... it's sure to be a royal treat!

Lindsay Jenkins, B.S., M.A..

\$204 (includes all materials)/ RCHYC 5928 C01

All camps are Monday-Friday, 9 am-3:30 pm unless otherwise stated.

INCREDIBLE, EDIBLE EXPERIMENTS AND KITCHEN MAGIC!

Explore a variety of scientific principles using everyday, ordinary materials. These "ordinary" experiments result in "extraordinary" discoveries. Enjoy learning about the scientific method and the "hows". "whys",and "what-ifs" of experiments in kitchen chemistry and natural physics. Create your own "recipes" for soda, toothpaste and ice cream. Then explore the properties of soap, create slime and silly putty, and use science in your everyday life.

3D SCULPTURE FOR MULTIDIMEN-SIONAL KIDS

Get your hands on a fun array of materials to explore familiar and newly imagined ideas and concepts! This week-long workshop will have you working with materials like papier maché, clay, plaster, cardboard, and other different 3-D materials to create wonderful 3-D works of art. You won't need 3-D glasses. All you'll need is the imagination to stretch all the dimensions using the dynamic opportunities that sculpting and 3-D art offers. Jamie Ulkloss, M.Ed. \$284 (includes all materials)/RCHYC 5028 C01

CREATURE FEATURE NEW

Here is a week of creativity and making art! Create your own creatures and bring them to life with art, storytelling, puppetry and drama. Even our snacks will be creature themed! Amanda Schreffler, B.S. \$249 (includes all materials)/ RCHYC 5071 C01

DECATHLON CAMP: TRACK, FIELD & FITNESS

This Decathlon Camp will challenge you in areas of track, field, and overall fitness. Presentation of the various disciplines in track, (starting blocks, running and hurdling, speed sprinting and field endurance mechanics of jumping - horizontal and vertical - throwing shot and discus, javelin, and baton passing) within an environment of careful and thorough instruction by experienced coaches with safety being emphasized. Bring your bathing suit and towel. Coach Stephan Harnish, B.S.

\$249 (includes all materials)/RCHYC 5617 C01

Week of June 18 - cont'd

MOUNTAIN BIKING / DISC GOLF

(must be 8 years old)

In this combo class, you will learn about trail riding, bike maintenance, and bike safety as well as the exciting sport of disc golf. Spend the day in Tyler Park learning proper riding position for climbing and descending, proper gear use, technical maneuvering, controlled braking, disc golf rules of play, and throwing styles.

You must provide your own multi-geared mountain bike. All bikes should be tuned and given a safety check prior to the start of camp. Bike rentals are available for a \$50.00 fee for the week. Call Endurance Sports for any questions or to reserve a bike rental. (215-369-0225)

Requirements: helmet, multi-geared mountain bike, bathing suit & towel for afternoon swim. The instructor reserves the right to deny participation if bike does not meet requirements.

Barbara Kuronya, B.S.

\$267 (includes all materials)/RCHYC 5623 C01

POETRY PROJECT NEW

Create an anthology of poetry as you read, write, and listen to different kinds of poetry. Create and frame your very own "found poem". Let your inner poet find a voice! Susan Ewart

\$254 (includes all materials)/ RCHYC 5017 C01

June 25

AMERICAN GIRL CAMP

Travel back in time with the American Girl dolls through crafts, cooking, games, and fashion! Learn about history, choices, and character from Kit, Samantha, Molly, Kirsten, and Addy. Each day you will create exciting crafts for you and your doll as you explore the worlds of these iconic fictional characters. As you explore what their lives were like, you will also discover what makes you unique as you write your very own American Girl books. Bring your favorite American Girl doll with you (or any 18-inch doll) and get ready for a fun and exciting camp!! Amy Millar, B.A.

\$259 (includes all materials)/ RCHYC 5089 C01

AWESOME ARTISTS

Explore the wonderful world of art, through the use of an array of art mediums. Create, design, and learn in an artful way. Create life-size drawings, learn to paint, sculpt, and design through the art of collage, and much, much more! Jamie Ulkloss, M.Ed. \$279 (includes all materials)/RCHYC 5023 C01

Early Bird Discounts: Register before April I and receive a 10% discount off published camp prices. (Not available with web registration.)

Ever thought of joining the circus? Learn how to do tricks with hula hoops, do handstands, juggle, and more! There will also be lessons and fun in clowning about and performance skills. Please wear clothes you can move in. Faith Benamy

\$269 (includes all materials)/RCHYC 5058 C01

WANNA BE A STAR - 2 WEEK CAMP

Designed for the younger camper interested in Musical Theater, this is an active participation program that will focus on basic acting, singing and dancing skills through the production and performance of a musical. Learn stage direction and presence, projection and articulation, phrasing and song form, as well as choreography that emphasizes counting, formations, and simple steps and movements. You will put a show together from start to finish using these skills during the rehearsal process and will produce a free final performance for family and friends on the last day of the workshop. As an added learning tool, a DVD of the final performance will be made available. Kim Hunt, B.A.

\$399 (includes all materials)/RCHYC 5010 C01

BASKETBALL (must be 8 years old) This exciting clinic is designed to teach boys and girls the essential fundamentals of basketball. You will learn all aspects of the game including basketball conditioning, dribbling, ball handling, passing, shooting, screening, offensive-defensive techniques, and rebounding. We will have competi-

tions for shooting, 5 on 5, 3 on 3, dribbling, and more. The staff will instruct and evaluate each player's performance and level of improvement. Instructions will be given on an individual basis by outstanding camp staff! Each day's activities will include conditioning, team practice, fundamental stations, game situations, as well as a cool-down activity in the pool. Bring your bathing suit and towel. Coaches Ron Chiarolanza & John Senske \$249 (includes all materials)/ RCHYC 5601 C01

DECATHLON CAMP: TRACK, FIELD & FITNESS

For complete description, see page 10. Coach Stephan Harnish, B.S. \$249 (includes all materials)/RCHYC 5617 C02

LEGO ANIMATION

Stop Motion is a powerful animation technique that makes static objects appear to be moving. In this camp, you will use Lego bricks and found objects. Brainstorm your ideas, create the storyboard, construct the props, shoot the still frames and then, using Movie Maker, create the finished animation. Animations created during the week will be uploaded to the Internet on teachertube.com. Kara Chrin, B.A.

\$249 (includes all materials/ RCHYC 5031 C02

SCRATCHIT!

Create a variety of awesome projects using scratch art techniques, materials, and tools. You will design and produce stationery, notepads, and picture frames.....are you sticker crazy? Great! We'll make our own! Simulate stained glass for windows and lamps, construct 3-D textured buildings, etc. You will use everything from colored pencils and oil crayons to markers and paint. Got an "art itch"? Scratchit!! Stephen Cohen, B.F.A.

\$249 (includes all materials)/ RCHYC 5092 C01

A STITCH IN TIME

Are you crafty, and handy with a needle & thread? Do you like to experiment with color and texture? Learning to sew will expand your fashion creativity. In this hands-on camp, you will learn the basics of fabric, textiles, color, and all the steps to sew your own project with a sewing machine. You will also learn simple hand-sewing techniques such as how to sew on a button or hem a finished edge. You can design your own project or follow a pattern that will be provided to make your own pillow, bag, or even a piece of clothing! No sewing experience necessary. All materials provided. Betsy Kruse, M.B.A.

\$259 (includes all materials)/RCHYC 5076 C01

July 2

ULTIMATE ESCAPES

This is a hands-on camp where you will experience fishing, exploring, and nature related exercises at Tyler Park. Getting wet is part of the fun as we hunt for critters in the streams. In addition, you will participate in exciting indoor/outdoor games.

