

Presenting the Seventeenth Annual

Tyler Formal Gardens & Landscaping Lecture

Celebrating 25 years of Tyler Gardens' Restoration

John Vick

Saturday, April 26 • 10 a.m.

Zlock Performing Arts Center, Newtown Campus

Featuring: JOHN VICK, Executive Director of Andalusia Historic House, Gardens & Arboretum

Join the Bucks County Community College Foundation and the Bucks Historic Preservation program as we celebrate the **25TH ANNIVERSARY** of the restoration of the Tyler Formal Gardens at the Newtown Campus!

Andalusia's John Vick will discuss how gardens and landscapes shape our understanding of the past and the role historic gardens will play in building a happier, healthier Bucks County in the future.

John Vick is the Executive Director of Andalusia Historic House, Gardens & Arboretum, where he oversees public site visits, ongoing preservation efforts, and research into more than two centuries of residency on the property and nearly 350 years of the Biddle family in America. With a wide range of interests and experience, he brings a contemporary perspective to the historic site, collections, and grounds. Before coming to Andalusia in 2022, Mr. Vick spent 13 years at the Philadelphia Museum of Art, curating and contributing to over 20 exhibitions and books on diverse topics. His final project there was managing the creation of new galleries of early American art, a component of the Core Project designed by architect Frank Gehry.

Join us for an informative and fun morning.
