COVID-19 Update Information

Campus Health & Safety Plan

Bucks County Community College is committed to the health and safety of its entire community. The well-being of our staff, faculty, students, and the county at large is at the forefront of any and all planning and preparation for the resumption of in-person instruction and on-campus operations. We do not take this responsibility lightly and, in carefully developing our plans to return to campus, we were guided by insights derived from collaboration with numerous campus constituencies. It is in that same spirit of cooperation that we wish to share our strategy for the upcoming late summer and fall return to on-campus activity with you.

We have developed a comprehensive Health and Safety Plan which incorporates prevention and public health procedures to protect the health and safety of students, faculty and staff, which is the priority in resuming any on-campus activities.

The college has designated Dennis McCauley, Executive Director Security & Safety, as responsible for coordination and execution of the Health & Safety Plan. We expect the college community to cooperate fully in creating the safest possible environment. Additionally, Dr. Connie Corrigan, Dean Health Sciences and Dennis McCauley will act as co-liaisons to the Bucks County Health Department.

Plan Communication

The college has established a robust communication strategy that will keep campus constituents informed of any campus or community changes affecting this plan. Inherent in this plan is regular and timely communication with the Bucks County Health Department through the co-liaisons.

- All plan elements will be communicated to students and employees using the college website, social media, email, text messaging, and other appropriate means of communication.
- Internal audiences, such as students and staff, will be notified via their Bucks email.
- External audiences can expect to receive news via the website or official college social media channels. In some cases, a public press release will be issued.
- Campus signage related to social distancing, hygiene and sanitation, and requirement for face-covering will be prominently displayed.
- Maps, videos and directional signage will help students and staff navigate the appropriate pathways to and from their classes along with proper protocols while on campus.
- Plan modifications required to respond to the changing public health environment will be promptly released.
- Marketing will monitor feedback from students and/or staff on social media and direct the comments to the appropriate Security & Safety officials.

In the case of an emergency, the college will send emails, text messages and generate a website banner on bucks.edu utilizing the Omnilert Campus Alert System to notify the campus community.

On Campus Requirements

UPDATED JUNE 7, 2022

Based on a drop to moderate classification, in accordance with the CDC, within Bucks County, beginning today, Tuesday, June 7, 2022, masks are optional but recommended.

Updates as of August 29, 2022 from <https://www.bucks.edu/coronavirus/campus/>. *(Note: This update is subject to change at any time as conditions, applicable laws, and CDC, County, and/or College restrictions/mandates are updated.)*

Administrative Information

Bucks County Community College operates two full-time public safety training campuses within the County of Bucks. Both facilities are supported through a partnership with the County of Bucks to provide Emergency Services Personnel with safe and maintained facilities for training, from entry to advanced levels across all areas of Fire Suppression, Hazardous Materials, and Rescue. Centrally located in the County is the Bucks County Public Safety Training Center (BCPSTC), also known as the Doylestown Training Facility, located at 1760 South Easton Road, Doylestown PA 18901. In the lower end of the County is the Lower Bucks Public Safety Training Center (LBPSTC), also known as the Bristol Training Facility, located at 2912 River Road, Croydon PA 19021.

Mission Statement

To provide our customers with an opportunity to receive a quality education in the fields of public safety operation and management, public safety professional certification, emergency management and industrial safety that will enhance their ability to deliver life saving services, in a manner consistent with specific work practices and while maintaining their safety, as well as the safety of their co-workers and the public they serve.

Accreditation

The Bucks County Community College is accredited by the [National Board on Fire Service Professional Qualifications](#) (ProBoard). This means that the levels of accredited professional certification offered by the Bucks County Community College meet or exceed [Occupational Safety and Health Administration \(OSHA\)](#) and [National Fire Protection Association \(NFPA\)](#) Standards, along with all requirements set forth by ProBoard. The process to become accredited is voluntary and only the most capable agencies apply for consideration. When an emergency services training agency applies for the accreditation their policies are studied, procedures and processes are tested to ensure their certification testing process is evaluated and held to the standards of the accrediting body and compliance with the current NFPA standards. The Bucks County Community College is also an accredited through the [Middle States Commission on Higher Education](#), which brings additional value knowing your training and certification needs are coming from an accredited higher educational institution.

Training Philosophy

Courses contain an appropriate amount of theoretical and practical content. Many of the courses build on the knowledge of previous courses and create “tracks” that students can follow to achieve their potential.

Advisory Committees

In addition to National Fire Protection Association comments and standards revisions, the Bucks County Community College Department of Public Safety Training and Certification relies on FEEDBACK from students, emergency service professionals, Bucks County Emergency Services and the Bucks County Fire Chief’s and Firefighters Association to ensure courses meet the training needs of these groups.

Partnerships

A unique partnership between the County of Bucks and the Bucks County Community College has created the Public Safety Training Center. In addition to this very valuable partnership, the Public Safety Training Center works closely with the Pennsylvania State Fire Academy to ensure consistency in course content and delivery.

The Bucks County Fire Chief’s and Firefighters Association offer a Scholarships program for members of the fire service. More information can be found on the [Bucks County Fire Chief’s and Firefighters Association](#) website (<http://www.buckscandff.com>) under downloads.

Staff

From the instructors on the frontlines to our administrative and support personnel, every staff member at the Bucks County Community College, Department of Public Safety Training and Certification is dedicated to one goal: working together to deliver top quality training that meets the needs of our customers.

Instructional staff members are carefully selected for a combination of technical skills, practical backgrounds, and teaching abilities. All are certified to the NFPA 1041 standard of Fire Service Instructor, level 2, with most holding additional professional certifications.

Fairness and Equal Opportunity in Education

Equal Employment Opportunity Statement

Bucks County Community College does not discriminate against any employee, applicant for employment, student or applicant for admission because of race, color, sex, religion, ancestry, national origin, age, sexual orientation, gender identity or expression, an individual's actual or perceived disability, genetic information or veteran status.

Accordingly, all recruiting, hiring, and promoting for all job classifications will be made without regard to race, color, sex, religion, ancestry, national origin, age, sexual orientation, gender identity or expression, an individual's actual or perceived disability, genetic information or veteran status.

All recruiting and admissions of students will be made without regard to race, color, sex, religion, ancestry, national origin, age, sexual orientation, gender identity or expression, an individual's actual or perceived disability, genetic information or veteran status.

Equal Opportunity in Education

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex in any educational program or activity sponsored by the College. Section 504 of the Rehabilitation Act of 1973 prohibits discrimination on the basis of handicap in any educational program or activity sponsored by the College, and Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race in any educational program or activity sponsored by the College.

It should be further noted that in addition to the above laws and regulations, the College is committed to the premise that all students and applicants for admission are entitled to an equal opportunity to acquire training, education, and skills at Bucks County Community College regardless of their sex, race, national origin, religion, color, sexual orientation, age, disability, ancestry, veteran status, or any other legally protected category.

The College will not tolerate any behavior by staff or students which constitutes sexual harassment of a student. All inquiries regarding the nondiscrimination policy shall be directed to the Executive Director, Human Resources & Equity Compliance Officer, Tyler Hall Room 130, Bucks County Community College, 275 Swamp Road, Newtown, PA 18940, 215-968-8091 (phone), 215-504-8506 (fax).

Harassment and Sexual Assault Policy

Gender Based Misconduct

This policy applies to all students, employees, faculty members, administrators, and trustees of the college, as well as contractors and vendors. Each student, employee, faculty member, administrator, contractor and vendor of the college is personally responsible for ensuring that he/she does not engage in conduct that violates this Policy. Each student, employee, faculty member, administrator, contractor and vendor is responsible for cooperating in any investigation of alleged Gender Based Prohibited Conduct if requested to do so by the person(s) conducting the investigation.

This policy applies to any Gender Based Prohibited Conduct committed (1) on college property; (2) in connection with any college activity or program on or off college property; or (3) off college property when the conduct (a) is in connection with a college or college-recognized program or activity, or (b) may have the effect of creating a hostile environment for a member of the college community, which shall include students, employees, faculty members, and administrators of the College, visitors, and applicants for admission to or employment with the college. Further, if any student or employee engages in any conduct on or off campus that constitutes Improper Gender Based Prohibited Conduct, said student or employee shall be subject to the fullest extent of disciplinary consequences that the college has the lawful power or authority to impose.

General Policy Statement

1. It is the Policy of the Bucks County Community College ("the College") to comply with applicable federal and state law prohibiting sex or gender discrimination, unlawful retaliation, and sexual harassment.
2. It is the Policy of the College to prohibit conduct that constitutes sexually related crimes, including but not limited to rape, indecent aggravated assault, indecent assault, and indecent exposure.
3. It is the policy of the College to provide:

**Bucks County Community College – Department of Public Safety Training and Certification
2023 Resident Catalog**

- a. educational and employment environments for its students, faculty, and staff that are free from unlawful sex and gender discrimination, unlawful sexual harassment and unlawful retaliation;
- b. an educational and employment environment in which no member of the College community is, on the basis of sex or gender, excluded from participation in, denied the benefits of, or subjected to unlawful discrimination, unlawful harassment or unlawful retaliation in any College program or activity.
4. The College does not and shall not discriminate against any employee, applicant for employment, student or applicant for admission because of sex, sexual orientation, gender identity or expression. Accordingly, all recruiting, hiring, and promoting for all job classifications and all recruiting and admissions of students will be made without regard to sex, sexual orientation, gender identity or expression.
5. The College expressly prohibits Gender Based Prohibited Conduct as defined in this Policy. Gender Based Prohibited Conduct as defined in this Policy will not be tolerated. Individuals—including students, faculty, staff, contractors and vendors, who engage in such Gender Based Prohibited Conduct will be subject to disciplinary action, termination of contracts, or exclusion from the campus or College activities.
6. The College shall take immediate and appropriate action once it knows of any act of Gender Based Prohibited Conduct in any of its educational programs and activities.
7. The College will act on any complaint of Gender Based Prohibited Conduct in order to investigate and to resolve such complaints promptly and effectively.
8. It is the policy of the College to
 - a. provide educational, preventative and training programs regarding this policy and Gender Based Prohibited Conduct;
 - b. to encourage reporting of violations or alleged violations of this Policy;
 - c. to prevent incidents of Gender Based Prohibited Conduct from denying or limiting an individual's ability to participate in or benefit from the College's programs;
 - d. to make available timely services for those who have been affected by Gender Based Prohibited Conduct; and
 - e. to provide prompt and effective methods of investigation and resolution to stop Gender Based Prohibited Conduct, remedy any harm, and prevent its recurrence.
9. No one may retaliate against anyone who has engaged in protected activity as defined in this Policy or applicable law.
10. Nothing in this Policy shall be construed to abridge academic freedom and inquiry, principles of free speech, or the College's educational mission. This Policy does not preclude application or enforcement of other College policies.
11. If two or more interpretations can be given to any provision of this Policy, the College intends that only such an interpretation that is lawful is intended.

SEX OR GENDER DISCRIMINATION

Unlawful sex or gender discrimination shall be defined for purposes of this Policy in the same manner as it is defined in applicable law. By way of example, sex or gender discrimination, including sexual harassment, is conduct directed at a specific individual or a group of identifiable individuals that subjects the individual or group to treatment that adversely affects the individual or group's employment or education on account of sex. Sex discrimination can be manifested by unequal access to educational programs and activities on the basis of sex, unequal treatment on the basis of sex in the course of conducting those programs and activities, or, the existence of a program or activity that has a disparate impact on participation, improperly based on the sex of the participants.

SEXUAL HARASSMENT

Sexual harassment shall be defined for purposes of this Policy in the same manner as it is defined in applicable law. By way of example, sexual harassment is unwelcome conduct of a sexual nature, including unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, graphic, or physical conduct of a sexual nature, when: (1) submission to or rejection of such conduct is made either explicitly or implicitly a condition of an individual's employment or academic standing or is used as the basis for employment decisions or for academic evaluation, grades, or advancement (quid pro quo); or (2) such conduct is sufficiently severe, persistent, or pervasive that it interferes with or limits a person's ability to participate in or benefit from the College's education or work programs or activities (hostile environment).

Quid pro quo sexual harassment can occur whether a person resists and suffers the threatened harm, or the person submits and avoids the threatened harm. Both situations could constitute discrimination on the basis of sex.

A hostile environment can be created by persistent and/or pervasive conduct or by a single severe episode. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment. Sexual violence, including rape, sexual assault, and domestic and dating violence, is a form of sexual harassment. In addition, the following conduct violate this Policy:

**Bucks County Community College – Department of Public Safety Training and Certification
2023 Resident Catalog**

- Observing, photographing, videotaping, or making other visual or auditory records of sexual activity or nudity, where there is a reasonable expectation of privacy, without the knowledge and consent of all parties
- Sharing visual or auditory records of sexual activity or nudity without the knowledge and consent of all recorded parties and recipient(s)
- Sexual advances, whether or not they involve physical touching
- Commenting about or inappropriately touching an individual's body
- Requests for sexual favors in exchange for actual or promised job benefits, such as favorable reviews, salary increases, promotions, increased benefits, or continued employment
- Lewd or sexually suggestive comments, jokes, innuendoes, or gestures
- Stalking

Other verbal, nonverbal, graphic, or physical conduct may create a hostile environment if the conduct is sufficiently persistent, pervasive, or severe so as to deny a person equal access to the College's programs or activities. Whether the conduct creates a hostile environment may depend on a variety of factors, including: the degree to which the conduct affected one or more person's education or employment; the type, frequency, and duration of the conduct; the relationship between the parties; the number of people involved; and the context in which the conduct occurred.

SEXUAL VIOLENCE

Sexual violence is a physical sexual act conducted either against a person's will or where a person is incapable of giving consent, including but not limited to, rape, sexual assault, sexual battery, and sexual coercion.

