**Merit awards for transfer students range from \$5,000 per year to \$16,000 per year. This scholarship is called the Visionary Women's Honors Program.**
4. Can a transfer student with an associate degree normally expect to receive the baccalaureate degree in two years?  
**It depends completely on what their transferable coursework is, but it is possible. We evaluate each credit course an accepted transfer student has taken, to award credit for a comparable required course for their degree at Moore, or for elective credit. Students must receive a C or higher in the course to be awarded transfer credit, and must show coursework completed in any studio art classes to be considered for transfer credit. If a student is interested in transferring, it will be most beneficial for them to contact us ASAP so I can advise what courses Bucks offers that are likely to transfer.**
5. Can a transfer student complete baccalaureate programs on an evening schedule? If so, in what programs?  
**There are very few evening courses offered, students should expect their classes to happen between Mon-Fri 9am-5pm.**