Creating cool crafts as well as participating in fascinating science experiments including magic slime, mosaics, clay sculpturing, and more adds to the fun. At the end of the day we will take a dip in the pool to cool down and relax. This camp has a little bit of everything. Bring your bathing suit and a towel, as well as closed toe shoes for wading in the creek. Edward Obert-Thorn, B.S.

\$249 (includes all materials)/RCHYC 5329 C01

BASEBALL - PITCHING & HITTING CLINIC

Boys and girls, here is your chance to hone in on the essentials of baseball - pitching and hitting! Emphasis will be placed on learning the proper techniques of these two important components of the game, but there will also be time for skill development in catching, throwing, fielding, base running, base stealing, and bunting. Each day will be broken into four minisessions. The first three sessions will focus on skill development and the fourth session will be for advanced play, swimming or wiffle ball. Bring your own glove. It is recommended that you bring cleats and sneakers. Don't forget your bathing suit and a towel for a cool down activity in the pool. Staff

\$199 (includes all materials)/RCHYC 5600 C01

FABULOUS FISHING

Learn how to safely fish and enjoy the art of fishing each day. All equipment and bait will be supplied. (You may bring your own rod.) Instruction on safe casting, hook removal from fish, baiting of hooks, good fishing areas, and good fishing etiquette will be presented. Bring rain gear if necessary. This camp will culminate with a trip to Lake Nockamixon; you must bring a bag lunch that day. Lou Pollack, M.Ed.

\$239 (includes all materials and transportation)/ RCHYC 5614 C02

PODCASTING

Have fun creating your own show with sound and pictures. Learn the basics of podcasting such as writing a script, recording, and illustrating. Use your voice, music, and various sound effects to produce your own podcast for all of your friends and relatives to enjoy. Create a slideshow to illustrate your podcast as well. Fran Margolis, M.Ed.

\$199 (includes all materials)/ RCHYC 5009 C01

TOTALLY SKATEBOARD

(must be 9 years old)

Learn new stuff and have fun. Practice riding, paddling, ollieing and dropping in all morning at a local skate park. Spend the afternoon taking a swim, watching skate videos, and building and customizing a new skateboard

deck that you will take home with you at the end of the week. **Requirements:** Skateboard; helmet; elbow, knee and wrist pads; and a signed waiver. There are no exceptions to the required items. Those who do not have the required items may not participate. *Barbara Kuronya, B.S.*

\$244 (includes all materials & transportation to Middletown Skate Park)/RCHYC 5627 C01

TOYS AND SEW MUCH MORE

Do you love stuffed animals or soft toys? Learn to make your very own stuffed animals, soft toy or dolls in this fun sewing class. Improve your hand and machine sewing skills while you create toys from a pattern or create your own design to sew a unique toy all on your own. Experiment with a variety of stuffing material, fabric textures and accessories to build one or more soft toy friends!

Prerequisite: Stitch in Time or some sewing experience. Betsy Kruse, M.B.A.

\$209 (includes all materials)/RCHYC 5086 C01

ULTIMATE ESCAPES

For complete description, see week of June 25. Edward Obert-Thorn, B.S.

July 9

ART EXPRESSIONS

Here's your opportunity to express your most creative self in a myriad of art projects! You will gain confidence as you spontaneously create imaginative works of art that reflect your own unique self. You will learn about and use many different techniques and media, including printmaking, drawing, painting, collage, sculpture, and weaving. Discover the best in yourself. Ask questions, have fun, and keep on learning. Please bring a smock.

Donna Kutz Ermers, M.F.A.

\$254 (includes all materials)/RCHYC 5046 C03

BOOKS, CRAFTS & GIRLS

Explore the roles that girls played in books from the 1930's to today. Learn how girls were portrayed, their similarities to today, and how major events shaped girls' worlds. Learn jewelry making from different time periods as well. *Emily Nellinger* \$249 (includes all materials)/ RCHYC 5525 C01

DANCE, DANCE, DANCE!

Learn to dance and move like a star! Creative movement is great way to learn skills, techniques and express yourself through the fine art of dance. This program is a fun way to learn dance and movement styles for students with any level of experience. See you in the summer!!

Colleen Cunnius, B.S.

\$249 (includes all materials)/ RCHYC 5065 C01

MOUNTAIN BIKING / DISC GOLF

(must be 8 years old)

For a complete description, see page 11.

You must provide your own multi geared mountain bike. All bikes should be tuned and given a safety check prior to the start of camp. Bike rentals are available for a \$50.00 fee for the week. Call Endurance Sports for any questions or to reserve a bike rental. (215-369-0225)

Requirements: helmet, multi-geared mountain bike, bathing suit & towel for afternoon swim. The instructor reserves the right to deny participation if bike does not meet requirements.

Barbara Kuronya, B.S.

\$267 (includes all materials)/RCHYC 5623 C02

SUPER SUMMER READERS

Would you be courageous enough to travel into your favorite book? Do you love to read? Come along on our journey into some of your favorite books. We will explore several books through hands on activities, crafts and snacks! Our week will end with a Reader's Theater performance! Have fun and improve your reading comprehension, vocabulary and fluency. Become a fabulous reader this summer! Jessica Jefferis, M. Ed.

\$249 (includes all materials)/ RCHYC 5969 C01

TENNIS, ANYONE??

(must be at least 9 years old)

Get into the "swing" with our exciting tennis clinic! You will become a successful tennis champ by developing both your athletic abilities and your competitive spirit. This unique program is set up to develop skills, interest, and enjoyment for the young tennis

player, and to make the competitive player more consistent, confident, and athletic. The day will also include a cool-down activity in the pool. Bring your own tennis racquet, bathing suit and towel.

Iohn Senske

BEGINNER'S LACROSSE FOR BOYS & GIRLS

Learn the hottest sport around! This camp is well suited to the new player or anyone who wants to sharpen their skills. The focus will be on skill improvement through drills, conditioning, videos and games. Throwing, catching, cradling, shooting ground balls, and rules of play will all be covered. Some activities will be co-ed and others will be taught separately. Conditioning and running essential to the game are incorporated in the many fun activities during this camp. Bring your bathing suit for afternoon swim. Requirements:

boys: stick, mouthguard, gloves, bathing suit & towel girls: stick mouth guard, bathing suit & towel All equipment must be regulation. Questions call endurance sports 215-369-0225 Barbara Kuronya, B.S.

\$249 (includes all materials)/ RCHYC 5624 C01

CLASSY GLASS

Create light and color-drenched stained glass using a variety of objects and materials. Turn ordinary drinking glasses, plates, bowls, etc., into spectacular artworks! Use water-based transparent and iridescent glass paints and liners. Illuminate Plexiglas windowpanes. Design window sun-catchers and wind chimes...use glass tiles to create mosaic animals, land and cityscapes. Dazzle your family and friends with amazing, colorful Classy glass!! Stephen Cohen, B.F.A. \$249 (includes all materials)/RCHYC 5081 C01

ENVIRONMENTAL EXPLORERS -PART 1

You will learn basic ecological principles through activities such as solar leaf prints, owl pellet dissection, and aging tree rings, and children's literature. Our daily hikes to Tyler State Park will help you to identify animal tracks and wildlife. Gain an appreciation for the local ecosystem and how best to protect it. Be prepared to get dirty as you hike the trails, explore the Neshaminy Creek for critters to observe and identify, and investigate a wetland! Make a craft and play a game that centers around the day's lesson. Be sure to bring some insect repellent, and don't forget your bathing suit and a towel for a cool down in the pool. Rebecca Obert-Thorn, M.Ed.