SEXUAL MISCONDUCT

Sexual Misconduct is a broad term encompassing any sexual behavior that violates any criminal statute, College policies and/or the Student Code of Conduct and includes any conduct that is sexually exploitive or degrading, retaliatory and/or abusive with the intent or result of compromising the well-being of another person, including domestic violence, dating violence, and stalking.

SEXUAL EXPLOITATION

Sexual exploitation is an act or omission to act that involves taking non-consensual, unjust, humiliating, or abusive sexual advantage of another, either for his or her own advantage or to benefit or advantage anyone other than the Complainant. Examples of sexual exploitation include but are not limited to the following:

- Creating a picture(s), movie(s), webcam, tape recording(s), graphic written narrative(s), or other means of memorializing sexual behavior or a state of undress of another person without the other's knowledge and consent;
- Sharing items described in the paragraph above beyond the boundaries of consent where consent was given. For example, showing a picture to friends where consent to view it was given for oneself only;
- Observing or facilitating observation by others of sexual behavior or a state of undress of another person without the knowledge and consent of that person;
- "Peeping Tom" or voyeuristic behaviors;
- Engaging in sexual behavior with knowledge of an illness or disease (HIV or STD) that could be transmitted by the behavior without full and appropriate disclosure to the partner(s) of all health and safety concerns;
- Engaging in or attempting to engage others in "escort services" or "dating services" which include or encourage in any way sexual behavior in exchange for money;
- Intentionally, knowingly, or surreptitiously providing drugs or alcohol to a person for the purpose of sexual exploitation; or
- Exposing another person to pornographic material without the person's advance knowledge or consent.

STALKING

Stalking is a pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety, or the safety of others, or suffer substantial emotional distress. This includes cyber-stalking, a particular form of stalking in which electronic media such as the internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact are used to pursue, harass, or make unwelcome contact with another person.

UNWELCOME CONDUCT

Sexually related conduct is unwelcome if a person (1) did not request or invite it and (2) regarded the unrequested or uninvited conduct as undesirable or offensive. That a person welcomes some sexual contact does not necessarily

Bucks County Community College – Department of Public Safety Training and Certification
2023 Resident Catalog

mean that person welcomes other sexual contact. Similarly, that a person willingly participates in conduct on one occasion does not necessarily mean that the same conduct is welcome on a subsequent occasion.

Whether conduct is unwelcome is determined based on the totality of the circumstances, including various objective and subjective factors. The following types of information may be helpful in making that determination: statements by any witnesses to the alleged incident; information about the relative credibility of the parties and witnesses; the detail and consistency of each person's account; the absence of corroborating information where it should logically exist; information that the Respondent has been found to have harassed others; information that the Complainant has been found to have made false allegations against others; information about the Complainant's reaction or behavior after the alleged incident; and information about any actions the parties took immediately following the incident, including reporting the matter to others.

In addition, when a person is so impaired or incapacitated as to be incapable of requesting or inviting the conduct, conduct of a sexual nature is deemed unwelcome, provided that the Respondent knew or reasonably should have known of the person's impairment or incapacity. The person may be impaired or incapacitated as a result of drugs or alcohol or for some other reason, such as sleep or unconsciousness. A Respondent's impairment at the time of the incident as a result of drugs or alcohol does not, however, diminish the Respondent's responsibility for sexual or gender-based harassment under this Policy.

GENDER-BASED HARASSMENT

Gender-based harassment is verbal, nonverbal, graphic, or physical aggression, intimidation, or hostile conduct based on sex, sex-stereotyping, sexual orientation or gender identity, but not involving conduct of a sexual nature, when such conduct is sufficiently severe, persistent, or pervasive that it interferes with or limits a person's ability to participate in or benefit from the College's education or work programs or activities. For example, persistent disparagement of a person based on a perceived lack of stereotypical masculinity or femininity or exclusion from an activity based on sexual orientation or gender identity also may violate this Policy.

INTIMATE PARTNER VIOLENCE

Intimate partner violence is also sometimes known as dating violence, domestic violence, or relationship violence. The College recognizes that sexual assault, sexual exploitation, sexual harassment, stalking, and retaliation may all be forms of intimate partner violence when committed by a person who is or has been in a social relationship of a romantic or intimate nature with the Complainant. In general, intimate partner violence includes physically, sexually, and/or psychologically abusive behavior that arises in the form of a direct violent act, or indirectly as acts that expressly or implicitly threaten violence. Intimate partner violence also occurs when one partner attempts to maintain power and control over the other through one or more forms of abuse, including sexual, physical, verbal, or emotional abuse.

CONSENT

Consent is an explicitly communicated, reversible mutual agreement in which all parties are capable of making a decision. Consent is informed, voluntary, and actively given. Consent exists when all parties exchange mutually understandable affirmative words or behavior indicating their agreement to participate voluntarily in sexual activity.

Individuals with a previous or current intimate relationship do not automatically give either initial or continued consent to sexual activity. Even in the context of a relationship, there must be mutually understandable communication that clearly indicates a willingness to engage in sexual activity.

Consent is not effective if it results from the use or threat of physical force, intimidation, or coercion, or any other factor that would compromise an individual's ability to exercise his or her own free will to choose whether or not to have sexual contact. In addition, a person is incapable of giving consent if he/she is incapacitated.

COERCION

Coercion includes the use of pressure and/or oppressive behavior, including express or implied threats of harm or severe and/or pervasive emotional intimidation, which (a) places an individual in fear of immediate or future harm or physical injury or (b) causes a person to engage in unwelcome sexual activity. A person's words or conduct amount to coercion if they wrongfully impair the other's freedom of will and ability to choose whether or not to engage in sexual activity. Coercion also includes administering a drug, intoxicant, or similar substance that impairs the person's ability to give consent.

GENDER BASED PROHIBITED CONDUCT

Gender Based Prohibited Conduct means any one or more of the following types of conduct: (1) Unlawful Sex or Gender Discrimination; (2) unlawful sexual harassment; (3) sexual related crimes; (4) sexual misconduct as defined in this Policy; (5) sexual exploitation as defined in this Policy; (6) stalking as defined in this Policy; (7)

Resolution of Student Concerns

As a comprehensive educational community, Bucks promotes an active and challenging learning environment. Varying viewpoints and differences of opinion in such an environment are natural and expected. Students enjoy a host of rights and responsibilities in addressing issues and concerns.

Student concerns are generally best resolved at the level at which the concern developed. Communication is the key to resolution. Students are encouraged to indicate concerns with specific matters to the office/ area or individual most directly involved or responsible. A variety of mechanisms exist to assist students in processing such concerns. Faculty members, administrators, and College staff are receptive to discussion and welcome interaction with students. The Provost serves as an ombudsman for students and can assist in directing students to the most appropriate area or person to resolve concerns. Counseling services, academic deans, and area administrators can also provide assistance.

Students are encouraged to address concerns in an appropriate and timely manner and to utilize the resources noted above to assist in this process. If the student is unable to resolve the concern in an informal manner, then the student is encouraged to follow the procedures outlined in the Student Complaint Policy.

Referenced from Bucks County Community College Catalog: <https://www.bucks.edu/catalog/info/records/concerns>

Drugs and Alcohol Policy

The unlawful manufacture, distribution, dispensation, possession, or use of alcohol, narcotics, or illicit drugs is prohibited on the campus of Bucks County Community College. Any student or employee of the College discovered to be violating these rules is subject to immediate suspension or dismissal. Such action will be taken independently of any criminal action that may arise from a violation of civil law governing these areas.

Referenced from Bucks County Community College Catalog: <http://www.bucks.edu/catalog/info/regulations>

Accessibility

Bucks County Community College Accessibility Office is a great resource offered to student's looking for assistance when securing access to equal education for those with documented disabilities. As a student of the Department of Public Safety Training & Certification you will work with the accessibility office when documenting disabilities and obtaining classroom and testing accommodations. As the student, regardless of age, you must make the contact with the Accessibility Office at 215-968-8182 or accessibility@bucks.edu to request accommodations.

Please note this must be the student making contact and not parents or department officers. Information to provide during initial contact:

- Student First and Last Name
- Student ID Number (if known-Id number can also be found at the bottom left hand corner of any certificate already received from Bucks County Community College Department of Public Safety)
- Bucks County Community College Email address (if you have one)
- Identify that you are taking courses for Public Safety Training & Certification
- Student Cell Phone number (Home phone if student does not have a cell phone – cannot be a parent's cell phone number)

For more information regarding the Accessibility Office please visit their website at <https://www.bucks.edu/resources/accessibility/>. Please Note: Students are required to contact the Accessibility Office themselves. Parents and Department Officers will not be permitted to contact the Accessibility Office on the student's behalf.

Smoking / Clean Air Zone

As an educational facility concerned about the health of students, employees and visitors, Bucks County Community College prohibits smoking, use of tobacco products, or use of e-cigarettes during class time. Smoking and use of tobacco products or e-cigarettes should be done during breaks and outside of the classroom, in designated smoking areas. Many organizations do not allow smoking on their property or inside their facilities. These rules will take precedence over College policy, if more stringent.

General Information

Emergency Closure / Inclement Weather

When inclement weather or other emergency conditions exist that could put the health and safety of a student and/or instructor at risk, a Director may decide to close BCPSTC and/or LBPSTC along with offsite classes. All reasonable efforts will be made to notify candidates as soon as possible. All attempts will be made to reschedule courses that may be cancelled due to closure.

Bucks County Community College uses the “e2campus” notification system that can send text and/or emails to anyone who subscribes to this free service. Since this is a College-Wide system, all Public Safety Training Students should register to the “Fire School” group. Registration can be done online at <http://www.e2campus.com/my/bucks/signup.htm>. It is encouraged that all students and their supervisors register for this free notification to ensure the information is received timely to all those who may be affected.

Be aware that there are times that Bucks County Community College may close College Campuses (Newtown, Upper Bucks, Lower Bucks) but the BCPSTC and/or LBPSTC may remain open, as well as, times when the BCPSTC and/or LBPSTC may close and the College Campuses may remain open.

All efforts will be made to have the County of Bucks Emergency Dispatch Center announce any closures and update Social Media Accounts.

Facial Hair

In accordance with United States Law, 29 CFR 1910.134, the mandate from the Office of the Pennsylvania State Fire Commissioner, and NFPA 1403, 1404, & 1500, any course requiring the use of a SCBA or other respiratory protection (APR, PAPR, etc.) will require the participants to be clean-shaven. This means there will be no facial hair anywhere along the jaw line, the chin, or under the lower lip. A well-trimmed mustache is permitted. Any student out of compliance with the policy will be given the option of shaving prior to the start of class or not attending the program.

Dress Code / Appearance

Bucks County Community College Department of Public Safety Training and Certification prides itself on professionalism. Students shall present a clean, neat, and professional appearance at all times. Hair will be well kept and groomed as to not interfere with PPE and SCBA. Jewelry should be limited to avoid loss, damage, and/or injury. Students should wear clothing that is appropriate for the course work they are attending. The following three (3) levels of dress have been established, along with recommended and unacceptable dress to provide direction to students.

- **Classroom Setting:** Students in the classroom will wear long pants, shorts and/or skirts. Shorts and skirts must cover their entire buttocks area and must extend to fingertip length plus 2 inches. Shirts will cover the entire midriff and shoulders of a student. Shoes must cover the entire foot.
- **Training Ground Setting:** Students on the training grounds will wear long pants (recommended) or shorts of a nature that are durable such as jeans or station pants. They will not have holes in them and will not hang/slide down below the waistline. Shirts will cover the entire midriff and shoulders of a student, same as in the classroom. Shoes will be at least work boots or bunker boots that cover the entire foot when on training grounds.
- **Suppression Activities:** Students participating in fire suppression activities are required to wear long pants and a long sleeve shirt. The long sleeve shirt should be made of cotton and can be a T-shirt or sweatshirt, if the student wishes to add a second layer. If the long sleeve is used as a second layer, the layer underneath must be a shirt that will cover the entire midriff and shoulders of a student, same as classroom and training ground settings.
- **Recommended Dress for all Students:** It is recommended that students wear some type of station uniform. This would include a fire department T-shirt or uniform shirt with some sort of insignia on it, dark station pants, and black shoes or boots. This is a preferred dress and is ***not mandatory*** to attend classes.
- **Dress that is Not Acceptable:** If any of the below attire is on a student when they report for classes they will be asked to correct their dress before the class begins. If they do not correct the situation they will not

Bucks County Community College – Department of Public Safety Training and Certification
2023 Resident Catalog

be allowed to participate in class for the day, and the instructor will advise the student to leave the facility. The student will then have to make up the class at a different time.

- 1) Any items with profanity, drug paraphernalia, or any type of discriminatory wording, phrases, or images printed on them.
- 2) Shirts/blouses that have spaghetti straps.
- 3) Muscle shirts.
- 4) Shorts/Skirts that expose the buttocks or genitals in any manner.
- 5) Pants that have large holes in them and have the potential of exposing students' buttocks or genital areas.
- 6) Sandals / Open toed shoes of any kind.

Personal Protective Equipment (PPE)

When required for a given training course, the student is responsible to bring his/her Personal Protective Equipment (PPE) and Respiratory Protection (SCBA) for the training courses provided by Bucks County Community College. This will ensure the PPE and SCBA will properly fit. The Bucks County Community College reserves the right to inspect the PPE and/or SCBA of any individual attending a training course, and may exclude that student from training if the PPE and/or SCBA are not adequate and/or safe.

The PPE and SCBA ensemble shall include the following National Fire Protection Association (NFPA) approved elements: **(1)** structural firefighting helmet with eye protection (*acceptable: face shields, goggles, or safety glasses; unacceptable: bourkes*), **(2)** firefighting hood, **(3)** structural firefighting bunker coat, **(4)** structural firefighting bunker pants, **(5)** firefighting gloves, **(6)** firefighting boots, **(7)** Self-Containing Breathing Apparatus (SCBA), and **(8)** Personal Alert Safety System (PASS) Device.

