STEP 3 – Install the Proctorio Chrome Extension prior to test day

ATI remote testing requires that the user install the Proctorio Chrome Extension, which can be downloaded either before attempting to access an assessment (recommended) or at the time of the assessment. **Note:** You must use the Google Chrome browser to complete this process.

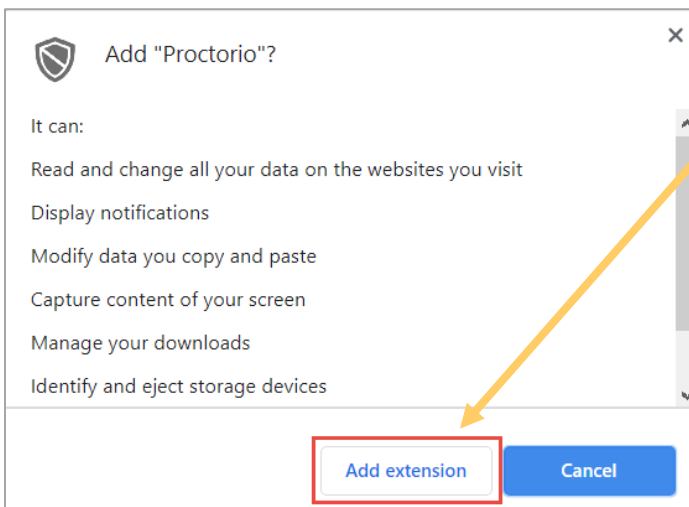

Navigate to the Proctorio *Chrome Extension* page either by:

- Entering the URL (<https://getproctorio.com/>) into the Chrome browser's address bar
- Opening your assessment card on the **MY ATI > TEST** tab.

On the Chrome Web Store, click **Add to Chrome**.

Review the list.

Click **Add extension**. When the download is complete, you will receive notification that Proctorio has been added to Google Chrome.

STEP 4 – TEAS TEST DAY: Perform the pre-test checklist prior to exam start time

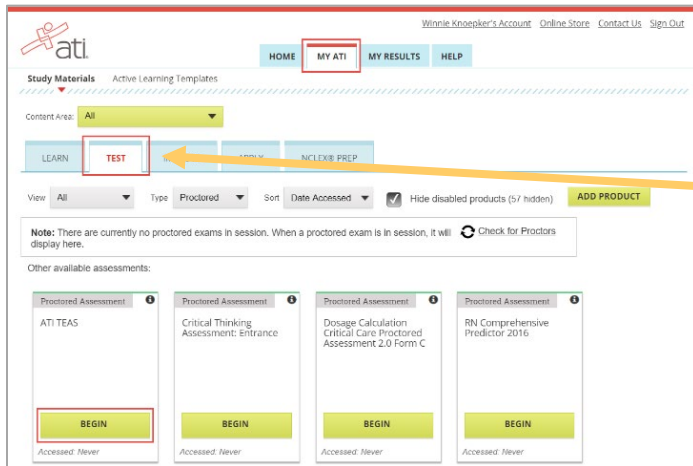

You must start your exam at the stated start time. We recommend you start this process 30 minutes prior to the start of your TEAS exam. If you do not start the exam within 30 minutes of the official start time, you will not be able to test. Exams will not be refunded or rescheduled due to late arrival.

- Make sure you are using a fully charged or plugged-in laptop or desktop computer with a webcam and microphone.
- Install Google Chrome and the Google Chrome Extension on your device. You **will not** be able to take the remote version of the ATI TEAS Exam with any other browser.
- Have a government-issued photo ID card available.

- Find a well-lit space and be ready for a room scan prior to the assessment. Check out this [exam environment guide](#) from Proctorio for helpful tips.
- Position your webcam from your shoulders up so that your face is fully visible.
- Prepare one piece of blank paper to be used during the exam. Please destroy the paper upon completion.
- Ensure that your internet speed is at least 0.5 - 1 Mbps. You can test your internet speed using www.speedtest.net.

Non-compliance with the above may invalidate your test attempt.

You should be able to proceed to the exam pre-checks regardless of these warnings. However, if you choose to proceed after these warnings, your test experience may not be optimal. Make sure you meet the system requirements before test day!

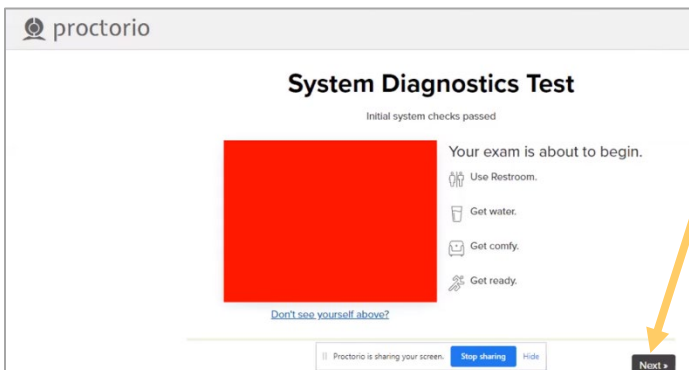

On the **System Diagnostics Test** screen, Proctorio checks your camera, microphone, internet, and computer. After the system has completed its checks, click **Next** at the bottom of the screen.