\$249 (includes all materials)/RCHYC 5305 C03

INCREDIBLE EDIBLE ART

Become an artist in the kitchen! Create edible masterpieces as we learn to make art using food. You will learn to sculpt cakes, mold ice cream, craft masterpieces from cereal, artfully carve vegetables and more. Allison Farrell, B.S.

\$249 (includes all materials)/RCHYC 5094 C01

KABOOM!

What could be more fun than dropping raw eggs from high heights without breaking the shell? How about creating ocean wave machines or tornadoes in bottles? For answers to these and other amazing scientific (and fun) questions attend Kaboom camp. We will explore the world around us! Watch volcanoes erupt and scientific discoveries unfold as we test, observe and analyze our results on many fun projects. Laura Belove, B.A.

\$269 (includes all materials)/ RCHYC 5750 C01

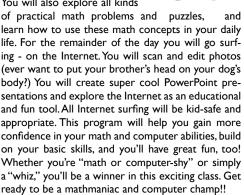

MATH MANIA & COMPUTER FUN

(must be 8 years old)

Get ready for the most fun you've had with math and computers . . . ever! Part of

your day will be spent learning to be a better problemsolver and creative thinker through challenging and fun math activities, discussions and use of manipulatives.

You will also explore all kinds

Michael Blumberg, M.Ed. & Marie Mueller, M.Ed. \$249 (includes all materials)/RCHYC 5413 C01

SUPERGYM II

Here's a chance to fine tune your sports skills such as kicking, striking, throwing, catching, dodging and chasing. They are the basis for many team sports, however this is not JUST a sports camp. You will play modified versions of common team games like soccer, trashketball, and team handball, along with new games such as Alaskan baseball and Monarch tag. Learn leadership and teamwork skills through cooperative games, and be exposed to a variety of cultures through games from around the world. This camp is a great follow up if you took SuperGym in the past, or for older kids who just enjoy being active and learning new sports. Bring your swimsuit and towel for a swim at the end of the day.

Erica Hellerstein, B.S. \$249 (includes all materials)/ RCHYC 5633 C01

FABULOUS FISHING

For complete description, see page 12. Lou Pollack, M.Ed.

\$289 (includes all materials and transportation)/ RCHYC 5614 C03

FIELD HOCKEY

Have you ever wanted to play field hockey? Are you currently a soccer player looking for a new sport to try that has similar strategies? Learn field hockey skills and basic strategies through a variety of activities. Participate in group instruction, play games, work on drills, and view and analyze films. Improve your conditioning, footwork and agility. Interact with your team members to build skills and friendships at the same time. Campers need to supply their own stick, mouthguard and shin guards. They are required for participation in this camp. Bring a bathing suit and towel for a cool down in the pool each afternoon. Erica Hellerstein, B.S.

AMERICAN GIRL CAMP

For complete description, see page 11. Amy Millar, B.A. \$259 (includes all materials)/ RCHYC 5089 C02

FLAG FOOTBALL

Come learn the fun game of flag football. Daily sessions will be devoted to basic skills such as passing, receiving and kicking a football. Time will also be set aside for developing the necessary footwork and conditioning needed to play the game successfully. Teams will be set up and there will be daily practice sessions along with competitions and games. Pool time will also be available. Mouthguards will be distributed to each participant. Cleats may be worn but only if rubber soled. No other pads are necessary since flag football limits all forms of contact. Ron Chiarolanza \$249 (includes all materials)/ RCHYC 5607 C01

INLINE SKATING

Half Day Camp - 9 am-noon only! (may be paired with Ultimate Frisbee)

Designed with safety in mind, this beginner's In-Line Skating clinic will give you an opportunity to learn the proper techniques of In-Line Skating. Basic safety information will begin with equipment fit, maintenance, and proper use. The basic skills of forward movement, braking and turning will be taught through drills and games. The clinic is structured so that those who quickly master the basics can move on to more advanced skills. You will proceed at your own comfort level.

Requirements: in-line skates with a brake, helmet, elbow, wrist & knee pads. No exceptions will be made to the safety gear. Toy skates are not allowed. If you do not have the required equipment it can be provided for an extra fee. Any questions, please call Endurance Sports at 215-369-0225.

Barbara Kuronya, B.S.

CAPTURE THE MOMENT NEW

era to explore the world around you. You will venture outdoors as we learn to frame a composition or capture your shadow in a picture. Take your photos home to share and display. Bring your own camera to camp. Alexis Amiet

\$249 (includes all materials)/ RCHYC 5430 C01

DECATHLON CAMP: TRACK, FIELD & FITNESS

This Decathlon Camp will challenge you in areas of track, field and overall fitness. Presentation of the various disciplines in track, (starting blocks, running and hurdling, speed sprinting and field endurance mechanics of jumping - horizontal and vertical - throwing shot and discus, javelin, and baton passing) within an environment of careful and thorough instruction by experienced coaches with safety being emphasized. Bring your bathing suit and towel. Coach Stephan Harnish, B.S.

\$249 (includes all materials)/RCHYC 5617 C01

FOTOFUN

Bring your favorite pictures from home, school or anywhere! We will scan and copy them on special computer paper. Then the real fun begins! Hand-color your pictures to create original art that resembles paintings. Turn pictures of friends and family into cartoon characters. Design clothing/costumes for them. Place them in backgrounds like a jungle or another planet. Magazine and book photos become collages, posters and calendars. Create memorable art that will last a lifetime! Bring 2-3 photos with you. Stephen Cohen, B.F.A.

\$249 (includes all materials)/ RCHYC 5326 C01

GUARDSTART: LIFEGUARDING **TOMORROW** (Must be 11 years old.)

Are you between the ages of 11 and 14? Do you see yourself as a lifeguard someday? Experience what it takes to be a great lifeguard. Learn everything from lifesaving and leadership skills to fitness and professional development. When it's time to take a Lifeguard Training course, your GuardStart experience will prepare you to be the best lifeguard that you can be.

Prerequisites: Swim the front crawl for 25 yards continuously while breathing to the front or side. Tread water for one (1) minute using arms and legs. Submerge and swim a distance of 10 feet underwater. Jamie Bintliff

\$269 (includes all materials)/ RCHYC 5632 C01

HELLO IFIESTA! NEW

Come and meet new "amigos" and have a fiesta each day. We will learn to greet, speak and play in Spanish through interactive games, activities and music. Make t-shirts with a Spanish saying. Enjoy making quesadillas, piraguas (Spanish snow cones) and other cultural fun foods. Nancy DeCarvalho

\$249 (includes all materials)/ RCHYC 5930 C01

KID KUISINE I

"Kid Kuisine" is a fun-filled week that will introduce you to the world of culinary arts. In one week, young culinarians will learn proper hygiene, safe food handling, basic cooking and baking principles as well as how to serve a complete made-from-scratch meal. You will work in teams and be instructed by industry-certified chefs. Note: Students who have previously taken Kid Kui- sine I are encouraged not to enroll again; this is designed specifically for 1st time students. There is also a kitchen lab " dress code." Please call us about it.

DECATHLON CAMP: TRACK, FIELD & FITNESS

For complete description, see page 18. Coach Stephan Harnish, B.S. \$249 (includes all materials)/RCHYC 5617 C02

ENVIRONMENTAL NEW EXPLORERS - PART 2

You will learn ecological principals geared toward the "tweens" through laboratories such as water quality testing, dissecting owl pellets, acid rain effects, and aging tree rings. Our daily hikes to Tyler State Park will help you to identify animal tracks and local flora and fauna. Gain an appreciation for the local ecosystem and how best to protect it. Be prepared to get dirty as you hike the trails, explore the Neshaminy Creek for organisms to observe and identify, and investigate a wetland! Make a craft and play a game that centers around the day's lesson. Be sure to bring some insect repellent, and don't forget your bathing suit and a towel for a cool down in the pool.

