

## Connecting to the new BUCKS wireless network

Follow these directions to connect your iOS device (iPad, iPhone, or iPod touch) to the new wireless network for students, faculty, and staff.

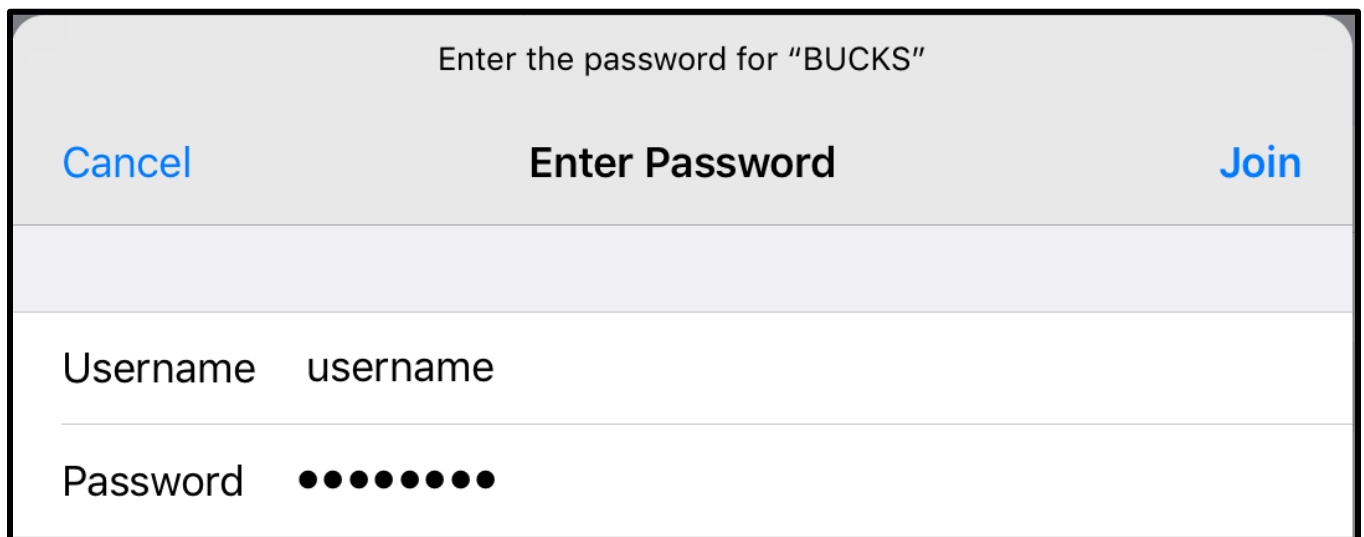

1. On your home screen go into your **Settings**.

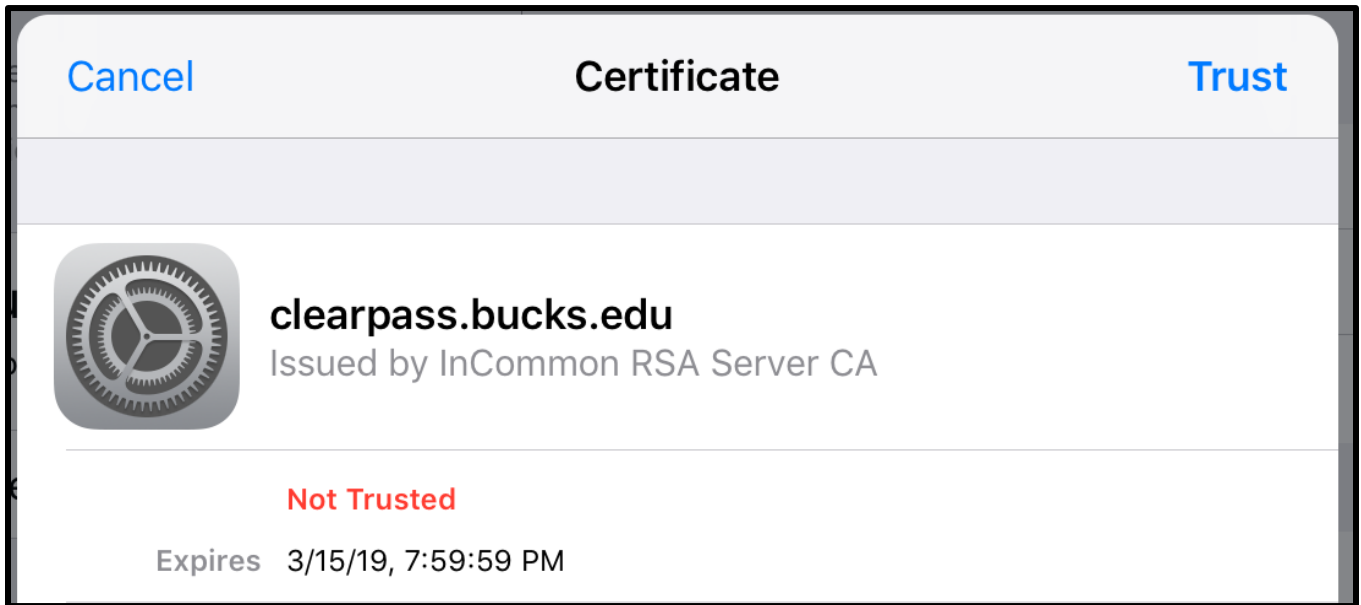

2. If your **Wi-Fi** is turned off, tap the setting to turn it on. After it is turned on, tap the **BUCKS** network to connect.

3. Enter your Bucks username and password and tap **Join**.

4. A Certificate message may appear on your screen. Tap **Trust** to connect.

5. After a few moments, your device should be connected.