Structural Firefighter Protective Ensemble – Multiple elements of protective clothing meeting the design specifications of NFPA 1971 that, when properly donned and worn together, provide protection from many of the risks of emergency operations. These elements shall consist of the following:

- 1). Structural firefighting helmet
- 2). Structural firefighting hood
- 3). Structural firefighting coat
- 4). Structural firefighting pants
- 5). Structural firefighting gloves
- 6). Structural firefighting boots
- 7). Self-contained breathing apparatus (SCBA) meeting the design specifications of NFPA 1981. Sufficient air shall be provided to ensure the student is able to complete the evolution without the low air alarm activating.
- 8). Personal alert safety system (PASS) device meeting the design specifications of NFPA 1982.
- 9). Approved safety glasses.

The Bucks County Community College uses a checklist routine inspection of personal protective equipment (PPE) and self-contained breathing apparatus (SCBA). This inspection is in no way a substitute for advanced professional evaluation of the clothing established by NFPA 1851 *Selection, Care, and Maintenance of Structural Fire Fighting Protective Ensemble*.

Physical Health

All students participating in courses with physical activities should meet the requirements of NFPA 1582, Standard on Medical Requirements for Fire Fighters and Information for Fire Department Physicians, within a reasonable period of time prior to entering into physical training or testing to ensure his or her ability to safely perform the required tasks.

All fourteen (14) Essential Job Tasks and Descriptions from NFPA 1582, 2022 Edition that must be met are:

- 1) Wearing personal protective equipment (PPE) and self-contained breathing apparatus (SCBA) while performing firefighting tasks (e.g., hose line operations, extensive crawling, lifting and carrying heavy objects, ventilating roofs or walls using power or hand tools, forcible entry), rescue operations, and other emergency response actions under stressful conditions, including working in extremely hot or cold environments for prolonged time periods
- 2) Wearing an SCBA, which includes a demand-valve-type positive-pressure facepiece or HEPA filter mask, which requires the ability to tolerate increased respiratory workloads

Bucks County Community College – Department of Public Safety Training and Certification
2023 Resident Catalog

- 3) Exposure to toxic fumes, irritants, particulates, biological (i.e., infectious) and nonbiological hazards, or heated gases, despite the use of PPE and SCBA
- 4) Climbing at least six flights of stairs or walking a similarly strenuous distance and incline in jurisdictions without tall buildings while wearing PPE and SCBA, commonly weighing 40–50 lb (18–23 kg) and carrying equipment/tools weighing an additional 20–40 lb (9–18 kg)
- 5) Wearing PPE and SCBA that is encapsulating and insulated, which will result in significant fluid loss that frequently progresses to clinical dehydration and can elevate core temperature to levels exceeding 102.2°F (39°C)
- 6) Working alone while wearing PPE and SCBA, searching, finding, and rescue-dragging or carrying victims ranging from newborns to adults weighing over 165 lb (75 kg) to safety despite hazardous conditions and low visibility
- 7) While wearing PPE and SCBA, advancing water-filled hose lines up to 1 ¾ in. (45 mm) in diameter from fire apparatus to occupancy [approximately 150 ft (50 m)], which can involve negotiating multiple flights of stairs, ladders, and other obstacles
- 8) While wearing PPE and SCBA, climbing ladders, operating from heights, walking or crawling in the dark along narrow and uneven surfaces that might be wet or icy, and operating in proximity to electrical power lines or other hazards
- 9) Unpredictable, prolonged periods of extreme physical exertion as required by emergency operations without benefit of a warm-up period, scheduled rest periods, meals, access to medication(s), or hydration
- 10) Operating fire apparatus or other vehicles in an emergency mode with emergency lights and sirens
- 11) Critical, time-sensitive, complex problem solving during physical exertion in stressful, hazardous environments, including hot, dark, tightly enclosed spaces, that is further aggravated by fatigue, flashing lights, sirens, and other distractions
- 12) Ability to communicate (i.e., give and comprehend verbal orders) while wearing PPE and SCBA under conditions of high background noise, poor visibility, and drenching from hose lines or fixed protection systems (e.g., sprinklers)
- 13) Functioning as an integral component of a team, where sudden incapacitation of a member can result in mission failure or in risk of injury or death to members of the public or other team members
- 14) Working in shifts, including during nighttime, that can extend beyond 12 hours

Student Participation

The Bucks County Community College Department of Public Safety Training & Certification has a 100% course completion requirement. All course sessions and all course objectives must be successfully completed in order to receive a certificate for any training course. In addition, all students should complete all assigned homework, readings, or other projects as assigned in class to help meet the objectives. All students are expected to conduct themselves in a professional manner, see Student Conduct below. This includes being respectful and responsible with the use of cellphones and other electronic devices while in class.

Student Conduct

Bucks County Community College Department of Public Safety Training and Certification supports the National Society of Executive Fire Officers (NSEFO) and Congressional Fire Services Institute (CFSI) “Firefighter Code of Ethics” and has adopted this as the standard in which all students shall conduct themselves during courses offered by Bucks County Community College.

Today’s fire service leaders face a variety of challenges managing budgets, personnel, and programs. Occasionally, ethical issues emerge for which there are no easy answers. To provide guidance to address these complex questions, the National Society of Executive Fire Officers (NSEFO) and Congressional Fire Services Institute (CFSI) jointly have released a firefighter code of ethics that can be adopted by local fire and emergency medical service organizations. The ethics statement is the result of almost two years of effort by the Board of Directors of NSEFO. [Source: [U.S. Fire Administration](#)]

**Bucks County Community College – Department of Public Safety Training and Certification
2023 Resident Catalog**

To download a copy of the "Firefighter Code of Ethics" visit our website under *Forms and Documents* at www.bucks.edu/publicsafety or the U.S. Fire Administration website.

Minimum Age Requirements / Junior Fire Fighter

Bucks County Community College Instructors are required to follow the guidelines regarding minimum age requirements and specifically Junior Firefighter Rules, as identified by the Child Labor Law, Pennsylvania State Fire Academy, and NFPA Standards. Students under the age of 18 are not permitted to enter a burning structure, operate within an IDLH (immediately dangerous to life and health) atmosphere, or operate hydraulic tools or stabilizers in accordance with the "Child Labor Law".

Students under 18 years of age must have an employment certificate. The Chief and/or Training Officer is required to verify that the junior firefighter does have his or her working papers. Junior firefighters should be properly identified during training sessions. Be aware that minors may not be able to complete the entire session of a nighttime class; this should be considered before enrolling them into a course. We recommend all minors enroll in weekend programs to avoid this issue. If a question arises regarding junior firefighters, consult the appropriate Regional Field Director (see page 21 for staff directory). A copy of the Junior Firefighter Compliance Manual can be found in the [Forms and Documents](#) section of our website.

Some exceptions may apply, but not limited to students in a Technical High School Program while participating in class, during school hours, and days under the direct supervision of the Technical High School Instructor. The same exceptions may not apply to Professional Certification; the student should consult with the Certification Department for specific details.

Student Preregistration and Requirements for Course

All Courses advertised through the Bucks County Resident Training Catalog require registration before the course start date to guarantee a seat and the course to run as scheduled. This section will go over the process of preregistration and the requirements to be accepted into the course

The preregistration form shall be submitted to either BCPSTC or LBPSTC in advance of the start date of the course. Preregistration deadline dates are identified within the course meets section under each course found within the catalog. Preregistration deadline dates have been established to ensure enough time for the registration process to be completed and confirmations to be sent using constant contact. Preregistration forms received after the deadline provide no guarantee to obtain entrance into the program prior to the start date of that course section. Preregistration forms can be found in the Bucks County Resident Training Catalog, our website (www.bucks.edu/publicsafety), or at either Training Facility. In order to be accepted, each preregistration form must be filled out completely along with the student meeting all of the requirements for enrollment. Tuition for the course is indicated in the catalog or can be obtained by contacting either BCPSTC or LBPSTC. All courses will be filled on a first come, first serve basis. All preregistrations shall be submitted as soon as possible and forms should be completed fully and correctly to avoid a delay in acceptance or failure to accept into a course.

- **Prerequisites:** All prerequisites are required prior to entry into any program. They should be sent in with the preregistration form for the course to avoid delays of being registered.
- **Age Restrictions:** All students are required to meet the minimum age requirements on the first day of the course. Age restrictions are based on Child Labor Laws, NFPA Standards, and PA State Fire Academy Policy.
- **Physical Health:** All students participating in courses with physical activities should meet the requirements of NFPA 1582, Standard on Medical Requirements for Fire Fighters and Information for Fire Department Physicians, within a reasonable period of time prior to entering into physical training or testing to ensure his or her ability to safely perform the required tasks.
- **Enrollment Minimum and Maximum Size:** A minimum and maximum course size is established for all courses. All courses will be filled on a first come, first serve basis. Cancellation will be made fourteen (14) days prior to the start date. The Bucks County Community College reserves the right to cancel or postpone any course because of insufficient enrollment or other unforeseen circumstances.
- **Notification of Acceptance:** No confirmation letter (Notification of Acceptance) will be sent until the minimum course enrollment is reached. In the event a course reaches its maximum number of enrollment, then a notification of being placed on the waitlist will be sent out to the student. If space opens up in that

**Bucks County Community College – Department of Public Safety Training and Certification
2023 Resident Catalog**

course, then students will be placed in the course on a first come, first serve basis. *Students that just show up to a course that is full will be sent home.*

Course Tuition

The Bucks County Community College Department of Public Safety Training and Certification provides training and administrative processing at no cost for members of the Bucks County Emergency Services and Departments participating in the Training Membership Program as a Silver or Gold member. All other PA County Municipal Emergency Services and Out of State (or Non-PA Municipal) Responders are charged based on the course fees, certification costs, and any other fees that may apply for the listed classes/certifications. Each course fee in the Resident Catalog is listed with the course and the three specific categories listed above. Courses being offered that are not listed in the Resident Catalog may have different fees that apply. For more information on the Training Membership Program, please visit [our website](#).

- **Tuition Payment:** Tuition payment for classes must be made at the time of registration or within seven (7) days of registration. A paid receipt will be issued upon payment, if an invoice is required prior to payment please contact us at PSReg@bucks.edu. Tuition rates can be found in the Bucks County Resident Training Catalog or by calling the BCPSTC or LBPSTC. Acceptable payment methods are Company/Department Check, Personal Check, or MasterCard/Visa. Agencies may send Purchase Orders at time of registration of the class to have billing sent direct to the agency.
- **Tuition Refund:** Approved refunds will be issued back to the payee as follows: If you paid by Credit Card, then the card will be credited. If you paid by Check, the College will issue a refund check. The College does not issue cash refunds.

Course Completion / Professional Certification Certificates

Class certificates are processed by the Bucks County Community College Department of Public Safety & Certification from the information provided on the Bucks County Community College "Registration Form - Non-Credit Course" which is completed by the student at the start of course. A student must meet all of the course objectives, including attendance and prerequisites in order to receive a course certificate. No special certificates will be issued to a student that has not met **ALL** of the requirements.

Course completion certificates will be sent electronically to the student's email through Parchment. The email on file will come from the registration form filled out on the first day of the course. Student's will be provided a claim link to get into Parchment to claim your certificate. You will be required to sign up to create a password the first time and you will apply a verification code provided. Please note you want to continue to use the same email address so your certificates stay under one record. The turn-around time for certificates is approximately four (4) weeks after the lead instructor's completed paperwork is received.

Students, who successfully complete professional certification programs, will receive a certificate that is numbered by the National Board on Fire Service Professional Qualifications (Pro Board). These certification certificates will continue to be printed and mailed at this time. The turn-around time for certification certificates is approximately six (6) to eight (8) weeks.

Class/Course Cancellation

Cancellation due to low enrollment: If the minimum enrollment to run a course is not met within fourteen (14) days of the course start date, cancellation due to low enrollment will be made. All students pre-registered for this course will be notified via phone/email, from information found on the form, of the course cancellation.

Emergency Closures / Delayed Starting: Any cancellation or delayed starting of a class session due to inclement weather or for any other reason will be announced over the Bucks County Emergency Services Communication and through the College Emergency Notification System (e2campus). See the [Emergency Closure / Inclement Weather](#).

Drop/Withdrawal from a Course & the No Show Policy

In the event a student must withdraw from a course, the student should send in a cancellation form as soon as possible to allow a space for someone who can attend and incurring any no show fees. A cancellation form should be submitted to the BCPSTC or LBPSTC at least **72 hours** prior to the start of the course; in return, a student will be provided a cancellation number that they should keep for their records. This cancellation policy and form can be found on our website at www.bucks.edu/publicsafety under [Forms + Documents](#) in the [Student and Sponsoring Agency Section](#).

Tuition and fees paid for classes cancelled by the College due to insufficient registrations are fully refundable. Other tuition refunds will be processed under the following official policy of the College:

- Official Drop/Withdrawal period, **72 hours prior** to the start date of the course:
 - Will result in a 100% tuition refund.

- Official Drop/Withdrawal from a course **less than 72 hours but prior** to the start date of the course:
 - Will result in a 50% tuition refund.
***NOTE:** All Bucks County and TMP Option Silver or Gold student's will be invoiced 50% of the Out of County (In State) tuition Rate. For all Out of County and Out of State student's for tuition already paid in full the difference will be refunded in accordance with our refund policy.*

- Official Drop/Withdrawal period, on and following the start date of the course AND No Shows:
 - Will result in a 0% tuition refund.
***NOTE:** All Bucks County and TMP Option Silver or Gold student's will be invoiced 100% of the Out of County (In State) tuition rate. For all Out of County and Out of State student's no tuition will be refunded.*

Military Duty Tuition Refund:

A student unable to complete any course by virtue of being called to Military Reserve Duty, other than a training obligation scheduled prior to the beginning of the course, shall be granted a drop/withdrawal with a 100% refund.

