Elective	6	<i>Seek advisement – see contact information</i>	6
<b>TOTAL BUCKS CREDITS</b>	<b>60</b>	<b>TOTAL CREDITS TRANSFERABLE</b>	<b>60</b>

**Bucks-La Salle Dual Admission Students:** Please refer to the Dual Admission application for eligibility requirements. Students interested in applying to La Salle through the Dual Admission program must sign the Dual Admission Application before completing 45 college-level credits. The Dual Admission Agreement includes a Core-to-Core component. Under the Dual Admission agreement, La Salle University’s Core will essentially be fulfilled by the Core at Bucks County Community College. In order to meet the requirements of La Salle’s Core, students must take **CORE Qualifiers** – one Philosophy course, one Religion course – at La Salle if they have not taken courses at Bucks that will fulfill these requirements. See recommendations on the reverse side under “Advising Notes Related to Core Qualifiers” for which specific Bucks courses will fulfill these requirements.

**Non-Dual Admission students** who transfer to La Salle University will be required to meet the complete La Salle Core, which includes two Religion courses, two Philosophy courses and one Computer Science course, among others. The courses recommended on this Transfer Guide will better prepare students for transfer to La Salle University.

La Salle will accept credit on a case by case basis earned through one of the following sources: the College Level Examination Program (CLEP), the Defense Activity for Non-Traditional Education Support Program (DANTES) and in accordance with the recommendations of the American Council on Education (ACE).

*\* When equivalent courses are worth different credit amounts, the course will be satisfied and the amount of credit earned will transfer.*

**IMPORTANT NOTES ON OTHER SIDE**

**Bucks County Community College (Bucks) & La Salle University  
Transfer Guide for MATHEMATICS (1006) (A.S.) at Bucks  
to MATHEMATICS (B.A.) at La Salle University**

**Advising Notes Related to Core Qualifiers – For Dual Admission Students:**

- 1) If students choose to take PHIL125 it will satisfy the **Arts/Humanities** requirement for this major, and also meets the Philosophy Core Qualifier at La Salle. Any Philosophy (PHIL) course at Bucks satisfies La Salle's Philosophy Core Qualifier.
- 2) Religion courses at Bucks that satisfy La Salle's Religion Core Qualifier are HUMN120, HUMN121, HUMN122, HUMN125, HUMN127, HUMN128, and HUMN129.

**Advising Notes Related to Major Course Requirements:**

- 1) Of the 15 major-level courses required for a B.A. in Mathematics at La Salle, the following six should be completed at Bucks in order to finish in two years at La Salle, given a fall start term: MATH140, MATH141, MATH242, CISC115, MATH260, and MATH121. If a student chooses to take MATH250 Differential Equations for the **Mathematics Elective** it will satisfy MTH 322 Differential Equations, a major requirement at La Salle.
- 2) A student taking CISC115 at Bucks will receive credit for CSC280 and then be waived from the major-level requirement of CSM 154 at La Salle since there is no equivalent of CSM 154 at Bucks.
- 3) Both MATH140 and MATH141 should be taken at Bucks. While the combined content of 140/141 is equivalent to MTH 120/121 at La Salle, there are core topics in MTH 120 not covered in MATH140, making it impossible for a student to do MATH140 at Bucks and MTH 221 at La Salle.
- 4) Students have the option of taking CHEM121 or PHYS121 at Bucks to meet the requirements of this major. It is recommended that, in order to satisfy a requirement in the major at La Salle, students take PHYS121.
- 5) For the **Social Sciences** requirement, it is recommended that Non-Dual Admission students choose from: ECON111 Principles of Economics: Macro, POLI111 American National Government, PSYC110 Introduction to Psychology and SOCI110 Introduction to Sociology to fulfill part of La Salle's School of Arts and Sciences Core requirements.
- 6) For the general **Electives**, please note that pre-college level courses do not meet this requirement. Please seek advisement on course selection and transferability.

**Additional Notes:**

- 1) The maximum number of credits that a student may transfer to La Salle is 70. Additional courses beyond the Associate degree can be taken at Bucks to meet program requirements at La Salle.
- 2) Students are strongly advised to use this guide with the assistance of Transfer Services at Bucks. The information in this transfer guide is subject to change. Therefore, students are advised to check periodically with Transfer Services for up-to-date information and to contact the Assistant Dean at La Salle, listed below, for advisement on major requirements that can be taken at Bucks. Following this guide does not guarantee the transfer of credit or admission to La Salle University. **A transfer student must complete at least half the major courses at La Salle.**