Rebecca Obert-Thorn, M.Ed.

\$249 (includes all materials)/RCHYC 5305 C01

FABULOUS FISHING

Learn how to safely fish and enjoy the art of fishing each day. All equipment and bait will be supplied. (You may bring your own rod.) Instruction on safe casting, hook removal from fish, baiting of hooks, good fishing areas and good fishing etiquette will be presented. Bring rain gear if necessary. This camp will culminate with a trip to Lake Nockamixon; you must bring a bag lunch that day.

Lou Pollack, M.Ed.

\$289 (includes all materials and transportation)/RCHYC 5614 C01

GAME MAKER

Use Game Maker software to develop mazes, puzzles, games and more. Learn the basics of game design without having to type code. Using drag-and-drop actions, you can create professional style games. You can make games with backgrounds, animated graphics, music, sound effects and a scoreboard. Fran Margolis, M.Ed.

\$269 (includes all materials)/RCOAP 3067 C01

GET CRAFTY WITH PAPER

Discover the many ways paper can be used to create exciting and beautiful works of art. Explore mod podge, paper mosaics, quilling, origami and more using a variety of techniques and media. Projects may include jewelry box, picture frame, coasters, jewelry, wall art, and more. Chevon Beeco Helms, M.Ed.

\$269 (includes all materials)/ RCHYC 5083 C01

HELLO IFIESTA! NEW

For complete description, see page 18. Nancy DeCarvalho \$249 (includes all materials)/ RCHYC 5930 C02

Early Bird Discounts: Register before April I and receive a 10% discount off published camp prices. (Discount pricing not available via web registration.)

July 2

ADVENTURE GAMES

Ever wanted to lead your team through a quicksand pit? Think you can help fellow space explorers move a fragile meteorite? Enjoy team sports like Ultimate Frisbee and Handball? Then ADVENTURE GAMES is the place for you this summer! This camp is designed to help you develop and improve communication, problem solving and social skills as well as physical fitness through a variety of cooperative games and team activities. Throughout the week you will engage, both as an individual and team member, in a variety of activities like ice-breakers, group initiatives, and complete tasks like Through the Quicksand, Giant Puzzles, Fitness Kickball, Cooperative Handball, Radioactive River, All Aboard and Meteorite Mission. At the end of the week you will have a chance to test your new team and individual skills at the Doylestown Rock Gym on their Adventure Challenge Course. Bring your bathing suit and towel to cool off with a free swim at the end of the day. Erica Hellerstein, B.S.

\$269 (includes all materials)/ RCHYC 5812 C01

KID KUISINE I

For complete description, see page 18.

Note: Students who have previously taken Kid Kuisine I are encouraged not to enroll again; this is designed specifically for 1st time students. There is also a kitchen lab "dress code." Please call us about it. Earl R. Arrowood, CCC, CCE, FMP, AAC, M.Sc. & Chef John Angeline, CEPC, MBA

\$324 (includes all materials)/ RCHYC 5701 C02

LEGO ROBOTICS

For complete description, see page 18. Scott Freedman, M. Ed.

\$259 (does not include a robot)/ RCHYC 5425 C0

PAINTING WITH LIGHT NEW!

Use light as the medium for your art. Create beautiful, exciting and surreal images by manipulating your camera and the light around you. Override your camera's default settings, create long exposures, and play with lighting effects. Bring your own digital camera to camp. Amanda Schreffler

\$249 (includes all materials)/RCHYC 5096 C01

ROBOTICS/ROCKETRY I

Robotics - Step into the robotic world while building two basic robots. This camp will be filled with discussion of past, present and future robotics. Science fiction is discussed to show that without it, the advances in technology would be more difficult. Enjoy building two basic robots and learning how they work. With this hands-on course, the history and future of robotics is at your fingertips. Brad Monti, B.S.

Rocketry I - Learn how rockets work and the basic principles of rocket flight by constructing a model rocket from a Model Rocket Construction Packet. Following directions and sequences will be stressed in the construction and launching of the rocket. You will be required to demonstrate knowledge of safety procedures before launching your rocket. Brian Ulkloss, M.A. \$329 (includes all materials)/RCHYC 5428 C01

BASEBALL - PITCHING & HITTING

Boys and girls, here is your chance to hone in on the essentials of baseball - pitching and hitting! Emphasis will be placed on learning the proper techniques of these two important components of the game but there will also be time for skill development in catching, throwing, fielding, base running, base stealing and bunting. Each day will be broken into four minisessions. The first three sessions will focus on skill development and the fourth session will be for advanced play, swimming or wiffle ball. Bring your own glove. It is recommended that you bring cleats and sneakers. Don't forget your bathing suit and a towel for a cool down activity in the pool. Staff

\$199 (includes all materials)/RCHYC 5600 C01

DREAMWEAVER

Learn how to design web pages like a pro! Create a website using a professional design tool: Dreamweaver. Develop content, control design, layout and navigation, add graphics and photos, add a blog and upload your site to the internet. Camper may also use Google Page Creator. Bring your ideas - you will have time to work on your own projects.

Karen Rodriguez

\$199 (includes all materials)/RCOAP 3071 C01

INTRODUCTION TO FLASH

Create drawings, animations, cartoons and photo slideshows. This camp will cover the basics of vector based drawing, use drawing tools, strokes, fills and gradients to convey your message. Use tweening to create motion- without programming! Use the timeline to create fascinating animations, masks, videos and more! Produce graphics, buttons and movie clips to create moving pictures to share with family and friends. Campers will work in groups and independently. John Sheridan, M.M.

\$199 (includes materials)/RCOAP 3069 C01

"KID KUSINE" - BAKING I

This is a week long fun filled training program that will introduce young bakers to Baking Science and Pastry Art. You will learn proper hygiene, safe baking practices, fancy baking and pastry display work. You will work in teams and be instructed by industry certified chefs.

SPECIAL NOTE: Students are strongly encouraged to complete Kid Kuisine I first as they will be more familiar with the facility and operations of the program. Students who have previously taken Kid Kuisine Baking I are encouraged NOT to repeat this course. This is for 1st time baking students. There is also a kitchen lab "dress code". Please call us about it.

Earl R. Arrowood, CCC, CCE, FMP, AAC, M.Sc. & Chef John Angeline, CEPC, MBA

\$289 (includes significant food and materials)/ RCHYC 5710 C01

LEGO ANIMATION

For complete desscription, see page 18. Kara Chrin, B.A. \$199 (includes all materials/ RCHYC 5031 C03

LET'S GET MOVING! NEW

Take a break from the computer and come exercise this summer. Learn how to boost your metabolism with some walking, jogging, and jump roping. Use your own body weight to get stronger. Try our resistance training to get toned. Become more flexible with yoga and pilates stretching. Finally, learn what a calorie is and how to make good food choices. Includes a tour of local fitness club and a complimentary class. Gina Ranelli, M.Ed

\$245 (includes all materials)/ RCHYC 5813 C01

MUSICAL THEATER - 3 WEEK CAMP

Designed for the older camper with a serious interest in Musical Theater, this is an active participation program with experienced Musical Theater professionals. The camp will include the audition process along with putting a show together from beginning to end, working towards becoming

a triple threat, in acting, singing and dancing. Valuable life skills include, public speaking, diction and projection, stage presence, cooperation skills, and taking direction. There will be a scored audition process to determine the assignment of parts, but everyone will be included in the show. On the final afternoon there will be a performance for family and friends along with a digital recording of the performance. Kim Hunt, B.A. \$499 (includes all materials)/RCHYC 5049 C01

PROJECT FASHION NEW

Love Fashion? Learn how to create a "look" from old clothes and accessories. Be inspired by vintage outfits, famous fashion designers and Project Runway. Amanda Schreffler, B.S.