Tuition Appeals:

The college recognizes that there may be extenuating circumstances that can prevent a student from dropping/withdrawing from a course prior to the 72 hours before the start date. An appeal for tuition refund may be filed if a student was unable to attend courses registered due to medical, personal, or employment-related situations that were beyond the student's control.

If a student is charged for a No Show or Late Cancellation and wish to appeal the charge, please submit in writing to the BCPSTC or LBPSTC within 30 days of the first statement (Invoice) date providing your name, class semester/number, and copy of the invoice the reason for your appeal.

**Bucks County Community College – Department of Public Safety Training and Certification
2023 Resident Catalog**

Text Book Information & Purchasing

Bucks County Community College provides handouts and/or student participant guides for most courses. Professional Certification programs and several other programs may use published textbooks. For information on what is required or provided, you can check the course description in both the Bucks County Resident Training Course Catalog or the Local Level Emergency Services Training Catalog. Both are available at our facilities and on our website (www.bucks.edu/publicsafety).

The courses that require the student to have purchased a required text for the first meeting of class are indicated on the description and include the publisher, title, and edition. It is recommended that if a text has a workbook or study guide the student purchase them for their benefit. However, it is not required and not all texts have workbooks or study guides available. Below you will find recommended places to purchase required text(s); however you can find them elsewhere if you choose. Please note that editions of text books do change through the year and questions should be directed to the Training Center.

All required books must be purchased and available on the first day of class.

Essential Job Tasks and Descriptions from NFPA 1582, 2022 edition

- 1) Wearing personal protective equipment (PPE) and self-contained breathing apparatus (SCBA) while performing firefighting tasks (e.g., hose line operations, extensive crawling, lifting and carrying heavy objects, ventilating roofs or walls using power or hand tools, forcible entry), rescue operations, and other emergency response actions under stressful conditions, including working in extremely hot or cold environments for prolonged time periods
- 2) Wearing an SCBA, which includes a demand-valve-type positive-pressure facepiece or HEPA filter mask, which requires the ability to tolerate increased respiratory workloads
- 3) Exposure to toxic fumes, irritants, particulates, biological (i.e., infectious) and nonbiological hazards, or heated gases, despite the use of PPE and SCBA
- 4) Climbing at least six flights of stairs or walking a similarly strenuous distance and incline in jurisdictions without tall buildings while wearing PPE and SCBA, commonly weighing 40–50 lb (18–23 kg) and carrying equipment/tools weighing an additional 20–40 lb (9–18 kg)
- 5) Wearing PPE and SCBA that is encapsulating and insulated, which will result in significant fluid loss that frequently progresses to clinical dehydration and can elevate core temperature to levels exceeding 102.2°F (39°C)
- 6) Working alone while wearing PPE and SCBA, searching, finding, and rescue-dragging or carrying victims ranging from newborns to adults weighing over 165 lb (75 kg) to safety despite hazardous conditions and low visibility
- 7) While wearing PPE and SCBA, advancing water-filled hose lines up to 1 3/4 in. (45 mm) in diameter from fire apparatus to occupancy [approximately 150 ft (50 m)], which can involve negotiating multiple flights of stairs, ladders, and other obstacles
- 8) While wearing PPE and SCBA, climbing ladders, operating from heights, walking or crawling in the dark along narrow and uneven surfaces that might be wet or icy, and operating in proximity to electrical power lines or other hazards
- 9) Unpredictable, prolonged periods of extreme physical exertion as required by emergency operations without benefit of a warm-up period, scheduled rest periods, meals, access to medication(s), or hydration
- 10) Operating fire apparatus or other vehicles in an emergency mode with emergency lights and sirens
- 11) Critical, time-sensitive, complex problem solving during physical exertion in stressful, hazardous environments, including hot, dark, tightly enclosed spaces, that is further aggravated by fatigue, flashing lights, sirens, and other distractions
- 12) Ability to communicate (i.e., give and comprehend verbal orders) while wearing PPE and SCBA under conditions of high background noise, poor visibility, and drenching from hose lines or fixed protection systems (e.g., sprinklers)
- 13) Functioning as an integral component of a team, where sudden incapacitation of a member can result in mission failure or in risk of injury or death to members of the public or other team members
- 14) Working in shifts, including during nighttime, that can extend beyond 12 hours

Firefighter Code of Ethics

I understand that I have the responsibility to conduct myself in a manner that reflects proper ethical behavior and integrity. In so doing, I will help foster a continuing positive public perception of the fire service. Therefore, I pledge the following...

- Always conduct myself, on and off duty, in a manner that reflects positively on myself, my department and the fire service in general.
- Accept responsibility for my actions and for the consequences of my actions.
- Support the concept of fairness and the value of diverse thoughts and opinions.
- Avoid situations that would adversely affect the credibility or public perception of the fire service profession.
- Be truthful and honest at all times and report instances of cheating or other dishonest acts that compromise the integrity of the fire service.
- Conduct my personal affairs in a manner that does not improperly influence the performance of my duties, or bring discredit to my organization.
- Be respectful and conscious of each member's safety and welfare.
- Recognize that I serve in a position of public trust that requires stewardship in the honest and efficient use of publicly owned resources, including uniforms, facilities, vehicles and equipment and that these are protected from misuse and theft.
- Exercise professionalism, competence, respect and loyalty in the performance of my duties and use information, confidential or otherwise, gained by virtue of my position, only to benefit those I am entrusted to serve.
- Avoid financial investments, outside employment, outside business interests or activities that conflict with or are enhanced by my official position or have the potential to create the perception of impropriety.
- Never propose or accept personal rewards, special privileges, benefits, advancement, honors or gifts that may create a conflict of interest, or the appearance thereof.
- Never engage in activities involving alcohol or other substance use or abuse that can impair my mental state or the performance of my duties and compromise safety.
- Never discriminate on the basis of race, religion, color, creed, age, marital status, national origin, ancestry, gender, sexual preference, medical condition or handicap.
- Never harass, intimidate or threaten fellow members of the service or the public and stop or report the actions of other firefighters who engage in such behaviors.
- Responsibly use social networking, electronic communications, or other media technology opportunities in a manner that does not discredit, dishonor or embarrass my organization, the fire service and the public. I also understand that failure to resolve or report inappropriate use of this media equates to condoning this behavior.

Developed by the National Society of Executive Fire Officers

Basic Fire Academy Programs

Fire Fighter 1 Professional Certification (NFPA 1001)	192	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	This course provides instruction to the student in basic firefighting necessary to function as a responding member of a fire department. The following topics will be covered in this program:			
	Building Construction	Ladders	Search & Rescue	Fire Behavior
	Personal Safety Equip.	Vehicle Fires	Fire Extinguisher	Ropes & Knots
	Fire Hose & Streams	Ventilation	Safety	Water Supply
	Forcible Entry	SCBA	Wildland Fire	
	<i>This course presented in 8 sections:</i>			
		Sections	Cost	
	1.	Bucks Basic Fire Academy [Age 14 and up] (112 hrs)	\$ 210.00	
	2.	Test Taking 101 [Age 14 and up] (3.5 hrs)	\$ 35.00	
3.	Hazardous Materials Awareness [Age 14 and up] (4 hrs)	Included		
	Hazardous Materials Awareness Professional Certification Testing [Age 14 and up]	\$ 25.00		
4.	Basic First Aid (4 hrs)	\$ 55.00		
5.	Healthcare Provider CPR (6 hrs)	\$ 65.00		
6.	Hazardous Materials Operations [Age 16 and up] (24 hrs)	Included		
	Hazardous Materials Operational Core Level w/ PPE and Product Control Mission Specific Competencies Professional Certification Testing [Age 16 and up]	\$ 150.00		
7.	Structural Burn Session [Age 18 and up] (16 hrs)	\$ 130.00		
8.	Fire Fighter 1 Professional Certification Testing [18 and up]	Included		
<i>This certification can earn you 3 credits towards your Fire Science Degree or Academic Certificate through Bucks County Community College, see page 95 for more information.</i>	<i>(Cost breakdown is based on Out of County (In State) Emergency Service Providers)</i>			
	<i>When pre-registering for this course you will be placed in all the course sections that your age allows you to take part in, unless clearly indicated you are not taking part in a module you are old enough to take part in.</i>			
	<i>There is a final written exam for everyone in the course. Students over 18 years of age will take the Fire Fighter 1 Professional Certification Exam. Ages 14 to 17 years old will test for Bucks Basic Fire Academy course.</i>			
	<i>** All students will be billed \$35.00 for First Aid and \$10.00 for CPR cards; Out of County and Out of State tuition has this cost built into the price.</i>			
Prerequisites:	Age 14 and up, IS-700: An Introduction to the National Incident Management System, and ICS-100: Introduction to the Incident Command System <i>**It is strongly recommended that personnel ages 14 to 17 years old take part in the weekend or daytime courses to avoid missed hours because of Child Labor Laws.**</i>			
Required Textbook(s):	<i>IFSTA, Essentials of Fire Fighting 7th Edition, AHA, Heartsaver First Aid, AHA, BLS for Healthcare Provider (CPR & AED) and pocket mask, and Jones & Bartlett, Hazardous Materials Awareness and Operations 2nd Edition, see page 24 for additional information.</i>			
Required Equipment:	Turn out gear, SCBA, and Computer with audio capability and internet access			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>		\$ 0.00**	
	<i>Out of County (In State):</i>		\$ 640.00	
	<i>Out of State (Non-PA Municipal Responders):</i>		\$ 1,350.00	
Course Start Date (See attached schedule):		FSC #:	Locations:	
January 18, 2023 Mon/Wed 7PM-11PM & Sun 8AM-5PM		913.600	Lower Bucks PSTC, Croydon	
Preregistration Deadline January 11, 2023				
January 19, 2023 Tues/Thurs 7PM-11PM & Sat 8AM-5PM		913.500	Ottsville FC (Sta. 49) & Bucks County PSTC, Doylestown	
Preregistration Deadline January 12, 2023				
June 19, 2023 Mon-thru-Thurs 8AM-5PM		913.501	Lower Bucks PSTC, Croydon	
Preregistration Deadline June 12, 2023				
August 2, 2023 Mon/Wed 7PM-11PM & Sun 8AM-5PM		913.601	Lower Bucks PSTC, Croydon	
Preregistration Deadline July 26, 2023				
August 3, 2023 Tues/Thurs 7PM-11PM & Sat 8AM-5PM		913.502	Bucks County PSTC, Doylestown	
Preregistration Deadline July 27, 2023				

See a full schedule of the class on one of the following pages.

It is **required** that students complete the FEMA Emergency Management Institute NIMS IS-700 and ICS-100 online courses which can be accessed at the following link: <https://training.fema.gov/nims/>

Fire Fighter Certification Challenges & Review

Fire Fighter 1 Professional Certification Practical Skills Challenge (NFPA 1001)	16	Hours	DOH Con-ed Units	<i>Not Applicable</i>
<p>Practical evaluations are intended to measure the manipulative skills of the Fire Fighter 1 and will follow guidelines set forth in accordance with the policies and procedures of the Bucks County Community College. The agency is capable of testing 100% of the practical objectives; however, the examination will only test a randomly pre-selected 50% of the total Fire Fighter 1 skills. A score of 100% shall constitute a passing grade for the candidate. A copy of all the practical skill stations is provided with confirmation letter sent out prior to testing.</p> <p><i>This certification can earn you 3 credits towards your Fire Science Degree or Academic Certificate through Bucks County Community College, see page 95 for more information.</i></p> <p>See <u>Fire Fighter 1 Professional Certification Written Examination Challenge (NFPA 1001)</u> for information on the written exam dates and times.</p> <p>Prerequisites:</p> <ul style="list-style-type: none"> • Basic Fire Fighter Training that meets the intent of NFPA 1001 (EBM or ELIF or Bucks Basic Fire Academy) • Current First Aid card or higher level of EMS Provider • Current CPR card • Hazardous Materials Core Operations Level with Personal Protective Equipment and Product Control Mission Specific Competencies (NFPA 472 or 1072) Professional Certification (IFSAC or ProBoard) • IS-700: An Introduction to the National Incident Management System • ICS-100: Introduction to the Incident Command System <p>Testing DOES NOT stop for lunch. You should bring lunch and/or snacks as well as water or other hydrating beverages.</p>				
Prerequisites:	Age 18 and up, See above for training & certification requirements			
Required Textbook(s):	<i>IFSTA, Essentials of Fire Fighting 7th Edition, see page 24 for additional information.</i>			
Required Equipment:	Turn out gear and SCBA			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 150.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 300.00
Course Meets:	FSC #:	Locations:		
May 6 & 7, 2023 Sat/Sun 8AM-5PM Preregistration Deadline April 28, 2023	479.500	BCPSTC (5/6) and LBPSTC (5/7)		
November 11 & 12, 2023 Sat/Sun 8AM-5PM Preregistration Deadline November 3, 2023	479.502	BCPSTC (11/11) and LBPSTC (11/12)		

Fire Fighter Certification Challenges & Review

Fire Fighter 1 Professional Certification Written Examination Challenge (NFPA 1001)	4	Hours	DOH Con-ed Units	<i>Not Applicable</i>
<p>The written examination measures the cognitive skills of the Fire Fighter 1 and will follow guidelines set forth in accordance with the policies and procedures of the Bucks County Community College. The examination will be randomly generated and consist of one hundred (100) questions. Candidates will have a maximum of 2 hour and 30 minutes to complete the examination. A score of 70% or above shall constitute a passing grade for the candidate.</p> <p><i>This certification can earn you 3 credits towards your Fire Science Degree or Academic Certificate through Bucks County Community College, see page 95 for more information.</i></p> <p>See Fire Fighter 1 Professional Certification Practical Skills Challenge (NFPA 1001) for information on the practical skills testing dates and times.</p> <p>Prerequisites:</p> <ul style="list-style-type: none"> • Basic Fire Fighter Training that meets the intent of NFPA 1001 (EBM or ELIF or Bucks Basic Fire Academy) • Current First Aid card or higher level of EMS Provider • Current CPR card • Hazardous Materials Core Operations Level with Personal Protective Equipment and Product Control Mission Specific Competencies (NFPA 472 or 1072) Professional Certification (IFSAC or ProBoard) • IS-700: An Introduction to the National Incident Management System • ICS-100: Introduction to the Incident Command System 				
Prerequisites:	Age 18 and up, See above for training & certification requirements			
Required Textbook(s):	<i>IFSTA, Essentials of Fire Fighting 7th Edition, see page 24 for additional information.</i>			
Required Equipment:	None

