Notes:

1. To ensure students are eligible to transfer under the terms to Temple's GenEd-to-GenEd agreement, they must complete a mathematics course equivalent to Temple's QA/QB level math. Courses that satisfy this requirement include: MATH 115, 116, 117, 118, 120, 125, or 140. Students who transfer without the recommended Mathematics courses will be required to complete Temple's 45+ General Education requirements and will require additional time to degree completion.
2. Any foreign language may be taken except American Sign Language.
3. For certification, the Pennsylvania Department of Education requires a minimum number of credits in the areas of Social Studies, Mathematics, Science and Language Arts. It is recommended that students select from the recommended courses to meet these minimum requirements.
4. To see how Bucks courses might transfer consult Temple's Transfer Equivalency Tool: http://admissions.temple.edu/transfer-equivalency-tool.