\$269 (includes all materials)/ RCHYC 5103 C01

Attention, Parents/Guardians

In order to provide for your child's safety, the College does not permit any child on campus without proper supervision. If you find it necessary to drop off your child early, or pick up your child after camp hours, you must register him/her in the BUCKS Extended Hours program as listed below (Newtown Campus only):

7 - 9 am \$38/week (\$32 week of 7/2) 3:30 - 6 pm \$55/week (\$44 week of 7/2) am & pm \$70/week (\$56 week of 7/2)

Supervised activities will be provided and arrangements to register may be made on a weekly basis through the summer.

Call the Tri-Hampton YMCA at 215-579-6200 for details.

TOTALLY SKATEBOARD

Learn new stuff and have fun. Practice riding, paddling, ollieing and dropping in all morning at a local skate park. Spend the afternoon taking a swim, watching skate videos, and building and customizing a new skateboard deck that you will take home with you at the end of the week. Requirements: Skateboard, helmet, elbow, knee and wrist pads, and a signed waiver. There are no exceptions to the required items. Those who do not have the required items cannot participate.

Barbara Kuronya, B.S.

\$244 (includes all materials & transportation to Middletown Skate Park)/RCHYC 5627 C01

July 9

CREATING WORD PICTURES

Words can give you a picture in your mind! What do you think a "Bumpy Bubble monster that smells like onions and sounds like a vacuum cleaner" would look like? How do you think it would move, taste and feel? You will use hundreds of printed descriptive word cards to create "word pictures". You can then turn your "word pictures" into a comic book, graphic novella, short story, poster, 3-D sculpture or any of your favorite ways to create art. This course is perfect for those of you who love to write and illustrate...allowing you to put words into pictures..or even act out the "word picture". Imagination RULES!! Stephen Cohen, B.F.A.

BEGINNER'S LACROSSE FOR BOYS & GIRLS

Learn the hottest sport around. This camp is well suited to the new player or anyone who wants to sharpen their skills. The focus will be on skill improvement through drills, conditioning, videos and games. Throwing, catching, cradling, shooting ground balls, and rules of play will all be covered. Some activities will be coed and others will be taught separately. Conditioning and running essential to the game are incorporated in the many fun activities during this camp. Bring your bathing suit for afternoon swim.

Requirements:

boys: stick, mouthguard, gloves, bathing suit & towel girls: stick, mouth guard, bathing suit & towel All equipment must be regulation. Questions? Call Endurance Sports 215-369-0225 Barbara Kuronya, B.S.

\$249 (includes all materials)/ RCHYC 5624 C01

MOUNTAIN BIKING / DISC GOLF

For complete description, see page 18.

You must provide your own multi-geared mountain bike. All bikes should be tuned and given a safety check prior to the start of camp. Bike rentals are available for a \$50.00 fee for the week. Call Endurance Sports for any questions or to reserve a bike rental. (215-369-0225)

Requirements: helmet, multi-geared mountain bike, bathing suit & towel for afternoon swim. The instructor reserves the right to deny participation if bike does not meet requirements.

Barbara Kuronya, B.S.

\$267 (includes all materials)/RCHYC 5623 C02

SHAKESPEARE'S THEATER NEW

Explore Shakespeare's Globe Theater - the hut, galleries, trap doors, pit, side balcony and more. Get an inside look at the life of the performers in Elizabethan theater in 1599 as you design a costume, play act swordplay, draw a set design or create a dance. Susan Ewart

\$269 (includes all materials)/ RCHYC 5020 C01

TENNIS, **ANYONE??**Get into the "swing" with our exciting tennis clinic! You will become a successful tennis champ by developing both your athletic abilities and your competitive spirit. This unique program is set up to develop skills, interest and enjoyment for the young tennis player, and to make the competitive player more consistent, confident and athletic. The day will also include a cool-down activity in the pool. Bring your own tennis racquet, bathing suit and towel.

John Senske

\$249 (includes all materials)/RCHYC 5606 C01

CLAY ANIMATION

Learn how to bring clay models to life with cutting edge technology this summer with clay animation. This camp starts with basic techniques of clay modeling and ends with animated short films. Learn how to make wire armatures out of clay and become an expert story boarder and script writer. In the final phase, you will learn to use iStop Motion and iMovie to create a clay animation digital masterpiece. Join us this summer for a week of fun and moviemaking that can only come from creating characters out of clay! Brian Blair, M.A., & Jamie Ulkloss, M.Ed.

\$279 (includes all materials)/RCHYC 5032 C01

CREATING DIGITAL MUSIC

GarageBand lets you easily perform, record and create your own music whether you're an experienced or aspiring musician or just want to feel - and soundlike a rock star. This camp will help you understand how music is created digitally with the use of audio loops and MIDI. Please bring headphones with I/8"and I/4" adapters.

John Sheridan, M.M.

\$249 (includes all materials)/RCHYC 5037 C01

GIRLS + SCIENCE = FUN

Through hands-on activities you will explore the many fields and careers in science and technology. You will experiment in biology, chemistry, environmental science, physics, geology, engineering and more. Animal dissection is included in this course. Add a dash of art, writing and math to this science journey for a truly unique experience. Course includes field trip to Silver Lake Nature Center and a nature walk at Tyler Park.

Susan Sciarratta. M.S., P.E., and Gina Ranelli, M.Ed. \$299 (includes all materials and transportation)/ ACHYC 0323 C01

HOGWARTS NEW

For complete description, see page 22. Valerie Ciaramella

\$269 (includes all materials)/ RCHYC 5102 C02

MATH MANIA & COMPUTER FUN

Get ready for the most fun you've had with math and computers . . . ever! Part of your day will be spent learning to be a better problem-solver and creative thinker through challenging and fun math activities, discussions and use of manipulatives. You will also explore all kinds of practical math problems and puzzles, and learn how-to use these math concepts in your daily life.

For the remainder of the day you will go surfing - on the Internet. You will scan and edit photos (ever want to put your brother's head on your dog's body?) You will create super cool Power-Point presentations and explore the Internet as an educational

and fun tool. All Internet surfing will be kid-safe and appropriate. This program will help you gain more confidence in your math and computer abilities, build on your basic skills, and you'll have great fun, too! Michael Blumberg, M.Ed.& Marie Mueller, M.Ed. \$249 (includes all materials)/RCHYC 5413 C01

MOCK TRIAL II NEW

This is Mock Trial with twist! Then travel back in time to delve into some famous trials in history. Explore the historical framework of your trial and then present the trial to the jury. Examples of trials are: Sacco and Vanzetti, the Scopes Monkey Trial; and the trial of Galileo Galleli. Polish your skills from Mock Trial I and learn some new ones. A trip to the Court House caps this week. Prerequisite: Mock Trial I Diane M. Rice, Esquire

\$275 (includes all materials)/ RCHYC 5725 C01

All camps are Monday-Friday, 9 am-3:30 pm unless otherwise stated.

PHOTOSHOP FUN

Explore with PhotoShop. Have fun with graphics, text, textures and colors. Be creative! Enjoy experimenting! Create original graphics, backgrounds and colors to use in presentations, websites, pictures and more.

Fran Margolis, M.Ed.

\$249(includes all materials)/ RCOAP 3078 C01

PINHOLE PHOTOGRAPHY

Make your very own camera out of a paint can. Yes, that is correct, a paint can! After constructing your camera, we will walk around the campus and Tyler State Park to take pictures. You won't believe how great these pictures look until you try it yourself. Not only do paint cans make neat cameras but they allow us to create ghost images where you can see through people or have yourself in the picture numerous times. Use the darkroom to develop paper negatives and turn them into positives. This is a great way to learn traditional photography and a ton of fun!