Fire Fighter Certification Challenges & Review

Fire Fighter 2 Certification Preparation	24	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
<p>This course is designed to help prepare a fire fighter for the Fire Fighter 2 certification practical and written examinations. This is done by providing application assistance, quizzes on each of the topics included the Fire Fighter 2 skill stations and hands-on (or discussion when hands-on is not practical), review of the Fire Fighter 2 skill stations. If time permits, the last class will be a “mock” Fire Fighter 2 certification test including a selection of some of the Fire Fighter 2 skill stations.</p> <p><i>This is course alone does not completely meet the Advanced Fire Fighter Training requirements of NFPA 1001 for the Fire Fighter 2 level. Interested candidates should contact the Certification Department at 215-340-8401 or by emailing PSCertification@bucks.edu for additional information and direction on meeting this requirement.</i></p> <p>Prerequisites:</p> <ul style="list-style-type: none"> • Fire Fighter 1 Professional Certification (IFSAC or ProBoard) • Hazardous Materials Core Operations Level with Personal Protective Equipment and Product Control Mission Specific Competencies (NFPA 472 or 1072) Professional Certification (IFSAC or ProBoard) 				
Prerequisites:	Age 18 and up, See above for training & certification requirements			
Required Textbook(s):	<i>IFSTA, Essentials of Fire Fighting 7th Edition, see page 24 for additional information.</i>			
Required Equipment:	Turn out gear, SCBA, and Computer with audio/video capability and internet access			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 150.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 300.00
Course Meets:	FSC #:	Locations:		
October 10, 14, 17, & 21, 2023 Tues 7PM-11PM & Sat 8AM-5PM Preregistration Deadline October 3, 2023	207.500	Bucks County PSTC, Doylestown

Fire Fighting Programs

Engine Company Operations	16	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	This course provides instruction in the duties and responsibilities of an engine company. Topics include: fire behavior and spread in structures, positioning of apparatus, use of attack and backup lines, search and rescue, and water supply. A series of hands-on drills involving various engine company evolutions follows the classroom discussion. <i>Special Note: Instructor(s) will be asking for students to see if their Department can supply an Engine for the second day. It is not required for every student to bring an apparatus.</i>			
Prerequisites:	Age 18 and up, EBM or ELIF or Bucks Basic Fire Academy or FF-1			
Required Textbook(s):	Handouts will be provided			
Required Equipment:	Turn out gear, SCBA			
Cost of Course:	Bucks County / TMP Option Silver or Gold:			\$ 0.00
	Out of County (In State):			\$ 110.00
	Out of State (Non-PA Municipal Responders):			\$ 210.00
Course Meets:		FSC #:	Locations:	
May 20 & 21, 2023 Sat/Sun 8AM-5PM Preregistration Deadline May 13, 2023		205.600	Lower Bucks PSTC, Croydon

Course Meets:	FSC #:	Locations:	
April 29, 2023 Saturday 12PM-3PM Preregistration Deadline April 22, 2023	162.600	Lower Bucks PSTC, Croydon	
October 15, 2023 Sunday 12PM-3PM Preregistration Deadline October 08, 2023	162.500	Bucks County PSTC, Doylestown	
Truck Company Operations I (TRCO)	16 Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
The student will be introduced to the basic concept of truck company operations as part of an organized, coordinated structural fire suppression operation. Truck companies, regardless of whether they arrive on an aerial device, squad, or engine, are the 'combat engineers' of fire attack operations. This course, for experienced fire fighters, will introduce the student to the basic concept of truck company operations and duties, including organizing the delivery of truck company services, selection and use of key tools, advanced ventilation and forcible entry theory and practices, search and rescue, and other fire attack support functions.			
<i>Special Note:</i> Instructor(s) will be asking for students to see if their Department can supply an Aerial for the second day of class. It is not required for every student to bring an apparatus.			
Prerequisites:	Age 18 and up, EBM or ELIF or Bucks Basic Fire Academy or FF-1		
Required Textbook(s):	Handouts will be provided		
Required Equipment:	Turn out gear, SCBA		
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>		\$ 0.00
	<i>Out of County (In State):</i>		\$ 110.00
	<i>Out of State (Non-PA Municipal Responders):</i>		\$ 210.00
Course Meets:	FSC #:	Locations:	
June 10 & 11, 2023 Sat/Sun 8AM-5PM Preregistration Deadline June 03, 2023	209.600	Lower Bucks PSTC, Croydon	
September 23 & 24, 2023 Sat/Sun 8AM-5PM Preregistration Deadline September 16, 2023	209.500	Bucks County PSTC, Doylestown	

Driver Operator Programs & Certification

Pump Operations 1 (PUOP)	16	Hours	DOH Con-ed Units	<i>Not Applicable</i>
Through classroom sessions and practical fieldwork, this course will provide the student with an introduction to basic pump construction, water movement hydraulics, theory, and operating techniques. Emphasis is place on getting water to the pump, getting the water from the pump to the hose lines, and the prevention of common mistakes associated with pump operations.				
Special Note: Instructor(s) will be asking for students to see if their Department can supply an Engine for the second day. It is not required for every student to bring an apparatus.				
Prerequisites:	Age 18 and up, EBM or ELFG or Bucks Basic Fire Academy or FF-1			
Required Textbook(s):	Handouts will be provided **Recommended Published Text for Certification: IFSTA, Pumping Apparatus Driver/Operator Handbook, 3rd Edition OR IFSTA, Pumping and Aerial Apparatus Driver Operator Handbook, 3rd Edition, see page 24 for additional information.			
Required Equipment:	Turn out gear			
Cost of Course:	Bucks County / TMP Option Silver or Gold:			\$ 0.00
	Out of County (In State):			\$ 110.00
	Out of State (Non-PA Municipal Responders):			\$ 210.00
Course Meets:	FSC #:	Locations:		
May 20 & 21, 2023 Sat/Sun 8AM-5PM Preregistration Deadline May 13, 2023	420.500	Bucks County PSTC, Doylestown		
August 05 & 06, 2023 Sat/Sun 8AM-5PM Preregistration Deadline July 28, 2023	420.600	Lower Bucks PSTC, Croydon		
Pump Operations 2 (PUOA)	16	Hours	DOH Con-ed Units	<i>Not Applicable</i>
Through classroom sessions and practical fieldwork, this course will provide the student with advanced techniques of operating fire pumps. Topics covered include friction loss, relay pumping, master streams, elevated master streams.				
Special Note: Instructor(s) will be asking for students to see if their Department can supply an Engine for the second day of class. It is not required for every student to bring an apparatus.				
Prerequisites:	Age 18 and up, Pump Operations 1 (PUOP)			
Required Textbook(s):	Handouts will be provided **Recommended Published Text for Certification: IFSTA, Pumping Apparatus Driver/Operator Handbook OR IFSTA, Pumping and Aerial Apparatus Driver Operator Handbook, 3rd Edition, 3rd Edition see page 24 for additional information.			
Required Equipment:	Turn out gear			
Cost of Course:	Bucks County / TMP Option Silver or Gold:			\$ 0.00
	Out of County (In State):			\$ 110.00
	Out of State (Non-PA Municipal Responders):			\$ 210.00
Course Meets:	FSC #:	Locations:		
September 16 & 17, 2023 Sat/Sun 8AM-5PM Preregistration Deadline September 09, 2023	421.500	Bucks County PSTC, Doylestown		

Driver Operator Programs & Certifications

Driver Operator – Pumper Professional Certification (NFPA 1002)	60	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
<p>Through classroom sessions and practical fieldwork, this course will provide the student with the knowledge and skills required for driver operators in accordance with NFPA 1002. This course will take the new driver/operator through the basic pump components and operational procedures to the advanced levels of apparatus preventive maintenance considerations and application of multiple water streams, master stream appliances and friction loss calculations. This course is designed for the experienced firefighter who is expected to drive and operate first line attack and supply engines.</p> <p>Special Note: Instructor(s) will be asking for students to see if their Department can supply a NFPA Compliant Pumper or Quint for the first two weekend dates (Aug 12, 13, 19, & 20). For the last weekend (Aug 26 & 27) every student will need to have a Department supplied NFPA Compliant Pumper or Quint. Student's from the same department only need to bring one apparatus.</p> <p>** All students must be an approved driver with their agency and have prior training and ability to drive the apparatus. This course is not for someone who has never operated an apparatus before. All students must have a letter on Department letterhead signed by the Chief of the Department that they are qualified to drive that apparatus and have a valid State Issued License. **</p>				
Prerequisites:	Age 18 and up, Current (non-expired and not suspended) license to operate a motor vehicle, Driving experience in a NFPA Complaint Pumper or Quint, Current (less than 1 year old) EVOC/EVDT certificate with Pumper or Quint endorsement			
Required Textbook(s):	IFSTA, Pumping Apparatus Driver/Operator Handbook, 3rd Edition OR IFSTA, Pumping and Aerial Apparatus Driver Operator Handbook, 3rd Edition, see page 24 for additional information.			
Required Equipment:	Turn out gear, NFPA Compliance Pumper or Quint			
Cost of Course:	Bucks County / TMP Option Silver or Gold:			\$ 0.00
	Out of County (In State):			\$ 250.00
	Out of State (Non-PA Municipal Responders):			\$ 550.00
Course Meets:	FSC #:	Locations:		
August 3, 10, 12, 13, 17, 19, 20, 24, 26, & 27, 2023 Thurs 7PM-11PM & Sat/Sun 8AM-5PM Preregistration Deadline July 27, 2023	275.500	Bucks County PSTC, Doylestown		

Fire Police Programs

Basic Fire Police (BFPO)	16	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
This course provides instruction on the proper method to be appointed, the laws pertaining to fire police, fire police powers, and the expected duties of a new fire police officer.

Command / Management Programs and Certifications

Arson Awareness for Emergency Response Personnel (AAEP)	4	Hours	DOH Con-ed Units	0.0 CPC: 0.0 Other
	This course is appropriate for <i>all</i> emergency responders (fire, fire police, police, and EMS) who might arrive first on the scene of a fire. It consists of material extracted from the longer National Fire Academy course <i>Arson Detection for the First Responder</i> , and is designed to give essential basic information to responders whose duties do not require the more extensive NFA course, or whose time schedules do not permit attending the longer course at this time.			
Prerequisites:	Age 18 and up, Basic training as an Emergency Responder			
Required Textbook(s):	Handouts will be provided			
Required Equipment:	Computer with audio/video capability and internet access			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 35.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 60.00
Course Meets:	FSC #:	Locations:		
April 17, 2023 Monday 7PM-11PM Preregistration Deadline April 10, 2023	735.500	Conducted via Zoom Video instruction (per meeting dates)		
Autism Awareness for the First Responder	3.5	Hours	DOH Con-ed Units	0.0 CPC: 2.5 Other
	About 1 in 68 children are diagnosed with an autism spectrum disorder (ASD) according to estimates from the Center for Disease Control's (CDC) Autism and Developmental Disabilities Monitoring (ADDM) Network (2014). ASDs are reported to occur in all racial, ethnic, and socioeconomic groups. Children with ASD are 7 times more likely to have the need for emergency services and firefighters need to be aware of their special needs. Autism spectrum disorders (ASDs) are a group of developmental disabilities that can cause significant social, communication and behavioral challenges. People with ASDs handle information in their brain differently than other people. Someone on the spectrum is 7 times more likely to need emergency services and it is important that firefighters understand the best way to interact with a child or adult diagnosed with a spectrum disorder.			
Prerequisites:	Age 16 and up			
Required Textbook(s):	Handouts will be provided			
Required Equipment:	Computer with audio/video capability and internet access			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 25.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 40.00
Course Meets:	FSC #:	Locations:		
April 3, 2023 Mon 7PM-10:30PM Preregistration Deadline March 27, 2023	388.500	Bucks County PSTC, Doylestown		
November 6, 2023 Mon 7PM-10:30PM Preregistration Deadline October 30, 2023	388.501	Conducted via Zoom Video instruction (per meeting dates)		

Command / Management Programs and Certifications

Building Construction Refresher	3 Hours	DOH Con-ed Units	0.0 CPC: 0.0 Other
This program is designed to review for the student common building designs and construction methods. Building design and construction present to the fire fighter and fire officer a number of fire & safety issues, this information is presented so that they may effectively use it the decision making process. This program is used to reinforce preexisting knowledge and skills acquired by the student in previous training programs.			
Prerequisites:	Age 16 and up, Building Construction Training		
Required Textbook(s):	Handouts will be provided		
Required Equipment:	Computer with audio/video capability and internet access		
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>		\$ 0.00

