WSMCE-9033 - Bookkeeping Certificate Programs   [?]

Description

You will develop an understanding of basic accounting principles and maintaining accurate financial records critical for all business and nonprofit organizations. In this hands-on bookkeeping program, we will focus on the essential skills needed in today's business environment. You will learn to work with general ledger, assets, liabilities, equity accounts, balance sheets, income statements, basic payroll, merchandise inventory, and internal controls and fraud prevention. This program is designed based on the standards established by the American Institute of Professional Bookkeepers (AIPB). This course can prepare the candidate for the Certified Bookkeeper (CB) designation. The test for the Certified Bookkeeper is offered at Prometric Centers.