Christian Anderson, B.A.

\$279 (includes all materials)/RCHYC 5070 C01

RHYTHM OF THE BEAT

Explore all types of movement in this exciting new camp where you will exercise your body as well as your mind. Try your hand at choreographing your own dance. Teamwork, practice and involvement are all essential in this experience. Here is a great chance to learn through the arts to develop ideas, create movements, and express feelings through dance. Simrit Khalsa, B.S.

\$249 (includes all materials)/ RCHYC 5066 C01

UNDERWATER ROVers NEW

Build an Underwater Remotely Operated Vehicle (ROV), with the emphasis on learning to design, prototype, construct, and test your own creation. No kits or assembly instructions in this camp! Work in teams, using raw materials to build a unique rover that will navigate an obstacle course in the pool. This camp is for students interested in science or engineering who want to get their hands dirty and learn more about design process. Please bring a swimsuit and towel, rover testing will require you to get wet! Sharon Haiduck, B.S. & Stuart Krzywonos, M.S. \$269 (includes all materials)/RCHYC 5429 C01

WOODTURNING

Learn how to skillfully produce many fun and artful wooden objects using a mini-lathe. You will discover the versatility and appreciate the usefulness of this amazing machine as we turn raw wood into beautiful creative objects. The week is action-packed, as you learn to safely work the wood into many different projects including a mallet, bowl, toothpick holder, honey dipper and bottle stoppers.

Henry Geisenhoner

\$349 (includes all materials)/RCHYC 5055 C01

(AVIATION CAREER EDUCATION) ACADEMY

Consider a future in the Aero Space Industry. Take the first step and attend the Ace Academy. Meet the experts in the field of aviation, pilots, air traffic controllers etc. Participate in many activities relating to aviation history and the physics of flight. Students will build balsa wood models, fly with the help of flight simulation software and take a trip to an airport. Join us and take to the skies!!

\$275 (includes all materials)/ ACHYC 0324 C01

CARDBOARD REGATTA (2 week camp)

Create seafaring vessels that actually float! Learn what it takes to construct a boat that is both buoyant and fast. During Cardboard Regatta, you will become an engineer as you work in teams to build and sail your boat. Anchors Away! Be sure to bring a bathing suit and towel! Brian Ulkloss, B.A.

\$425 (includes all materials)/ RCHYC 5338 C01

"KID KUISINE - A LA CARTE"

This is the continuation of Kid Kuisine series. Continue to explore, cook and bake, but with a better sense of awareness and confidence. You will be challenged and coached into a more creative and "a la carte" level. With this camp, you will get your first opportunity to be directly involved with an " a la carte" restaurant scenario.

Prerequisite: Kids Kuisine I. There is also a kitchen lab "dress code". Please call us about it. Earl R. Arrowood, CCC, CCE, FMP, AAC, M.Sc. & Chef John Angeline, CEPC, MBA \$329 (includes significant food and materials)/ RCHYC 5709 C01

KIDS ON CAMPUS PEER LEADERSHIP CAMP

Learn strategies to deal with bullying, peer pressure and more. Develop leadership skills, that you can share with others as well as your friends in school. These activities will help you learn how to work together as a team, how to work with all types of people, and help to prepare for life during and after high school.

You will:

- strengthen positive relationships between students and adults.
- · Improve skills for getting along and communicating with peers, teachers, and families.
- Help build strong attachments to school.
- Provide you with a foundation of knowledge and skills for refusing substance use. Gina Ranelli, M.Ed.

QUILTING

From designer purses to pieces of art, quilting has been a major part of the fashion and design fields for many years. Join us for this exciting camp where you will learn the basic technique of quilting and create your very own unique quilt, matching tote bag and accessories. Discover the joy of picking out fabrics and sewing them together to create a one-of-a-kind work of art or fashion statement! No experience of quilting needed for this fun and energized camp! Amy Millar, B.A.

\$299 (includes all materials)/RCHYC 5079 C01

ROCKETRY II

Prerequisite: Rocketry I

You will continue to learn how solid and liquid rockets work and the basic principles of rocket flight, but the emphasis will be on multiple stage rockets. You will do this by constructing multi-stage model rockets from Model Rocket Construction Packets.

Following directions and sequences will be stressed in the construction and launching of the rockets. You will be required to demonstrate knowledge of safety procedures before launching your rocket.

101 T-SHIRT PROJECTS NEW

\$259 (includes all materials)/ RCHYC 5098 C01

ADVENTURES IN COMIC CREATION & SCRATCH

Comic Creation: Have you ever wanted to tell crazy stories about your friends and family or star as your own comic strip character or super hero? In this camp for the budding storyteller/artist, you will morph, liquefy, distort and render a custom collection of images. Pulling it all together, import your digital masterpieces and produce a colorful online comic book to amaze and entertain your friends.

Scratch: Scratch is a new programming language that makes it easy to create your own interactive stories, animations, games, music and art and share your creations on the web. As you create and share Scratch projects, you will learn important mathematical and computational ideas while learning to think creatively, reason systematically and work collaboratively.

Kris Fontes, B.F.A., N.B.C.T.

\$249 (includes all materials)/RCHYC 5068 C01

BRILLIANT BRIDGE BUILDERS

This exciting camp is great for anyone who enjoys problem solving, engineering, designing, team activities, and a little friendly competition. You will work in teams to design the strongest bridge... using toothpicks and glue. Teams will use the Internet to find bridge designs, strategies, and tips for constructing the effective bridge. After construction, teams will compete to see which bridge can hold the most weight.

Brian Ulkloss, B.A.

\$259 (includes all materials)/RCHYC 5328 C01

CREATIVE HAIR STYLING & NAIL CARE

For complete description, see page 26.

\$299 (includes all materials)/RCHYC 5728 C02

FLAG FOOTBALL NEW

Come learn the fun game of flag football. Daily sessions will be devoted to basic skills such as passing, receiving and kicking a football. Time will also be set aside for developing the necessary footwork and conditioning needed to play the game successfully. Teams will be set up and there will be daily practice sessions along with competitions and games. Pool time will also be available. Mouthguards will be distributed to each participant. Cleats may be worn but only if rubber soled. No other pads are necessary since flag football limits all forms of contact.

Ron Chiarolanza

\$249 (includes all materials)/ RCHYC 5607 C01

INCREDIBLE EDIBLE ART II Stretch your imagination further in the kitchen with Incredible Edible Art II! We will focus on cake carving, and creating sculptural food art, and adventure to a local bakery to see professional edible art masters in action!

Allison Farrell, B.S.

\$249 (includes all materials)/ RCHYC 5099 C01

INLINE SKATING

Half Day Camp - 9 am-noon only! (may be paired with Ultimate Frisbee)

Designed with safety in mind, this beginner's In-Line Skating camp will give you an opportunity to learn the proper techniques of In-Line Skating. Basic safety information will begin with equipment fit, maintenance, and proper use. The basic skills of forward movement, braking and turning will be taught through drills and games. The clinic is structured so that those who quickly master the basics can move on to more advanced skills. You will proceed at your own comfort level. Requirements: in-line skates with a brake, helmet, elbow, wrist & knee pads. No exceptions will be made to the safety gear. Toy skates are not allowed. If you do not have the required equipment it can be provided for an extra fee. Any questions, please call Endurance Sports at 215-369-0225.

Barbara Kuronya, B.S.