September 5, 7, 12, & 14, 2023 Tues/Thurs 7PM-11PM Preregistration Deadline August 28, 2023	765.501	Conducted via Zoom Video instruction (per meeting dates)	
Strategy and Tactics for Initial Company Operations (STICO)	16 Hours	DOH Con-ed Units	0.0 CPC: 0.0 Other
This course is designed to prepare the student to function as a company officer, by developing the skills required to safely and successfully managing company tactical operations at structural fires. The third in the series of programs designed to meet the needs of fire officers and crew leaders with responsibilities to manage the operations of one or more companies in structural firefighting operations. The course discusses in depth the management skills needed as well identifying the processes a Company Officer needs to do to accomplish Fire Confinement, Exposure Protection and Extinguishment while taking into consideration Rescue, Ventilation Support and Overhaul. Water Supply, Fixed Systems and Salvage are also discussed.			
Prerequisites:	Age 18 and up, Decision Making for Initial Company Officer (DMICO)		
Required Textbook(s):	Handouts will be provided		
Required Equipment:	Computer with audio/video capability and internet access		
Cost of Course:	Bucks County / TMP Option Silver or Gold:		\$ 0.00
	Out of County (In State):		\$ 110.00
	Out of State (Non-PA Municipal Responders):		\$ 210.00
Course Meets:	FSC #:	Locations:	
April 3, 5, 10, & 12, 2023 Mon/Wed 7PM-11PM Preregistration Deadline March 27, 2023	975.500	Conducted via Zoom Video instruction (per meeting dates)	
November 7, 9, 14, & 16, 2023 Tues/Thurs 7PM-11PM Preregistration Deadline October 31, 2023	975.501	Conducted via Zoom Video instruction (per meeting dates)	

Command / Management Programs and Certifications

Introduction to Fire Officership (INFO)	16 Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	To provide students with an overview of the skills necessary to effectively manage volunteer and career fire organizations. Introduction to Fire Officership will give the student a basic overview of company officer responsibilities, personnel issues, their role in fire ground operations, and the development of a sound and effective administrative and fire ground organizational structure.		
Prerequisites:	Age 18 and up, EBM or ELIF or Bucks Basic Fire Academy or FF-1		
Required Textbook(s):	Handouts will be provided		
Required Equipment:	Computer with audio/video capability and internet access		
Cost of Course:	Bucks County / TMP Option Silver or Gold:		\$ 0.00
	Out of County (In State):		\$ 110.00
	Out of State (Non-PA Municipal Responders):		\$ 210.00
Course Meets:	FSC #:	Locations:	
February 6, 8, 13, & 15, 2023 Mon/Wed 7PM-11PM Preregistration Deadline January 30, 2023	226.500	Conducted via Zoom Video instruction (per meeting dates)	
August 15, 17, 22, & 24, 2023 Tues/Thurs 7PM-11PM Preregistration Deadline August 08, 2023	226.501	Conducted via Zoom Video instruction (per meeting dates)	
Mass Fatalities Incident Response “G-386”	16 Hours	DOH Con-ed Units	0.0 CPC : 14.0 Other
	This course prepares state and local response personnel and other responsible agencies and professionals to handle mass fatalities effectively and to work with the survivors in an emergency or disaster. This course covers incident management; mass fatalities; planning before and operations during an incident; establishing the morgue; family assistance support operations; and assistance from the Federal government. The course concludes with a tabletop exercise. Participants will learn to identify the characteristics of a mass fatality incident and identify the roles and responsibilities of key personnel in the incident. In addition, the instructor will describe the steps required to respond to a mass fatalities incident, including catastrophic numbers of fatalities and contaminated remains, and help participants determine their jurisdiction’s preparedness for a mass fatalities event.		
Prerequisites:	Age 18 and up, ICS-100: Introduction to the Incident Command System, ICS-200: Basic Incident Command System for Initial Response		
Required Textbook(s):	Handouts will be provided		
Required Equipment:	Computer with audio/video capability and internet access		
Course Meets:	FSC #:	Locations:	
May 17 & 18, 2023 Wed/Thurs 8:30AM-5:30PM Preregistration Deadline May 10, 2023	See Below	Bucks County PSTC, Doylestown	
This G Series Course is offered though the Bucks County EMA Office. Bucks County Community College will not be accepting any preregistrations. All students must register through TrainPA through the Bucks County EMA at: https://www.train.org/pa/admin/course/1067302/live_event			

Command / Management Programs and Certifications

Plans Examiner 1 & 2 Professional Certification (NFPA 1031)	40	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	<p>This course is designed to provide an overview of the Plans Review process for fire inspectors or plans examiners. The topics of discussion include: plans review; preparation of correspondence and plan review reports; communication with fire inspectors and emergency response personnel; handling of complaints; maintenance of records; participation in legal proceedings; identification of when additional expertise is required; local jurisdiction proceedings; and alternative methods. This course is tested to NFPA 1031 Standard, to the Plans Examiner 1 & 2 Level through the ProBoard. Successful completion of the program requires proficiency demonstration in written practical skills and a multiple-choice examination.</p> <p><i>This certification can earn you 3 credits towards your Fire Science Degree or Academic Certificate through Bucks County Community College, see page 95 for more information.</i></p>			
Prerequisites:	Age 18 and up, Fire Inspector 1 Recommended			
Required Textbook(s):	<i>IFSTA Plans Examiner for Fire and Emergency Services 2nd Edition, will provide access to IFC/IBC needed for class, see page 24 for additional information.</i>			
Required Equipment:	Computer with audio/video capability and internet access			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 150.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 500.00
Course Meets: April 10 thru 14, 2023 Mon thru Fri 9AM-6PM Preregistration Deadline April 03, 2023	FSC #: 601.600	Locations: Lower Bucks PSTC, Croydon		
PTSD Awareness for the Fire Service	4.0	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	<p>This program defines PTSD, risk factors for firefighters, signs and symptoms to look out for in Fire Departments and what to do if one of your members is showing these signs. Discussion will provide students with the tools to make their Departments aware of the needs of response personnel in dealing with and discussing behavior wellness issues.</p>

Command / Management Programs and Certifications

Public Fire and Life Safety Educator 1 & 2 Professional Certification (NFPA 1035)	40	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	This course is designed to provide the public educator with the knowledge and skills needed to successfully perform as a fire and life safety educator as addressed in NFPA 1035. For those who practice the multidiscipline profession of fire and life safety educator (including uniformed fire service personnel and other professionals), topics include fire behavior, community assessment, injury prevention and juvenile fire-setting. The student will also develop presentation skills and learn how to formulate public education programs. This course is tested to NFPA 1035 Standard, to the Public Fire and Life Safety Educator 1 & 2 Level through the ProBoard. Successful completion of the program requires proficiency demonstration in written practical skills and a multiple-choice examination.			
	<i>This certification can earn you 3 credits towards your Fire Science Degree or Academic Certificate through Bucks County Community College, see page 95 for more information.</i>			
	NOTE: Certification Written Examination will be conducted outside of the listed sessions for virtual courses and during the course for face to face courses. During the class you will be provided with specific information on how to coordinate the written exam at our facilities, a pre-determined test site within PA, or a third party approved site inside or outside of PA. The student may be responsible for any third-party agency testing fees if applicable.			
	Prerequisites: Age 18 and up, General knowledge of Fire and Life Safety			
Required Textbook(s):	<i>IFSTA Fire and Life Safety Educator 3rd Edition, see page 24 for additional information.</i>			
Required Equipment:	Computer with audio/video capability and internet access			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 150.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 500.00
Course Meets:		FSC #:	Locations:	
October 10, 12, 17, 19, & 24, 2023 Tues/Thurs 8AM-11AM and 12PM-3PM Preregistration Deadline October 3, 2023		794.500	Conducted via Canvas LMS which includes Zoom Video instruction (per meeting dates)	
Public Information Officer “G-290”	16	Hours	DOH Con-ed Units	0.0 CPC : 14.0 Other
	This Basic Public Information Officer Course (G290) is designed to prepare participants to function as full- or part-time PIOs. Additionally, this training is a prerequisite and foundation for more advanced training that takes participants from the awareness level to the mastery level in their public information careers.			
Prerequisites:	Age 18 and up, ICS-100: Introduction to the Incident Command System, ICS-200: Basic Incident Command System for Initial Response, IS-29: Public Information Officer Awareness			
Required Textbook(s):	Handouts will be provided			
Required Equipment:	Computer with audio/video capability and internet access			
Course Meets:		FSC #:	Locations:	
September 7 & 8, 2023 Thurs/Fri 8:30AM-5:30PM Preregistration Deadline August 30, 2023		See Below	Bucks County PSTC, Doylestown	
This G Series Course is offered through the Bucks County EMA Office. Bucks County Community College will not be accepting any preregistrations. All students must register through TrainPA through the Bucks County EMA at: https://www.train.org/pa/admin/course/1066853/live_event				

Command / Management Programs and Certifications

Rapid Needs Assessment “G-557”	8.0 Hours	DOH Con-ed Units	0.0 CPC : 8.0 Other
	This is a one day course to give communities a baseline understanding of developing the plan and procedures for rapidly and efficiently collecting disaster intelligence immediately following a disaster. This intelligence is used to prioritize response activities, allocate available resources, and specifically request resources from other sources to save and sustain lives.		
Prerequisites:	Age 18 and up, ICS-100: Introduction to the Incident Command System, ICS-200: Basic Incident Command System for Initial Response		
Required Textbook(s):	Handouts will be provided		
Required Equipment:	Computer with audio/video capability and internet access		
Course Meets:	FSC #:	Locations:	
March 16, 2023 Thursday 8:30AM-5:30PM Preregistration Deadline March 9, 2023	See Below	Bucks County PSTC, Doylestown

Rescue Programs and Certifications

Blood-borne Pathogens & Infectious Disease Awareness (BIDA)	4.5 Hours	DOH Con-ed Units	0.0 CPC: 0.0 Other
This course, which meets the intent of applicable federal regulations, will provide emergency responders with awareness-level information on blood-borne pathogens and other infectious diseases that may be encountered in the emergency response environment. Any emergency responder, regardless of their location or branch of service, may be exposed to blood-borne pathogens and infectious diseases (such as Hepatitis C or HIV) in the course of their duties. In addition, the role of responders as “America’s Domestic Defenders”, places them at risk to exposure as a consequence of a WMD terrorist incident. This course provides basic information on the diseases themselves and routes of exposure as well as precautions needed to minimize or eliminate risk and regulatory requirements.			
Prerequisites:	Age 14 and up		
Required Textbook(s):	Handouts will be provided		
Required Equipment:	Computer with audio/video capability and internet access		
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>		\$ 0.00
	<i>Out of County (In State):</i>		\$ 35.00
	<i>Out of State (Non-PA Municipal Responders):</i>		\$ 60.00

Rescue Programs and Certifications

Rope / High Angle Rescue 4	16	Hours	DOH Con-ed Units	0.0 CPC: 0.0 Other
Students in this course will be re-introduced to the basics of Rope / High Angle Rescue 1, 2, & 3. Students will be trained in critical angles as they pertain to highlines, single, and dual rope highlines, English reeves, and the operations of highlines. Most of the program is hands on and time is allocated for practice in order to build proficiency.				
Prerequisites:	Age 18 and up, Rope / High Angle Rescue 3			
Required Textbook(s):	Handouts will be provided			
Required Equipment:	Helmet with chin strap, Eye Protection (face-shield not acceptable), Work Clothing or Coveralls, Leather Gloves, Work Shoes/boots			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 110.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 210.00
Course Meets:	FSC #:		Locations:	
August 12 & 13, 2023 Sat/Sun 8AM-5PM Preregistration Deadline August 05, 2023	785.500		Bucks County PSTC, Doylestown	
Rope Technical Rescuer at the Awareness, Operations, and Technician Professional Certification (NFPA 1006)	72	Hours	DOH Con-ed Units	8.5 CPC : 63.5 Other
This program is designed to enhance the student's ability to perform critical skill sets to meet the intent of NFPA 1670 Rope Rescue Awareness – Operations – Technician in the field of technical rescue. During this course, students will review rope rescue systems, application theories, and high angle challenges to accurately and safely execute the skill sets required for professional certification. Topics include: rescue incident management, technical vs. non-technical rescue considerations, rescue strategies and tactics, resource management, access and removal considerations, hazard identification and control, rope management, ascending and descending systems, rope rescue equipment identification and application, patient removal techniques and selection criteria, basic patient care, packaging, and removal, basic and advanced anchor systems, and applicable OSHA and NFPA laws and standards. This course is designed for the experienced rescuer with a strong working knowledge of technical rescue in accordance with NFPA 1006 and 1670. The course is designed to prepare the rescuer for professional certification testing (written and skills) in accordance with NFPA 1006 Rope Rescue Awareness, Operations and Technician.				
Prerequisites:	Age 18 and up; Hazardous Materials Awareness Professional Certification (IFSAC or Pro Board); Non-Expired First Aid (front and back); Non-Expired CPR (front and back)			
Required Textbook(s):	<i>CMC, Rope Rescue Manual 5th Edition; see page 24 for additional information.</i>			
Required Equipment:	Helmet with chin strap, Eye Protection (face-shield not acceptable), Work Clothing or Coveralls, Leather Gloves, Work Shoes/boots			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 400.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 750.00
Course Meets:	FSC #:		Locations:	
April 24 thru May 4, 2023 Mon thru Fri (No Sat/Sun) & Mon thru Thurs 8AM-5PM: Preregistration Deadline April 17, 2023	1430.500		Bucks County PSTC, Doylestown	

Rescue Programs and Certifications

Structural Collapse Rescue Level 1 (SCOA)	3.5	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	This course gives the first responder the knowledge necessary to function effectively during the initial stages of a structural collapse incident. Assessing the magnitude of the situation, utilization of available resources, as well as personnel safety are highly stressed. Information necessary for first responders to integrate effectively with specialized collapse rescue teams is also provided.			
Prerequisites:	Age 16 and up, Basic training as an Emergency Responder			
Required Textbook(s):	Handouts will be provided			
Required Equipment:	None			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 35.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 60.00
Course Meets:	FSC #:		Locations:	
September 20, 2023 Wednesday 7PM-10:30PM Preregistration Deadline September 13, 2023	744.500		Bucks County PSTC, Doylestown	
Structural Collapse Rescue Level 2 (SCOF)	16	Hours	DOH Con-ed Units	0.0 CPC: 0.0 Other
	This course is designed to teach students the skills necessary to perform at the operational level at structural collapse incidents involving light frame and heavy wall structures. This course gives fire department and rescue personnel the knowledge and skills necessary to operate effectively at incidents involving the collapse of light frame and heavy wall structures. Students are given extensive hands on instruction in structure assessment, emergency shoring and stabilization, breaching building materials and patient packaging and extrication.			
Prerequisites:	Age 18 and up, Structural Collapse Rescue Level 1 (SCOA)			
Required Textbook(s):	Handouts will be provided			
Required Equipment:	Helmet with chin strap, Eye Protection (face-shield not acceptable), Work Clothing or Coveralls, Leather Gloves, Work Shoes/boots			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 150.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 250.00
Course Meets:	FSC #:		Locations:	
September 30 & October 1, 2023 Sat/Sun 8AM-5PM Preregistration Deadline September 23, 2023	745.500		Bucks County PSTC, Doylestown	

Rescue Programs and Certifications

Structural Collapse Technical Rescuer at the Awareness, Operations, and Technician Professional Certification (NFPA 1006)	80	Hours	DOH Con-ed Units	0.0 CPC: 0.0 Other
	This program is designed to enhance the student's ability to perform critical skill sets to meet the intent of NFPA 1006 Structural Collapse Rescue in the field of technical rescue. During this course, students will review collapse extrication theories, shoring techniques, and challenges to accurately and safely execute the skill sets required for professional certification. Topics include: rescue incident management, collapse types and building construction considerations, extrication strategies and tactics, resource management, stabilization and shoring systems, hazard identification and control, atmospheric monitoring and ventilation methods, search & rescue techniques, collapse equipment identification and application, patient removal methods and selection criteria, basic patient care, packaging, and removal, basic and advanced shoring techniques, and applicable OSHA and NFPA laws and standards. This course is designed for the experienced rescuer with a strong working knowledge of technical rescue in accordance with NFPA 1006 and 1670. The course is designed to prepare the rescuer for professional certification testing (written and skills) in accordance with NFPA 1006 Structural Collapse.			
Prerequisites:	Age 18 and up; Rope Technical Rescuer Awareness and Operations Levels Professional Certification (IFSAC or Pro Board); Hazardous Materials Awareness Professional Certification (IFSAC or Pro Board); Non-Expired First Aid (front and back); Non-Expired CPR (front and back)			
Required Textbook(s):	<i>FEMA National US&R Response System, "Structural Collapse Technician; Urban Search & Rescue Field Operations Guide (FOG), 6th Edition; Technical Rescue for Structural Collapse, IFSTA, 1st Edition; see page 24 for additional information.</i>			
Required Equipment:	Helmet with chin strap, Eye Protection (face-shield not acceptable), Work Clothing or Coveralls, Leather Gloves, Work Shoes/boots			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 600.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 1200.00
Course Meets: October 9 thru 20, 2023 Mon thru Fri 8AM-5PM (NO CLASS Sat/Sun) Preregistration Deadline September 25, 2023	FSC #: 1440.500		Locations: Bucks County PSTC, Doylestown	
Trench Rescue Awareness	4.0	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	This course is designed to introduce the students to the knowledge of how to identify hazards commonly associated with trench emergencies. This course will cover several action alternatives and tactical probabilities associated with trench rescue efforts. This course will present the actions that can be implemented prior to the arrival of a trained technical rescue team. Topics include case studies, collapse types, hazard control and identification, shoring overview, and initial response actions. This course emphasizes a safe and effective operation during trench emergencies.			
Prerequisites:	Age 16 and up, Basic training as an Emergency Responder			
Required Textbook(s):	Handouts will be provided			
Required Equipment:	Computer with audio/video capability and internet access			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 35.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 60.00
Course Meets: June 06, 2023 Tuesday 7PM-11PM Preregistration Deadline May 30, 2023	FSC #: 101.500		Locations: Conducted via Zoom Video instruction (per meeting dates)	

Rescue Programs and Certifications

Trench Rescue Operations I (TRRE)	16 Hours	DOH Con-ed Units	2.0 CPC : 3.5 Other
	This course will introduce the student to the knowledges and skills necessary to safely and effectively perform complex rescue operations in collapsed trench excavations. Course work will include practical drills and demonstration in simulated trench excavations.		
Prerequisites:	Age 16 and up, Basic training as an Emergency Responder <i>Recommended:</i> Confined Space Rescue (CSR) and Rope / High Angle Rescue 1 (RORE)		
Required Textbook(s):	Handouts will be provided		
Required Equipment:	Helmet with chin strap, Eye Protection (face-shield not acceptable), Work Clothing or Coveralls, Leather Gloves, Work Shoes/boots		
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>		\$ 0.00
	<i>Out of County (In State):</i>		\$ 130.00
	<i>Out of State (Non-PA Municipal Responders):</i>		\$ 230.00
Course Meets:	FSC #:	Locations:	
November 18 & 19, 2023 Sat/Sun 8AM-5PM Preregistration Deadline November 11, 2023	323.500	Bucks County PSTC, Doylestown	
Trench Technical Rescuer at the Awareness, Operations, and Technician Professional Certification (NFPA 1006)	48 Hours	DOH Con-ed Units	0.0 CPC: 0.0 Other
	This program is designed to enhance the student's ability to perform critical skill sets to meet the intent of NFPA 1006 Chapter 11 Trench Technical Rescuer at the Awareness, Operations, and Technician levels. During this course, students will review trench extrication theories, shoring techniques, and challenges to accurately and safely execute the skill sets required for professional certification. Topics include: rescue incident management, trench configuration and soil types, extrication strategies and tactics, resource management, stabilization and shoring systems, hazard identification and control, shoring panel construction, technical rescue equipment identification and application, patient removal methods and selection criteria, basic patient care, packaging, and removal, basic and advanced shoring techniques, and applicable OSHA and NFPA laws and standards. This course is designed for the experienced rescuer with a strong working knowledge of technical rescue in accordance with NFPA 1006 and 1670. The course is designed to prepare the rescuer for professional certification testing (written and skills) in accordance with NFPA 1006 Trench Rescue.		
Prerequisites:	Age 18 and up; Rope Technical Rescuer Awareness and Operations Levels Professional Certification (IFSAC or Pro Board); Hazardous Materials Awareness Professional Certification (IFSAC or Pro Board); Non-Expired First Aid (front and back); Non-Expired CPR (front and back)		
Required Textbook(s):	<i>Jones & Bartlett, Trench Rescue: Awareness, Operations, Technician 3rd Edition; see page 24 for additional information.</i>		
Required Equipment:	Helmet with chin strap, Eye Protection (face-shield not acceptable), Work Clothing or Coveralls, Leather Gloves, Work Shoes/boots		
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>		\$ 0.00
	<i>Out of County (In State):</i>		\$ 300.00
	<i>Out of State (Non-PA Municipal Responders):</i>		\$ 650.00
Course Meets:	FSC #:	Locations:

Rescue Programs and Certifications

Water Rescue & Emergency Response (WRER) “PA Boat & Fish Commission”	16.0 Hours DOH Con-ed Units 0.0 CPC: 0.0 Other
	The program goals are to familiarize the rescuer with the proper procedures used in basic water safety and safe boat handling; have the rescuer demonstrate a proficiency in water rescue relative to individual capabilities; and provide the rescuer with competency in dealing with on-the-water emergencies. Planning for water emergencies, dynamics of moving water, medical conditions, personal safety and fundamental rescue techniques (self and Shore based).
Prerequisites:	Age 18 and up, Able to swim and meet PFBC Swim Standard Guidelines
Required Textbook(s):	Handouts will be provided
Required Equipment:	U.S. Coast Guard approved type V personal flotation device (PFD) which includes two (2) locking carabiners, light source, and cutting device; properly outfitted water rescue helmet; gloves; and Water Rescue Boots or similar protective footwear. A Dry Suit is highly recommended.
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i> \$ 0.00
	<i>Out of County (In State):</i> \$ 110.00
	<i>Out of State (Non-PA Municipal Responders):</i> \$ 210.00
Course Meets:	FSC #: Locations:
May 20 & 21, 2023 Sat/Sun 8AM-5PM Preregistration Deadline May 13, 2023	446.500 Bucks County PSTC, Doylestown
Water Rescue: Advanced Line Systems Rescue (ALSR) “PA Boat & Fish Commission”	16.0 Hours DOH Con-ed Units 0.0 CPC: 0.0 Other
	Advanced Line Systems Rescue course trains rescue personnel in complex rescue systems that expose personnel to potentially life threatening hazards. These systems should only be used when lower risk options have been exhausted and when the team has the training, equipment, and skills to utilize these techniques. The systems taught in the course require rescue personnel to; select the appropriate system or technique for the situation, establish and operate the system, effect the rescue or recovery, and swimming skills proficiency.
	Classroom and practical hands-on training includes: static line systems rescues such as the moveable control point (MCP), 3:1 mechanical advantage (also known as z-drag or z-rig) and zip line (tension diagonal). Tethered rescuer techniques using Type V rescue personal flotation devices (PFD) are also addressed.
Prerequisites:	Age 18 and up, Water Rescue & Emergency Response (WRER)
Required Textbook(s):	Handouts will be provided
Required Equipment:	U.S. Coast Guard approved type V personal flotation device (PFD) which includes two (2) locking carabiners, light source, and cutting device; properly outfitted water rescue helmet; gloves; and Water Rescue Boots or similar protective footwear. A Dry Suit is highly recommended.
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i> \$ 0.00
	<i>Out of County (In State):</i> \$ 110.00

June 15 thru July 10, 2023	762.506	Conducted via Canvas LMS
July 15 thru August 10, 2023	762.507	Conducted via Canvas LMS
August 15 thru September 10, 2023	762.508	Conducted via Canvas LMS
September 15 thru October 10, 2023	762.509	Conducted via Canvas LMS
October 15 thru November 10, 2023	762.510	Conducted via Canvas LMS
November 15 thru December 10, 2023	762.511	Conducted via Canvas LMS
December 15, 2023 thru January 10, 2024	762.512	Conducted via Canvas LMS

The course is a self-paced or asynchronous delivery through Canvas, our LMS, that runs the 15th of every month and ends on the 10th of the following month. Registration deadline is the 5th of the month you want to take the course.

For Professional Certification (ProBoard) you must attend a [Hazardous Materials Awareness Professional Certification Challenge](#). If you have additional questions please contact the Certification Department at PSCertification@bucks.edu.

Hazardous Material Programs & Certifications

Hazardous Materials Awareness Level Refresher Online	2	Hours	DOH Con-ed Units	0.5 CPC : 0.5 Other
	This course is offered via asynchronous delivery online to the First Responders who have had the Hazardous Materials Awareness Level 472 and/or 1072 course. The student will learn and adapt the knowledge and skill requirements for effective scene and response management. The goal of this program is to provide the First Responder with the training needed to comply with NFPA 1072 Competencies for the First Responder at the Awareness Level, and 29 CFR 1910.120 OSHA's Hazardous Waste Operations and Emergency Response, (HAZWOPER), First Responder Awareness Level. This program is designed to refresh the first responder to the necessary skills to handle hazardous materials emergencies.			
Prerequisites:	Age 14 & up, Hazardous Materials Awareness Training			
Required Textbook(s):	Materials provided in learning space <i>**Recommended Published Text for Certification: Jones & Bartlett, Hazardous Materials Awareness and Operations 2nd Edition; see page 24 for additional information.</i>			
Required Equipment:	Computer with Internet Access			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 25.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 40.00

Course Available:	FSC #:	Locations:
January 15 thru February 10, 2023	763.501	Conducted via Canvas LMS
February 15 thru March 10, 2023	763.502	Conducted via Canvas LMS
March 15 thru April 10, 2023	763.503	Conducted via Canvas LMS
April 15 thru May 10, 2023	763.504	Conducted via Canvas LMS
May 15 thru June 10, 2023	763.505	Conducted via Canvas LMS
June 15 thru July 10, 2023	763.506	Conducted via Canvas LMS
July 15 thru August 10, 2023	763.507	Conducted via Canvas LMS
August 15 thru September 10, 2023	763.508	Conducted via Canvas LMS
September 15 thru October 10, 2023	763.509	Conducted via Canvas LMS
October 15 thru November 10, 2023	763.510	Conducted via Canvas LMS
November 15 thru December 10, 2023	763.511	Conducted via Canvas LMS
December 15, 2023 thru January 10, 2024	763.512	Conducted via Canvas LMS

The course is a self-paced or asynchronous delivery through Canvas, our LMS, that runs the 15th of every month and ends on the 10th of the following month. Registration deadline is the 5th of the month you want to take the course.

Hazardous Material Programs & Certifications

Hazardous Materials Awareness Professional Certification Challenge (NFPA 1072)	2	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	The written examination measures the cognitive skills of the Hazardous Materials Awareness Level and will follow guidelines set forth in accordance with the policies and procedures of the Bucks County Community College. The examination will be randomly generated and consist of thirty (30) questions. A score of 70% or above shall constitute a passing grade for the candidate.			
Prerequisites:	Age 14 and up, Hazardous Materials Awareness Training			
Required Textbook(s):	<i>Jones & Bartlett, Hazardous Materials Awareness and Operations 2nd Edition; see page 24 for additional information.</i>			
Required Equipment:	None			
Cost of Course:	Bucks County / TMP Option Silver or Gold:			\$ 0.00
	Out of County (In State):			\$ 25.00
	Out of State (Non-PA Municipal Responders):			\$ 50.00
Course Meets:	FSC #:	Locations:		
February 26, 2023 Sun 8AM-10AM Preregistration Deadline February 19, 2023	917.600	Lower Bucks PSTC, Croydon

For Professional Certification (ProBoard) you must attend both a Hazardous Materials Operational Core Competencies with Product Control and PPE Mission Specific Competencies Written Examination Challenge (NFPA 1072) and Hazardous Materials Operational Core Competencies with Product Control and PPE Mission Specific Competencies Professional Certification Practical Skills Challenge (NFPA 1072) . If you have additional, questions please contact the Certification Department at PSCertification@bucks.edu .				