\$125 (includes all materials)/RCHYC 5612 C01

DECATHLON CAMP: TRACK, FIELD & FITNESS

This Decathlon Camp will challenge you in areas of track, field and overall fitness. Presentation of the various disciplines in track, (starting blocks, running and hurdling, speed sprinting and field endurance mechanics of jumping - horizontal and vertical - throwing shot and discus, javelin, and baton passing) within an environment of careful and thorough instruction by experienced coaches with safety being emphasized. Bring your bathing suit and towel.

\$249 (includes all materials)/RCHYC 5617 C01

GUARDSTART: LIFEGUARDING TOMORROW (Maximum age - 14.)

Are you between the ages of II and I4? Do you see yourself as a lifeguard someday? Experience what it takes to be a great lifeguard. Learn everything from lifesaving and leadership skills to fitness and professional development. When it's time to take a Lifeguard Training course, your Guard Start experience will prepare you to be the best lifeguard that you can be.

Prerequisites:

Swim the front crawl for 25 yards continuously while breathing to the front or side.

Tread water for one (1) minute using arms and legs. Submerge and swim a distance of 10 feet underwater. Jamie Bintliff

\$269 (includes all materials)/ RCHYC 5632 C01

MICROSOFT OVERVIEW

Improve your computer skills. Learn how to navigate through the features of Microsoft's Office applications (Word, Excel, PowerPoint, Publisher & Access). Learn to create a flyer & other documents in Publisher & Word, create a spreadsheet, an interactive Point Point presentation as well as a database.

Prerequisites: Working knowledge of computers including file management.

Karen Rodriguez

\$249 (includes all materials)/ RCOAP 3075 C01

MOUNTAIN BIKING / DISC GOLF

(maximum age - 16)

In this combo class, you will learn about trail riding, bike maintenance, and bike safety as well as the exciting sport of disc golf. Spend the day in Tyler Park learning proper riding position for climbing and descending, proper gear use, technical maneuvering, controlled braking, disc golf rules of play, and throwing styles.

You must provide your own multi-geared mountain bike. All bikes should be tuned and given a safety check prior to the start of camp. Bike rentals are available for a \$50.00 fee for the week. Call Endurance Sports for any questions or to reserve a bike rental. (215-369-0225)

Requirements: helmet, multi-geared mountain bike, bathing suit & towel for afternoon swim. The instructor reserves the right to deny participation if bike does not meet requirements.

Barbara Kuronya, B.S.

\$267 (includes all materials)/RCHYC 5623 C01

SEWING BEAUTIFUL BAGS

A bag, a tote, a clutch; a beautiful bag says a lot about who we are. Now you can learn to create your own unique design, using simple steps that are easy to follow. Learn the basics such as fabric selection, project planning, pattern layout and sewing techniques, and use these skills to let your creativity shine. Whether this is your first experience with sewing, or you are more advanced, you will be able to complete one or more projects, and carry your artistry home for all to see! Betsy Kruse, M.B.A.

\$269 (includes all materials)/ RCHYC 5080 C01

SKETCHUP: 3D COMPUTER MODELING

(Must be at least II years old.)

Have you ever wondered how to make 3D image son your computer? You will develop your computer skills by using a computer program call Google sketchup. This is a great beginner program to learn how to design in the 3 dimensional world. Throughout the week you will design houses and buildings that can be placed into Google Earth forth whole world to see! Remy Kass

\$249 (includes all materials)/ RCOAP 3077 C01

Scholarships Available see page 3.

June 25

BASKETBALL (maximum age 15)

This exciting clinic is designed to teach boys and girls the essential fundamentals of basketball. You will learn all aspects of the game including basketball conditioning, dribbling, ball handling, passing, shooting, screening, offensive-defensive techniques, and rebounding. We will have competitions for shooting, 5 on 5, 3 on 3, dribbling and more. The staff will instruct and evaluate each player's performance and level of improvement. Instructions will be given on an individual basis by outstanding camp staff! Each day's activities will include conditioning, team practice, fundamental stations, game situations, as well as a cool-down activity in the pool. Bring your bathing suit and towel.

Coaches Ron Chiarolanza & John Senske

\$249 (includes all materials)/ RCHYC 5601 C01

DECATHLON CAMP: TRACK, FIELD & FITNESS

For complete description, see page 30. Coach Stephan Harnish, B.S.

\$249 (includes all materials)/RCHYC 5617 C02

MOCK TRIAL

"Legal justice is the art of the good and the fair." Learn some general trial techniques such as opening statements and closing arguments, how to examine and cross-examine witnesses and some evidentiary basics in preparation for mock trial simulations. You will be captivated by the challenge of these dramatic roleplaying experiences as attorneys, witnesses, jurors, and other court room personnel all of which leads up to the experience of presenting a case before a jury. "Ladies and Gentlemen, the case is in your hands." Diane M. Rice, Esquire

\$249 (includes all materials)/ RCHYC 5724 C01

PAINTING WITH LIGHT NEW!

Use light as the medium for your art. Create beautiful, exciting and surreal images by manipulating your camera and the light around you. Override your camera's default settings, create long exposures, and play with lighting effects. Bring your own digital camera to camp. Amanda Schreffler

\$249 (includes all materials)/RCHYC 5096 C01

GAME MAKER

Use Game Maker software to develop mazes, puzzles, games and more. Learn the basics of game design without having to type code. Using drag-and drop actions, you can create professional style games. You can make games with backgrounds, animated graphics, music, sound effects and a scoreboard.

Fran Margolis, M.Ed.

\$269 (includes all materials)/RCOAP 3067 C01

July 2

ADVENTURE GAMES

Ever wanted to lead your team through a quicksand pit? Think you can help fellow space explorers move a fragile meteorite? Enjoy team sports like Ultimate Frisbee and Handball? Then ADVENTURE GAMES is the place for you this summer! This camp is designed to help you develop and improve communication, problem solving and social skills as well as physical

fitness through a variety of cooperative games and team activities. Throughout the week you will engage, both as an individual and team member, in a variety of activities like ice-breakers, group initiatives, and complete tasks

like Through the Quicksand, Giant Puzzles, Fitness Kickball, Cooperative Handball, Radioactive River, All Aboard and Meteorite Mission. At the end of the week you will have a chance to test your new team and individual skills at the Doylestown Rock Gym on their Adventure Challenge Course. Bring your bathing suit and towel to cool off with a free swim at the end of the day.

Erica Hellerstein, B.S.

\$269 (includes all materials)/ RCHYC 5812 C01

DREAMWEAVER

Learn how to design web pages like a pro! Create a website using a professional design tool: Dreamweaver. Develop content, control design, layout and navigation, add graphics and photos, add a blog and upload your site to the internet. Camper may also use Google Page Creator. Bring your ideas - you will have time to work on your own projects.

Karen Rodriguez

\$199 (includes all materials)/RCOAP 3071 C01

INTRODUCTION TO FLASH

Create drawings, animations, cartoons and photo slideshows. This camp will cover the basics of vector based drawing, use drawing tools, strokes, fills and gradients to convey your message. Use tweening to create motion - without programming! Use the timeline to create fascinating animations, masks, videos and more! Produce graphics, buttons and movie clips to create moving pictures to share with family and friends. Campers will work in groups and independently.

John Sheridan, M.M.