Hazardous Material Programs & Certifications

Hazardous Materials Core Operations with Personal Protective Equipment and Product Control Mission Specific Competencies Professional Certification Practical Skills Challenge (NFPA 1072)	8	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
	Practical evaluations are intended to measure the manipulative skills of the Hazardous Materials Operations and will follow guidelines set forth in accordance with the policies and procedures of the Bucks County Community College. The agency is capable of testing 100% of the practical objectives; however, the examination will only test a randomly pre-selected percentage of the total Hazardous Materials Operational Core and Mission Specific skills. A score of 100% shall constitute a passing grade for the candidate. A copy of all the practical skill stations is provided with confirmation letter sent out prior to testing.			
	See Hazardous Materials Core Operations with Personal Protective Equipment and Product Control Mission Specific Competencies Written Examination Challenge (NFPA 1072) for information on the written exam dates and times.			
	Testing DOES NOT stop for lunch. You should bring lunch and/or snacks as well as water or other hydrating beverages.			
Prerequisites:	Age 16 and up, Hazardous Materials Awareness Professional Certification, Hazardous Materials Core Operations Level with Personal Protective Equipment and Product Control Mission Specific Competencies Training			
Required Textbook(s):	Jones & Bartlett, Hazardous Materials Awareness and Operations 2 nd Edition; see page 24 for additional information.			
Required Equipment:	Turn out gear and SCBA			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 150.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 300.00
Course Meets:	FSC #:	Locations:

Hazardous Material Programs & Certifications

Hazardous Materials Incident Commander (NFPA 1072)	40	Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
<p>This is an advanced course which will give the student the ability to function safely and effectively as an Incident Commander in an area exposed to a hazardous material release to meet the requirements defined by 29 CFR 1910.120. Subjects to be covered include site safety procedures, personal protective equipment selection, containment techniques, response strategies, decontamination selection and strategies, incident management system, and skills evaluation through integrated exercises. This course is tested to NFPA 1072 Standard, to the Hazardous Materials Incident Commander Level through the ProBoard. Successful completion of the program requires proficiency demonstration in written/delivery practical skills and a multiple-choice examination.</p> <p><i>This certification can earn you 3 credits towards your Fire Science Degree or Academic Certificate through Bucks County Community College, see page 95 for more information.</i></p> <p>NOTE: Certification Written Examination will be conducted outside of the listed sessions for virtual courses and during the course for face to face courses. During the class you will be provided with specific information on how to coordinate the written exam at our facilities, a pre-determined test site within PA, or a third party approved site inside or outside of PA. The student may be responsible for any third-party agency testing fees if applicable.</p>				
Prerequisites:	Age 18 and up, Hazardous Materials Core Operations Level (NFPA 472 or 1072) Professional Certification			
Required Textbook(s):	<i>Jones & Bartlett, Hazardous Materials: Managing the Incident 4th Edition plus the Field Operations Guide for the text; see page 24 for additional information.</i>			
Required Equipment:	Computer with audio/video capability and internet access.			
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>			\$ 0.00
	<i>Out of County (In State):</i>			\$ 150.00
	<i>Out of State (Non-PA Municipal Responders):</i>			\$ 500.00
Course Meets:	FSC #:	Locations:		
March 7, 9, 14, 16, 18, 21, 23, 25, 28, & 30, 2023 Tues/Thurs 7PM-10PM & Sat 8AM-11AM and 12PM-3PM Preregistration Deadline February 28, 2023	795.500	Conducted via Canvas LMS which includes Zoom Video instruction (per meeting dates)		
October 23, 25, 27, 30, November 1, & 3, 2023 Mon/Wed/Fri 8AM-11AM and 12PM-3PM Preregistration Deadline October 16, 2023	795.501	Conducted via Canvas LMS which includes Zoom Video instruction (per meeting dates)		

Hazardous Material Programs & Certifications

Hazardous Materials Technician Professional Certification (NFPA 1072)	99.5 Hours	DOH Con-ed Units	0.0 CPC: 80.0 Other
<p>This course will give the student the ability to function safely and effectively in an area exposed to hazardous materials. Subjects to be covered include site safety procedures, personal protective equipment, containment techniques, atmospheric monitoring, chemical classification, decontamination procedures, incident management systems, and integrated exercises.</p> <p>This program consists of a written test and practical skills stations. The testing meets the intent of 29 CFR 1910.120 and NFPA 1072. Subjects to be tested include ICS, command and control, resource management, hazmat basic chemistry, decon, containment procedures, instrumentation, toxicology, medical surveillance, documentation, tactical benchmarking, and terminating the incident.</p> <p><i>This certification can earn you 3 credits towards your Fire Science Degree or Academic Certificate through Bucks County Community College, see page 95 for more information.</i></p>			
Prerequisites:	Age 18 and up, Hazardous Materials Core Operations Level (NFPA 472 or 1072) Professional Certification		
Required Textbook(s):	<i>Jones & Bartlett, Hazardous Materials: Managing the Incident 4th Edition plus the Field Operations Guide for the text; see page 24 for additional information.</i>		
Required Equipment:	Computer with audio/video capability and internet access. Recommended: Change of clothes, towel (kitchen size)		
Cost of Course:	<i>Bucks County / TMP Option Silver or Gold:</i>		\$ 0.00
	<i>Out of County (In State):</i>		\$ 600.00
	<i>Out of State (Non-PA Municipal Responders):</i>		\$ 1200.00
Course Meets:	FSC #:	Locations:	
September 11 thru 24, 2023 Mon thru Fri, Off first Sat/Sun, then Mon thru Sun 8AM-5PM Preregistration Deadline September 1, 2023	772.600	Lower Bucks PSTC, Croydon	

This course will conclude with Professional Certification for Hazardous Materials Technician Level (ProBoard). The written examination will be held at the end of class on the Friday September 22, 2023, followed by practical skills testing on Saturday September 23 and Sunday September 24, 2023 (if needed).

Hazardous Materials Safety Officer (NFPA 472)	24 Hours	DOH Con-ed Units	0.0 CPC : 0.0 Other
<p>Hazardous Materials/WMD incidents present specific and sometimes less obvious challenges to emergency response personnel. This program provides the Hazmat Technician with additional insight to these challenges and offers risk management strategies for maintaining safe operational practices throughout the various incident phases. Assessment, analysis, and planning are critical focus areas for this course. This course is tested to NFPA 472 Standard, to the Hazardous Materials Safety Officer Level through the ProBoard. Successful completion of the program requires proficiency demonstration in written/delivery practical skills and a multiple-choice examination.</p> <p>NOTE: Certification Written Examination will be conducted outside of the listed sessions for virtual courses and during the course for face to face courses. During the class you will be provided with specific information on how to coordinate the written exam at our facilities, a pre-determined test site within PA, or a third party approved site inside or outside of PA. The student may be responsible for any third-party agency testing fees if applicable.</p>

Course Meets:		FSC #:	Locations:	
May 22, 2023 Monday 7PM-11PM Preregistration Deadline May 15, 2023		1005.500	Conducted via Zoom Video instruction (per meeting dates)	

Training Requests

The Local Level Emergency Services Catalog (found on our website) can provide you with a list of courses available by completing the "Local Level Course Application" in the back of this catalog. The application should be submitted to the Bucks County Community College – Department of Public Safety Training and Certification to either the Doylestown Training Facility at 1760 South Easton Road, Doylestown, Pa 18901 or the Bristol Training Facility at 2912 River Road, Croydon, PA 19021. The application should be submitted at least **eight weeks** prior to the course starting date. This will allow sufficient time to contract instructors and forward course materials to the training site.

We recommend that you contact the instructor(s) to establish dates and times acceptable for both parties, before submitting the course application to the Public Safety Training Center. This will speed up the application process and ensure instructor availability. If you cannot locate an instructor or need assistance with processing the "Local Level Course Application", contact the Training Center and we will assist you.

Course Locations

Sessions are traditionally held at local emergency service stations where the necessary apparatus, tools, and equipment are available to the instructor and the class. Course locations and section numbers may be found on our website. Contact the Training Center for additional detailed information.

Instructor Credentials

Instructors are selected from the list of certified state instructors approved by the Pennsylvania State Fire Academy. Each instructor must meet the Pennsylvania State Fire Academy instructor requirements for each course taught. Bucks County Community College must contract all instructors, including assistants, prior to their teaching of a course.

Travel expenses may be the responsibility of the sponsoring agency if the instructors assigned to teach the course did NOT receive approval for travel expenses by Bucks County Community College.

Student Responsibilities

Students are responsible for the material presented in each class. It is each student's responsibility to make up assignments and attendance in a course as required. Individual student requirements and conduct shall be in accordance with established Pennsylvania State Fire Academy and Bucks County Community College policies as stated by the instructor at the beginning of class. Students will be removed from class if they are in violation of these established policies. Tuition, lunch, and facility use fees (where applicable) will **NOT** be refunded to the student or their sponsoring organization.

College Programs and Credit Opportunities

The Bucks County Community College offers over 80 academic programs of study. To add additional value to our Public Safety Training and Certification Program, an extensive evaluation of our credit and non-credit programs was completed to allow for the maximum amount of prior learning assessment (PLA) credits to be awarded. A number of other PLA credit opportunities also exist for different FEMA courses, and both National Registry or State Issued DOH Certifications (EMR, EMT-B, & EMT-P). Because of this evaluation, Bucks County Community College has aligned specific Industry/Professional Certifications with its Fire Science and Emergency Management Degrees and Academic Certificate Programing. *(NOTE: To be awarded PLA credits you must be enrolled and complete an academic semester in a program of study at Bucks County Community College that requires the courses outlined in these offerings.)*

The following programs have all been designed to be completed online (with the exception of Fire Investigation 1 & 2 and an Internship, if required or elected), align with FESHE requirements, Industry/Professional Certifications, and in the case of both degrees Accredited through IFSAC's Degree Assembly. More information on each of the programs can be found at the following links below or by contacting the Program Coordinator at Earl.Freese@bucks.edu.

Associates in Fire Science

The Associates of Arts in Fire Science program consists of a minimum of 61 credits. Upon successful completion of the program, a graduate will be awarded an associate of arts degree.

Found at: <http://www.bucks.edu/catalog/majors/business/fire/>

Academic Certificate in Fire Science

The Academic Certificate in Fire Science program consists of a minimum of 31 credits. Upon successful completion of the program, a graduate will be awarded an academic certificate.

Found at: <http://www.bucks.edu/catalog/majors/business/firesciencecertificate/>

Academic Certificate in Fire Prevention and Investigation

The Academic Certificate in Fire Prevention and Investigation program consists of a minimum of 34 credits. Upon successful completion of the program, a graduate will be awarded an academic certificate.

Found at: <http://www.bucks.edu/catalog/majors/business/firepreventioninvestigation/>

Associates in Emergency Management

The Associates of Arts in Emergency Management program consists of a minimum of 62 credits. Upon successful completion of the program, a graduate will be awarded an associate of arts degree.

Found at: <http://www.bucks.edu/catalog/majors/business/emergencymanagement/>

Academic Certificate in Emergency Management

The Academic Certificate in Emergency Management program consists of a minimum of 38 credits. Upon successful completion of the program, a graduate will be awarded an academic certificate.

Found at: <http://www.bucks.edu/catalog/majors/business/emergencymanagementcertificate/>

College Programs and Credit Opportunities

Courses offering PLA credits available in this Catalog:

Fire Company Officer 3 (NFPA 1021) ProBoard/IFSAC Professional Certification FRSC-208: Principles of Fire & Emergency Services Administration	3 credits
Fire Fighter 1 (NFPA 1001) ProBoard/IFSAC Professional Certification FRSC-100: Introduction to Fire Science	3 credits
Fire Inspector 2 (NFPA 1031) ProBoard/IFSAC Professional Certification FRSC-104: Fire Prevention and Code Enforcement	3 credits
Fire Investigator (NFPA 1033) ProBoard/IFSAC Professional Certification FRSC-206: Fire Investigation I FRSC-216: Fire Investigation II	3 credits 3 credits
Hazardous Materials Technician or Hazardous Materials Incident Commander (NFPA 472/1072) ProBoard/IFSAC Professional Certification FRSC-202: Hazardous Materials	3 credits
Health and Safety & Incident Safety Officer (NFPA 1521) ProBoard/IFSAC Professional Certification FRSC-209: Occupational Safety & Health for Emergency Services	3 credits
Plans Examiner 2 (NFPA 1031) ProBoard/IFSAC Professional Certification FRSC-214: Fire Plans Review	3 credits
Public Fire and Life Safety Educator 2 (NFPA 1035) ProBoard/IFSAC Professional Certification FRSC-210: Fire and Life Safety Education	3 credits

Additional PLA is also available for EMR, EMT, Paramedic, and various FEMA courses

Firefighters who desire to begin or finish a college degree program should consider attending a local community college, securing an Associate Degree and then pursuing a Bachelors program through Bucks County Community College offers a convenient program at a reasonable cost.

Articulation Agreements, formal and informal, are available to different four-year universities to allow for smooth and easy transition to complete your Bachelors and in some cases fast track to a Masters at the same time.

Expectations of Firefighter Candidates

Always be ready
Take pride in your firehouse and apparatus
Make sure your gear is ready at all times
Look out for every member
Be combat ready for every call
Know your job
Finish the job
Uphold the company pride
Always represent the company with honor and professionalism
Respect those that came before you
Improve every bad habit
Learn all of the time (never stop learning)
Teach someone something
Don't be afraid to make a mistake
Admit mistakes and learn from them
Be the best
Never accept failure
Don't get lazy