\$199 (includes materials)/RCOAP 3069 C01

LET'S GET MOVING

Take a break from the computer and come exercise this summer. Learn how to boost your metabolism with some walking, jogging, and jump roping. Use your own body weight to get stronger. Try our resistance training to get toned. Become more flexible with yoga and pilates stretching. Finally, learn what a calorie is and how to make good food choices. Includes a tour of local fitness club and a complimentary class. Gina Ranelli, M.Ed

\$245 (includes all materials)/ RCHYC 5813 C01

MUSICAL THEATER - 3 WEEK CAMP

Designed for the older camper with a serious interest in Musical Theater, this is an active participation program with experienced Musical Theater professionals. The camp will include the audition process along with putting a show together from beginning to end, working towards becoming a triple threat, in acting, singing and dancing. Valuable life skills include, public speaking, diction and projection, stage presence, cooperation skills, and taking direction. There will be a scored audition process to determine the assignment of parts, but everyone will be included in the show. On the final afternoon there will be a performance for family and friends along with a digital recording of the performance.

Kim Hunt, B.A.

\$499 (includes all materials)/RCHYC 5049 C01

TOTALLY SKATEBOARD

Learn new stuff and have fun. Ride, Practice paddling, ollies and dropping in all morning at a local skate park. Spend the afternoon taking a swim, watching skate videos, and building and customizing a new skateboard deck that you will take home with you at the end of the week..

Requirements: Skateboard, helmet, elbow, knee and wrist pads, and a signed waiver. There are no exceptions to the required items. Those who do not have the required items cannot participate.

Barbara Kuronya, B.S.

\$244 (includes all materials & transportation to Middletown Skate Park)/RCHYC 5627 C01

PROJECT FASHION NEW!

Love Fashion? Learn how to create a "look" from old clothes and accessories. Be inspired by vintage outfits, famous fashion designers and Project Runway. Amanda Schreffler, B.S.

"KID KUISINE - A LA CARTE"

This is the continuation of Kid Kuisine series. Continue to explore, cook and bake, but with a better sense of awareness and confidence. You will be challenged and coached into a more creative and "a la carte" level. With this camp, you will get your first opportunity to be directly involved with an " a la carte" restaurant scenario.

Prerequisite: Kids Kuisine I.There is also a kitchen lab "dress code". Please call us about it.

QUILTING

From designer purses to pieces of art, quilting has become a major part of the fashion and design fields for many years. Join us for this exciting camp where you will learn the basic technique of quilting and create your very own unique quilt, matching tote bag and accessories. Discover the joy of picking out fabrics and sewing them together to create a one of a kind work of art or fashion statement! No experience of quilting needed for this fun and energized camp! Amy Millar, B.A.

101 T-SHIRT PROJECTS NEW

Do you have t-shirts you no longer wear, but can't bear to throw away? How about all those Kids on Campus T-Shirts? In this fun hands-on camp, we will transform t-shirts using all types of techniques like tiedye, cutting, sewing, beading and knotting and more. We will create bags, pillows and transform boring old t-shirts into new unique fashion statements! Betsy Kruse, M.B.A.

BRILLIANT BRIDGE BUILDERS

This exciting new camp is great for anyone who enjoys problem solving, engineering, designing, team activities, and a little friendly competition. You will work in teams to design the strongest bridge...using toothpicks and glue. Teams will use the Internet to find bridge designs, strategies, and tips for constructing the effective bridge. After construction, teams will compete to see which bridge can hold the most weight.

Brian Ulkloss, B.A.

FLAG FOOTBALL NEW

(maximum age - 14)

This camp is designed to you to the fun game of flag football. Daily sessions will be devoted to basic skills such as passing, receiving and kicking a

football. Time will also be set aside for developing the necessary footwork and conditioning needed to play the game successfully. Teams will be set up and there will be daily practice sessions along with competitions and games. Pool time will also be available. Mouthguards will be distributed to each participant. Cleats may be worn but only if rubber soled. No other pads are necessary since flag football limits all forms of contact.

INLINE SKATING (maximum age - 16)

Half Day Camp - 9 am-noon only! (may be paired with Ultimate Frisbee)

Designed with safety in mind, this beginner's In-Line Skating clinic will give you an opportunity to learn the proper techniques of In-Line Skating. Basic safety information will begin with equipment fit, maintenance, and proper use. The basic skills of forward movement, braking and turning will be taught through drills and games. The clinic is structured so that those who quickly master the basics can move on to more advanced skills. You will proceed at your own comfort level.

Requirements: in-line skates with a brake, helmet, elbow, wrist & knee pads. No exceptions will be made to the safety gear. Toy skates are not allowed. If you do not have the required equipment it can be provided for an extra fee. Any questions, please call Endurance Sports at 215-369-0225.

YMCA/BUCKS CAMPS (Day Camp Ages 5-12)

Bucks County Community College and the Tri-Hampton YMCA continue to join forces to better serve the youth of Bucks County. Tri-Hampton and Bucks will offer day camp experiences for the 5-12 year old. Join us for a fun-filled summer of arts & crafts, music & drama, fitness & sports, swimming instruction, theme days and intercamp activities!! Facilities include fields, college grounds, air-conditioned portable classrooms, indoor swimming pool and gymnasium. A significant benefit of this partnership will be a supervised before and after camp program. Parents may drop students off as early as 7 am and pick them up as late as 6 pm. There will be an additional cost for this service.

Fee: \$173/week; \$139/week of July 5

Monday-Friday, June 20-August 12 (no camp 7/4), 9 am-4 pm

Register Early - Limited Enrollment!

CAMP OPEN HOUSE June 4, 10 am

For more information and for registration, please call the Tri-Hampton YMCA at 215-579-6200.

Thank You!

Thank you Republic Bank for supporting Bucks County youth with a generous donation to innovative children's educational and cultural programs like Bucks County Community College's "Kids on Campus" and Artmobile programs.

FIVE CONVENIENT WAYS TO REGISTER

I. FAX

For 24 hour service, you can FAX your registration form anytime! FAX to 215-968-8320, and be sure to provide all the registration information. Be sure to include your Visa, MasterCard, American Express or Discover card number, expiration date and security code.

2. On-Line

For on-line registration please go to the following website: www.bucks.edu/con-ed. This secure on-line registration is for credit card registration only. Once your registration is processed, you will receive a confirmation letter. If the class is full, call the office and add your name to the wait list.

3. Mail-In

Mail form with payment to: Bucks County Community College Continuing Education Office, 275 Swamp Road, Newtown, PA 18940 A cancelled check or copy of your credit card charge serves as receipt of payment.

4. Phone-In.

No forms, no lines, call 215-968-8409, Monday-Friday, 8:30 am-4:30 pm and charge the fee to your VISA, MasterCard, American Express or Discover Card.

Note: Payment is due at time of registration. Do not include materials fees.

5. Walk-In

Come in person (8:30 am-4:30 pm) to: Bucks County Community College, Continuing Education Office, Cottage 3, 275 Swamp Road, Newtown, PA 18940 Walk-in registrants are advised to call the Continuing Education Office prior to coming to inquire about seat availability.

Program Refund Policy

There is a \$25 non-refundable fee for any cancellation. Refunds (less \$25) will be made ONLY when you notify the Continuing Education Office AT LEAST SEVEN (7) DAYS before the first day of the program.

If you have paid by check, your refund will arrive in three weeks. Visa, MasterCard, American Express or Discover Card payments will be credited to your account.

Your satisfaction guaranteed! If you are not completely satisfied with our program, please call our Office at 215-504-8532 or 215-968-8016 by the last day of any camp.

General Camp Information

- The College does not provide insurance for possible injury during the sessions. Participants should be prepared to show that adequate coverage has been obtained from other sources.
- Hot and cold food service is available. A lunch package may be purchased on Monday for the full week for \$26.25.
- Clothing should be appropriate for each program. Flip flops are discouraged.
- · Outdoor activities will be held indoors during inclement weather.
- For sports clinics, students should bring a bathing suit and towel for pool activity. (Lock for locker is suggested.)
- All camps have limited enrollment. Registration is on a first-come first-served basis.
